3. Members participating in the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

CHAIRMAN's MESSAGE

Dear Shareholders,

On behalf of the Board of Directors, it is an honour to welcome you all to the 18th Annual General Meeting of the Company and I am glad to place the 18th Annual Report of Chennai Metro Rail Limited (CMRL) for the Financial Year 2024-25. The audited financial statements, the report of the Board of Directors and Statutory Auditors, along with the comments of the Comptroller and Auditor General of India thereon are placed before the Members.

Projects and Progress:

The Chennai Metro Phase I network of 54 kms has been in operation since February 2021. The Phase II of Chennai Metro Rail Project is under implementation for building additional lines of 118.9 km spanning over three corridors at an estimated cost of ₹ 63,246 Cr. The Board is happy to share that Government of India has approved the Chennai Metro Rail Phase II Project as 50:50 Centre and State equity model, giving a fillip to the execution of the project. In addition to the governments funding, the project is funded by bilateral/multilateral banks viz., Japan International Cooperation Agency (JICA), Asian Development Bank (ADB), Asian Infrastructure Investment Bank (AIIB), and New Development Bank (NDB). The loan agreements with JICA, ADB, AIIB and NDB have already been signed and effectuated in tranches.

Upcoming Projects:

Metro Rail Extension Corridors in Chennai City

The Government of Tamil Nadu has inaugurated the Intercity/Mofussil Bus Terminus at Kilambakkam to cater to the south-bound traffic from Chennai. To provide seamless connectivity to this terminus, CMRL has carried out detailed studies, including the Detailed Feasibility Report (DFR) and Detailed Project Report (DPR), for extending the existing Corridor 1 from Chennai Airport to Kilambakkam Bus Terminus (15.46 km). The DPR for this project is currently under consideration by the Government of India (GoI) for approval.

Recognising the growing importance of the transport sector in the overall development of the city and with the objective of enhancing the share of public transportation, the Government of Tamil Nadu (GoTN) has proposed to implement a Metro Rail system between Koyambedu and Pattabiram (Outer Ring Road) – 21.76 km. The DPR for this project is also under consideration by the GoI for approval.

Further, to ensure connectivity to the proposed Greenfield Airport at Parandur and the Intercity Bus Terminal at Kuthambakkam, the GoTN, in the Budget (2024–25), accorded approval for the preparation of a Detailed Project Report (DPR) for the Metro line between Poonamallee and Parandur (52.94 km). The DPR for the first phase of this project is presently under consideration by the GoI for approval.

Ridership and Revenue:

The total ridership during the financial year 2024-25 has improved to 10.61 crores from 9.71 crores in the financial year 2023-24. The average ridership per day has increased to 2.90 lakhs passengers during 2024-25 from 2.65 lakhs passengers per day during the previous year 2023-24. The ridership has witnessed an increase of 9% in year ending March 2025 when compared with the Financial Year 2023-24. The average passenger journey per day has reached 5.40 lakhs passengers during September 2025. Accordingly, Fare Revenue has grown by about 9% in 2024-25 when compared with 2023-24.

During special events like music concerts, IPL matches, Event tickets were integrated with metro AFC system for the seamless transportation of the public. In total, 82,123 passengers benefited with the event ticket integration during 2024-25. Extended train services (frequency and hours) have also been facilitated to cater to the demand and match timings during the IPL season.

Parking revenue:

Parking revenue collected at stations is ₹ 22.60 Cr in 2024-25 which is 7% higher than 2023-24 (₹ 21.08 Cr).

Property and Business Development Revenue:

The Non-fare box revenue plays a crucial role in optimising the operational income. The company has conceptualised the various revenue streams under 3 major categories, viz., Branding & Advertising, Real Estate Asset development and Telecom Infra & others. The Non-fare box revenue earned for the FY 2024-25 is ₹ 112.79 Cr, which is about 26.49% of total revenue.

Transition projects:

The special project works initiated by the company include Central Tower and the Multi-Modal Facility Complex at Broadway Bus Stand. These special projects have been handed over to the Chennai Metro Asset Management Limited, a Special Purpose Vehicle (SPV) floated with equal equity participation from CMRL and TIDCO for tapping the opportunities in the property development sector.

Awards and Achievements:

I take pleasure in stating that our company has been honoured with awards including Autodesk Imagine Awards 2024 under the design innovation in Infrastructure category for our outstanding efforts in Building Information Modelling (BIM) implementation, the GEEF Global Environmental Excellence Company of the year 2025 in Transport sector, the Green Tech Energy and Environment Awards 2025 for environmental protection and gender equality, the Best Construction Projects Awards 2025 for its achievements in the construction industry.

Board Changes:

I applaud the notable contribution of all Directors who have completed their tenure during the year.

Acknowledgement:

I express my sincere gratitude for the co-operation and support extended by various Ministries and Departments of the GoI and GoTN and the Bilateral/Multilateral funding agencies.

I also thank my fellow Board members for their insightful ideas and guidance which have aided the organisation in achieving continuous growth momentum by setting challenging benchmarks and congratulate the entire CMRL team for their exemplary efforts and meticulous approach, in serving the commuters of CMRL.

Last but not the least, I truly appreciate the valuable confidence reposed by the residents of Chennai and look forward to CMRL providing them world class public transport service, in the times to come.

Srinivas Katikithala
Chairman

DIRECTORS' REPORT

Dear Shareholders,

The Directors have pleasure in presenting the 18th Annual Report of the Company together with the Audited Statement of Accounts for the financial year ended March 31, 2025 and comments of the Comptroller and Auditor General of India, under Section 143(6) of the Companies Act, 2013. The entire Phase – I consists of 54 Kilometers (Km) of Metro network is operational now covering high dense areas and serving the commuters demands.

Financial Highlights:

Chennai Metro Rail Limited (CMRL) has an associate company Chennai Metro Asset Management Limited (CMAML) with 50% shareholding. During the financial year 24-25, as per Ind AS, consolidation of CMAML performance has been effected under equity method.

Following are the financial highlights:

I. Profit and Loss account (P&L):

The company has recorded the following financial performance for the year ended 31 March 2025 in comparison with the year ended 31 March 2024.

Details	2024-25 (₹ in Crores)	2023-24 (₹ in Crores)	% Inc. (Dec.)
Fare from Traffic Operations	312.86	286.27	9.29%
Property/Business Development Income	112.79	83.22	35.53%
Other Operational Income	125.03	26.73	367.75%

Depreciation & Amortization Expense	552.52	547.18	0.98%
Total Expenses - (E)	**1,197.67**	**1,130.70**	**5.92%**

Details	2024-25 (₹ in Crores)	2023-24 (₹ in Crores)	% Inc. (Dec.)
Profit/(Loss) Before Tax- (F= B-E)	**(1,002.76)**	**427.61**	**(334.50%)**
a) Remeasurement gain/(loss) of defined benefit obligations - Gratuity	(1.68)	(0.83)	102.41%
b) Share of Profit/(Loss) from its Joint venture	(1.19)		
Other Comprehensive Income - Total (G)	(2.87)	(0.83)	245.78%
Total Comprehensive Income - (H = F+G)	**(1,005.63)**	**426.78**	**(335.63%)**

Performance: The company registered an impressive growth of 9.29% and 35.53% over the previous year in fare-box revenue and property development respectively. Also, due to the weakening of Indian Rupee against Japanese yen and USD, there is an exchange loss of ₹ 428.89 crore. However, this is subject to fluctuations year on year.

II. Share Capital:

The authorised share capital of the company is ₹ 20,000 crore. The issued, subscribed and paid-up capital of the company as on 31 March 2025 is ₹ 13,730.82 crore with equal contribution from Government of India (GoI) and Government of Tamil Nadu (GoTN).

III. Subordinate Debt:

In addition to the equity, GoI and GoTN release on regular intervals, in line with the progress of the project, subordinate debt to meet out the specific expenses set forth in the MoU.

The total subordinate debt amounts to ₹ 3,482.36 crore for Phase –I, ₹ 804.27 crore for Phase – I Extension and ₹ 9,028.39 crore for Phase – II as of 31 March 2025. The subordinate debt contribution from GoI & GoTN are as given below:

Description	GoI	GoTN	Total
Phase-I	730.00	2,752.36	**3,482.36**
Phase-I Extension	205.00	599.27	**804.27**
Phase-II	537.82	8,490.57	**9,028.39**

IV. Pass through Assistance (PTA):

For the packages funded by bilateral and multilateral loan agencies, the method of funding is reimbursement of expenses by the respective agency. However, to meet out the spend, the funds are released by the governments as Pass Through Assistance (PTA).

Until Mar'25, the cumulative reimbursement from bilateral and multilateral loan agencies amounts to ₹ 18,571.68 crore (₹ 8,646.00 cr. for Phase I, ₹ 1,792.97 cr. for Phase - I extension and ₹ 8,132.71 cr. for Phase - II).

As at the end of the FY 24-25, the company has settled it's commitment towards cumulative principal repayment and Interest/front end fees/commitment fees of Japan International Cooperation Agency (JICA) loan of ₹ 1,779.57 crore and ₹ 1,337.69 crore respectively.

V. Funds Received:

Up to 31 March 2025, the company has received ₹ 18,379.92 crore, ₹ 3,961.27 crore and ₹ 28,868.04 crore for the Phase – I, Phase – I extension and Phase – II projects respectively. The company has also received, cumulatively, ₹ 2,836.11 crore towards the servicing the loan taken for Phase-I & Phase-I Extension.

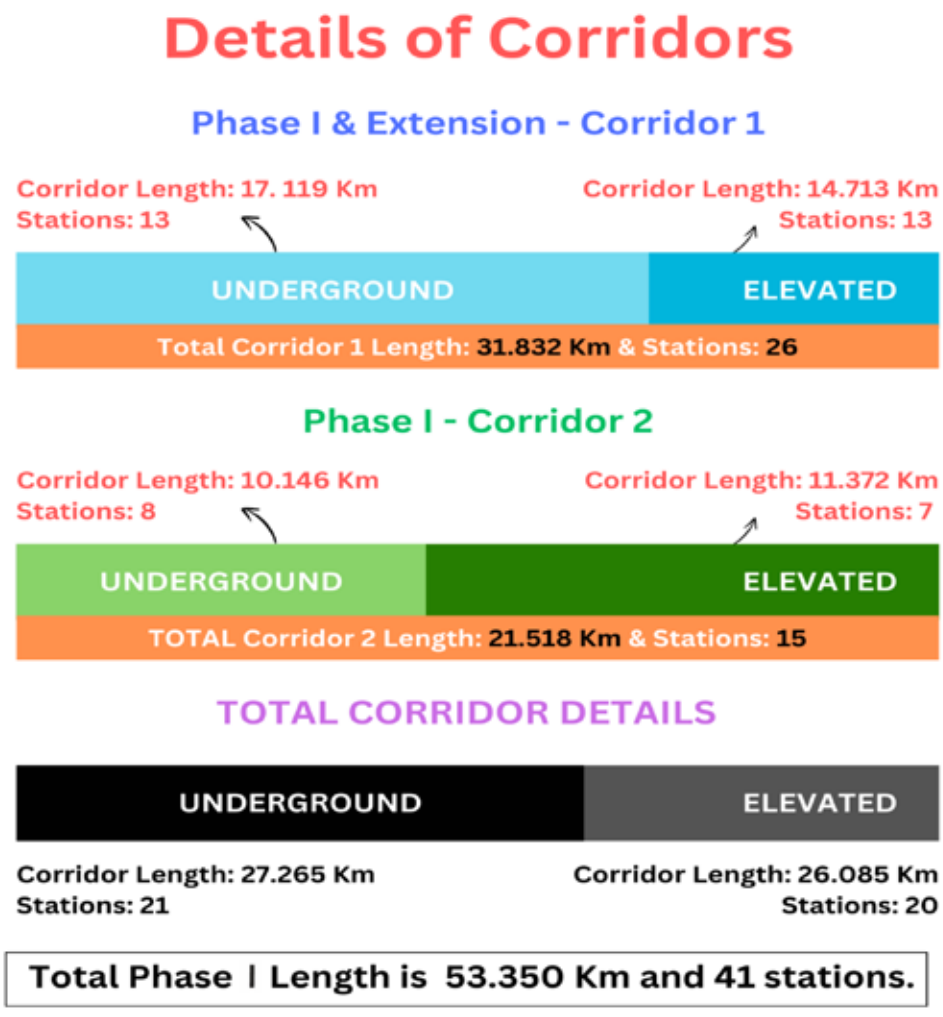

VI. Capitalisation:

Until March'25, the company capitalized ₹ 31,790.23 crore in Property Plant & Equipment (PPE) including ₹ 11,654.11 crore towards land and incurred ₹ 17,705.57 crore towards capital work- in-progress.

VII. Grant Received:

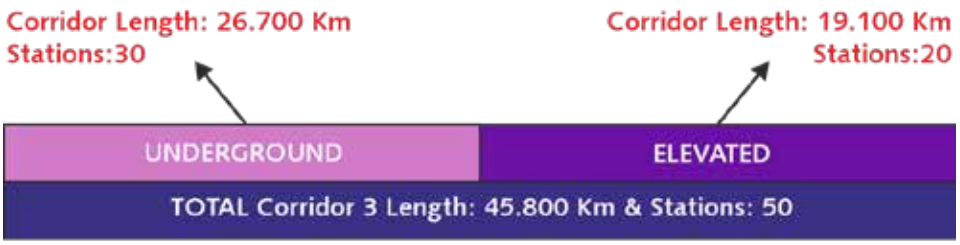

The Company has received a cumulative grant of ₹ 482.07 crore from GoTN both for Phase-I and Phase-I Extension projects towards state tax reimbursement.

Phase II - Corridor 4

Phase II - Corridor 5

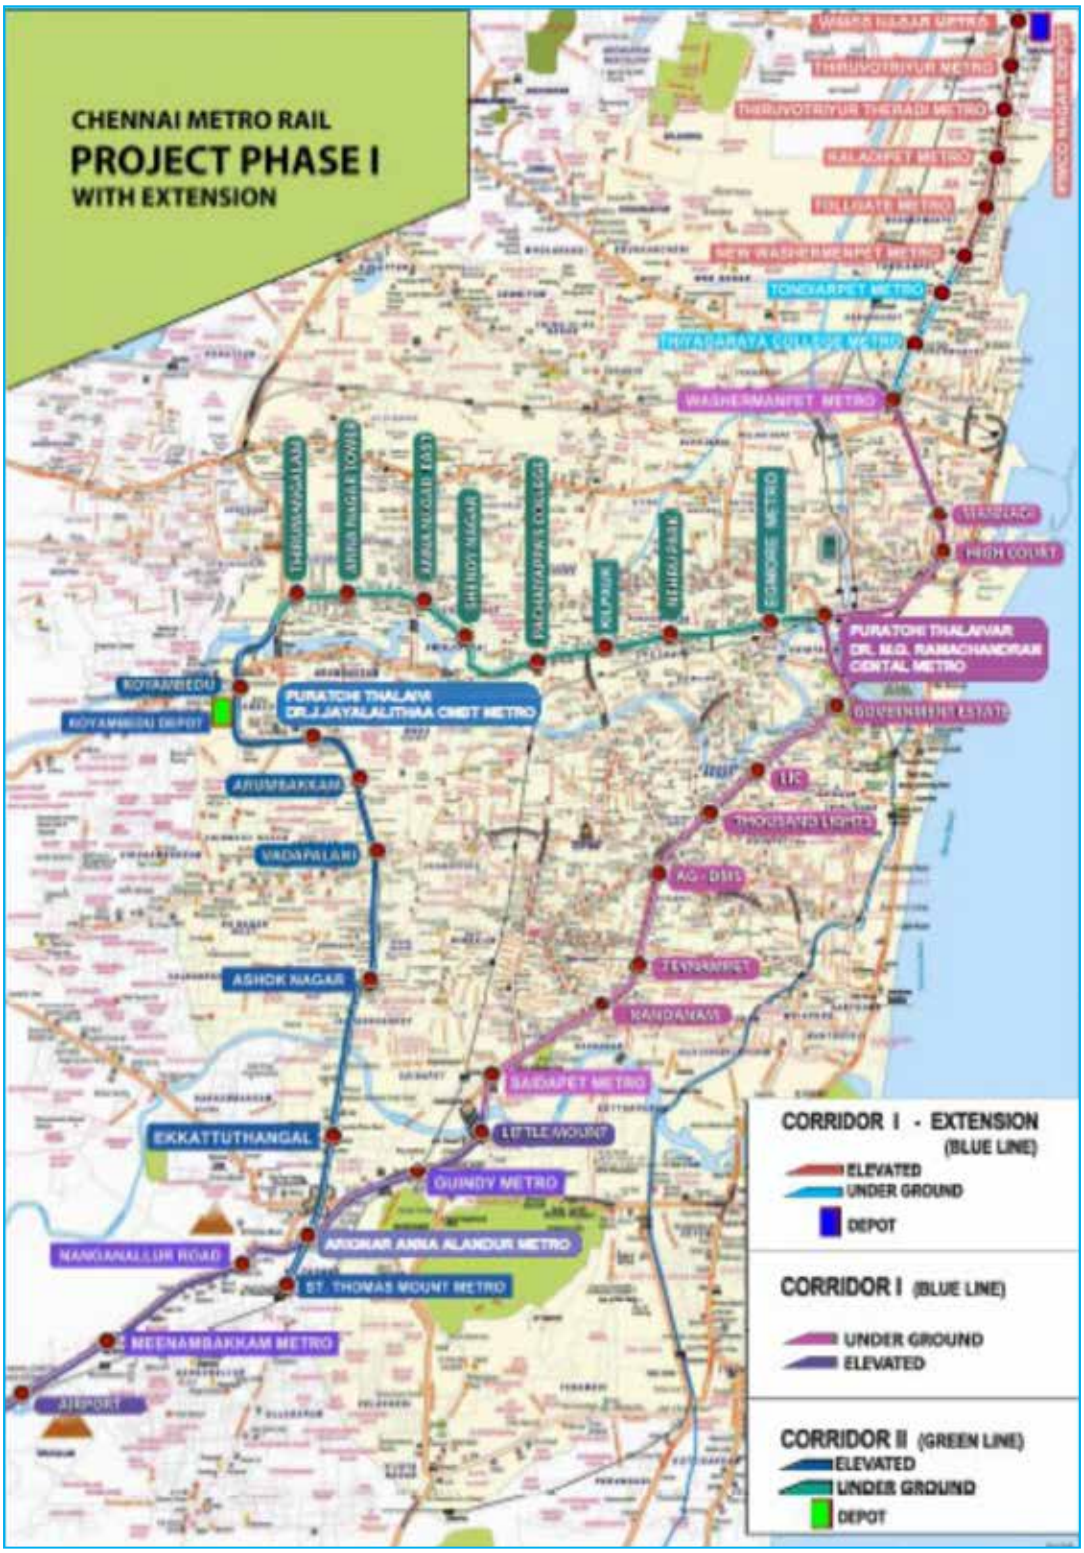

Corridor Length: 42.600 Km
Stations:48

Corridor Length: 76.300 Km
Stations:80

Total Phase II Length is 118.9 Km and 128 stations

PROJECT STAGING – PHASE I & PHASE I EXTENSION

The Chennai Metro Rail Project has been progressing steadily, showcasing significant advancements across various phases. The detailed overview of the project's current status, highlighting the achievements and ongoing efforts in different phases are as explained below:

Phase I of the Chennai Metro Rail Project

Phase I of the Chennai Metro Rail project encompasses a comprehensive network extending 45.046 kilometres. This phase is divided into two primary corridors:

Corridor I: Stretching from Washermenpet to the Airport, this corridor covers a distance of 23.085 kilometres.

Corridor II: Running from Chennai Central to St. Thomas Mount, this corridor spans 21.961 kilometres.

Commissioning of Phase I:

The commissioning of Phase I of the Chennai Metro Rail project was executed in a systematic, stage-wise manner, marking significant milestones in the city's transit infrastructure.

The first segment between Alandur and Koyambedu, was commissioned on 29th June 2015. This initial launch was a pivotal moment, introducing the city to a new era of elevated metro travel.

Progress continued with the inauguration of the first underground line, connecting Thirumangalam Metro Station to Nehru Park Metro Station, on 14th May 2017. This marked the beginning of a series of underground expansions, demonstrating the project's commitment to enhancing urban mobility.

A year later, on 25th May 2018, the metro network expanded further with the opening of two underground stretches. The segment from Nehru Park Metro Station to Chennai Central Metro

Station, and the section from Saidapet Metro Station to AG-DMS Metro Station, became operational, significantly enhancing connectivity across the city.

The inauguration of the underground stretch from AG-DMS to Washermenpet on the blue line was on 10th February 2019, which was the final stretch of Phase I. This completion of the 45-kilometre network under Phase I of the Chennai Metro Rail Project was a landmark achievement.

Phase I Extension:

Phase I of the Chennai Metro Rail project witnessed a significant expansion with the completion of the Phase I Extension, aimed at enhancing metro connectivity across the city's northern corridor.

This extension spans a length of 9.05 kilometres from Washermenpet to Wimco Nagar, comprising a total of 9 stations and an elevated depot. Of these stations, 7 are elevated, and the remaining 2 are underground, strategically positioned to maximize accessibility and convenience for commuters.

Commissioning of Phase I Extension:

The Phase I Extension from Washermenpet to Wimco Nagar commenced its commercial operation on 14th February 2021, marking a momentous occasion for Chennai's metro infrastructure. Initially opened to the public, with the exception of Thiruvottriyur Theradi Station and Wimco Nagar Depot Station, these final 2 stations were commissioned and made accessible on 13th March 2022.

PHASE – II

Phase II: Vision for Future Connectivity

Looking ahead, Phase II of the Chennai Metro Rail project promises an extensive network expansion, aiming to redefine urban mobility across the city.

Phase II is set to cover an impressive 118.9 kilometres of network, incorporating 128 stations across three distinct corridors:

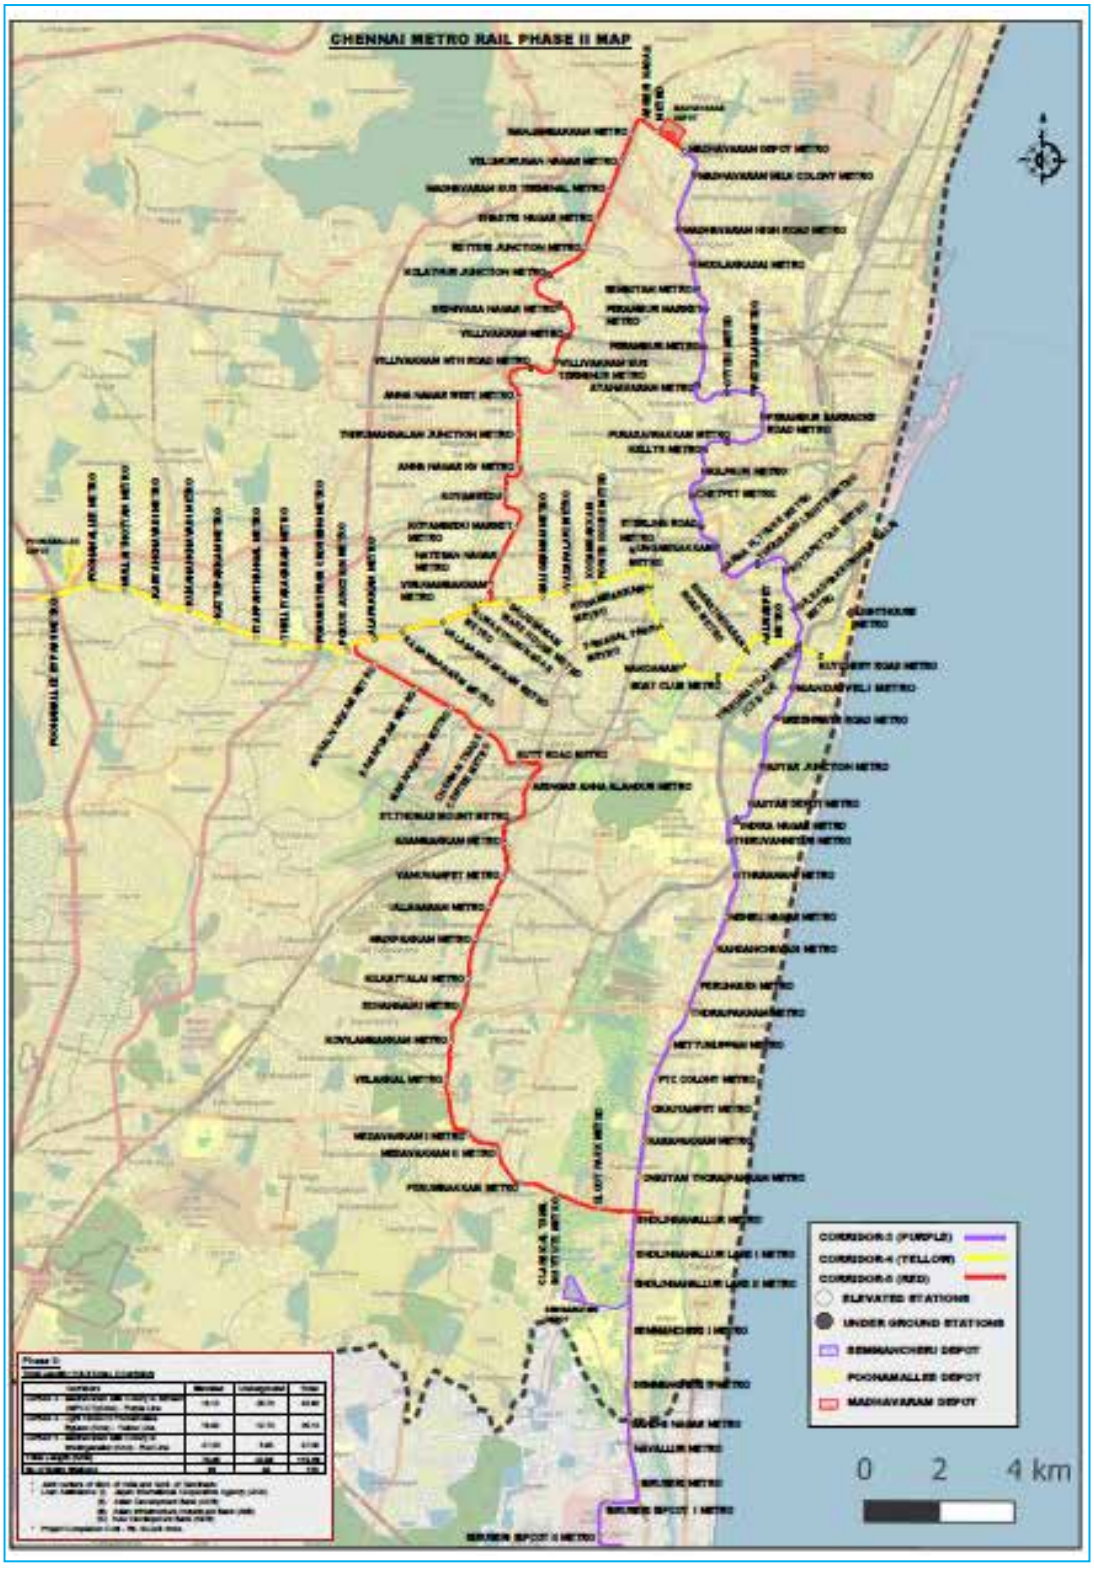

Corridor 3: From Madhavaram to SIPCOT (45.8 km)

Corridor 4: From Lighthouse to Poonamallee Bypass (26.1 km)

Corridor 5: From Madhavaram to Sholinganallur (47.0 km)

This ambitious phase is estimated to cost ₹ 63,246 crore (including IDC), underscoring its scale and importance in Chennai's infrastructure development. Phase II aims for completion by the end of 2028, paving the way for the enhanced connectivity and seamless travel experience for the passengers.

PROJECT MAP – PHASE II

Details about project

Corridors	Elevated (Km)	UG (Km)	Total Length (Km)
C-3 Madhavaram to SIPCOT	19.1	26.7	45.8
C-4 Lighthouse to Poonamallee Bypass	16.0	10.1	26.1
C-5 Madhavaram to Sholinganallur	41.2	5.8	47.0
Total Length			**118.9**

Corridors	Elevated (Nos)	UG (Nos)	Total Stations (Nos)
C-3 Madhavaram to SIPCOT	20	30	50
C-4 Lighthouse to Poonamallee Bypass	18	12	30
C-5 Madhavaram to Sholinganallur	42	6	48
Total Stations			**128 Nos**

Phase II DPR Approval:

The Phase II Development Project Report (DPR) for the Chennai Metro Rail Project has cleared significant milestones towards enhancing the city's metro connectivity and urban mobility.

Approval and Recommendations of Government of Tamil Nadu

The Government of Tamil Nadu (GOTN) accorded in principle approval for the three Metro Rail corridors spanning 118.9 kilometres under Phase II, during 2019, at an estimated completion cost of ₹ 69,180 crore.

Then, GOTN recommended the project to the Government of India (GoI) for funding support, proposing a 50:50 equity share and loan assistance from Bilateral/Multilateral agencies. This recommendation underscores the collaborative effort between the Centre and the State to bolster infrastructure development.

Approval of Government of India

The project underwent scrutiny at the Public Investment Board meeting on 17th August 2021, chaired by the Finance Secretary of the Government of India. It was categorized as a Central sector project, at a cost of ₹ 63,246 crores, under the equity sharing model, highlighting its national significance.

The **Union Cabinet** approved **Chennai Metro Rail Project – Phase II** on **October 3, 2024**, marking a major boost to Chennai's metro network **Phase II.**

The Government of India has approved the implementation of three Metro Rail corridors for a length of 118.9 Km under Phase-II project at a cost of ₹ 63,246 crores, on 18th Oct 2024, with the contribution in the form of equity & subordinate debt. The Memorandum of Understanding (MoU) between Government of India, Government of TamilNadu and the company was executed on 20th Dec 2024.

Pattern of Funding as approved in MoU:

Sources	Amount (₹ in Crore)	Percentage (%)
GoI – Equity	5,407.4	11.2
GoI – Subordinate Debt	2,017.5	4.2
GoI Share sub total	**7,424.9**	**15.4**
GoTN – Equity	5,407.4	11.2
GoTN – Subordinate Debt	2,017.5	4.2
GoTN Share sub total	**7,424.9**	**15.4**
Loan Assistance from Multilateral / Bilateral agencies	33,593.5	69.2
Sub Total	**48,443.3**	**100**
Subordinate Debt of GoTN for land, R&R, State Taxes and Others	13,339.4	
IDC for loan and Front End Fee by GoTN	1,403.7	
Total	**63,246.4**	

Status of External Finance Assistance:

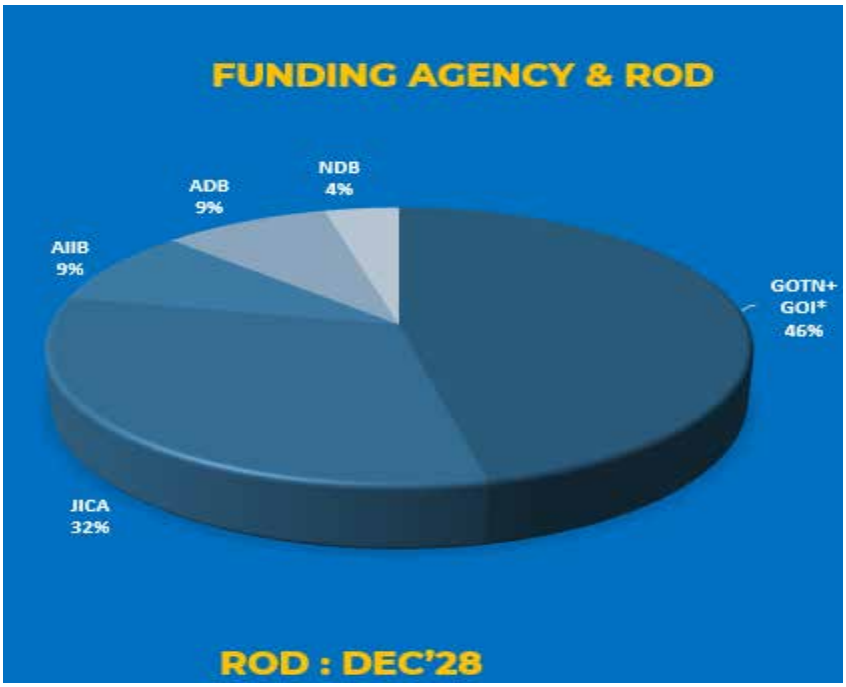

The external financial assistance for Chennai Metro Phase II Project is provided by Bi/Multilateral banks viz., JICA, ADB, AIIB and NDB. The status of funding is as follows.

i. Loan agreement signed on 21/12/2018 with Japan International Cooperation Agency (JICA). The total loan amount is 3,57,476 million Japan Yen. Tranche 1 Loan Agreement has already been signed and effectuated on 04/04/2019. Further, the second tranche of the loan was also signed on 31/03/2022.

ii. Loan assistance from Asian Development Bank (ADB) - 780.04 US Million Dollar - The loan agreement was signed on 29/12/2022 and the loan was effectuated on 21/03/2023 .

iii. Loan assistance from Asian Infrastructure Investment Bank (AIIB) – 795.42 US Million Dollar - Corridor 4 funding loan agreement was signed on 26/10/2021 and the loan effectuated on 23/11/2021. Balance Corridor 5 funding loan agreement was signed on 07/06/23 and effectuated on 28/06/23.

iv. Loan assistance from New Development Bank (NDB) – 346.72 US Million Dollar - Loan negotiation meeting was held on 04/11/2022 and the loan agreement signed on 14/07/2023 and the loan effectuated on 30/08/23.

PHASE II Project status

Progress of Phase II - Status up to July '25: (45.15%)

The preliminary phases, including comprehensive soil testing, have been successfully completed, while the Detailed Design Consultancy is nearing completion.

Tender Status:

Civil works are segmented into 24 packages, including track installations and already awarded, encompassing both civil and depot infrastructures. Out of 36 packages, consisting of system works, 27 have been awarded covering critical aspects such as signaling across all corridors, telecom for Corridor 4, rolling stock for Corridor 4, and various electrical and mechanical installations. The details of the awarded contract packages are:

S.No.	Package	Description	LOA	Contractor
1	ASA 04	C3, C4, C5 - Elevated and UG including Depot	03-Dec-22	Consortium (Unincorporated) of M/s. Hitachi Rail STS SPA and Hitachi Rail STS India Private Limited (HITACHI)

Corridor 3 - Madhavaram Milk Colony to SIPCOT Siruseri (38.82%):

This corridor stretches over 45.8-km from Madhavaram Milk Colony to SIPCOT Siruseri, spanning Chennai from north to south. It features 30 underground stations and 20 elevated stations.

Physical Progress (Elevated – 35.7%; Underground – 39.86%):

The development of Corridor 3 includes significant advancements in both elevated and underground sections, with notable achievements in tunneling and station construction.

Underground Progress from Madhavaram Milk Colony to Taramani:

Contracts for two tunnel sections covering 21-km from Madhavaram Milk Colony to Taramani have been awarded, with construction proceeding rapidly. This phase involves the use of 15 Tunnel Boring Machines (TBMs), which are being employed for the extensive underground tunnel network. These TBMs are repeatedly launched and retrieved from various shaft locations until completion. The TBM's are used in Corridor 3 named after Mountains and Rivers.

Tunnel Boring Machines (TBMs) in Use:

15 TBMs are currently operational, with ongoing segment erection. As of now both upline and downline together 15.60 km segment erection works are completed. Notably, for the period 2024-25 4.33 km segment erection completed including TBM breakthroughs were successfully achieved between Ayanavaram to Otteri, Greenways Road to Adyar (both upline and downline), and Chetpet South to Sterling Road (both upline and downline), using a total of five Tunnel Boring Machines (TBMs). In addition, seven TBMs launchings have been carried out from key stretches including Purasaiwakkam to Kellys, Madhavaram High Road to Moolakadai, Greenways Road to Mandaveli, Chetpet to Sterling Road, Chetpet to KMC, Royapettah to R.K. Salai, and Royapettah to Thousand Lights.

Progress on Underground Stations:

For the 30 underground stations, Utility Shifting, Guide wall and Diaphragm Wall (D'wall) construction is in progress, marking significant advancements in the foundational stages of these critical transit hubs.

For the period 2024-25, around **9900 RM of Diaphragm Wall (D-Wall)** construction has also been completed, forming essential retaining structures for station boxes, TBM launching/retrieval shafts and entry / exit structures.

Perambur-UG station aerial view

Progress of Elevated Corridor – from Nehru Nagar to SIPCOT Siruseri Metro

Construction activities for the 19-km long elevated viaduct, encompassing 19 stations from Nehru Nagar to SIPCOT Siruseri, are progressing steadily. Two contracts have been awarded for this segment, focusing on essential structural elements.

Achievements:

As of now, significant milestones include the completion of 4021 piles, 525 pile caps, 391 piers, and the erection of 376 U-girders. Additionally, ongoing activities at the casting yard involve the casting of U-girders and Pier Caps, crucial components for the viaduct's structural integrity.

This progress highlights the dedicated efforts towards enhancing Chennai's metro infrastructure, ensuring robust connectivity across key locations in the city.

Karampakkam Viaduct -Aerial View

Corridor 4: Lighthouse to Poonamallee Bypass (59.15%)

This east-west alignment spans 26.1 km, connecting Chennai's beachfront from Light House station to the Depot at Poonamallee. It includes 12 underground stations and 18 elevated stations.

Physical Progress: Elevated (ELE) – 75.79%, Underground (UG) – 37.90%

Progress of Underground Corridor – from Lighthouse to Kodambakkam Powerhouse: Two contracts for tunneling over a 10-km stretch, involving the construction of 9 underground stations from Lighthouse to Kodambakkam metro, are underway. Stations construction works are in progress.

Tunnel Boring Machines (TBMs): Four TBMs are deployed for Corridor 4, all operational and launched. Together, they have completed 7.01 km of segment erection works. Corridor 4 TBM's are themed around birds.

Light house station - Concourse excavation and slab work in progress

Kutchery road -Roof slab concreting work

Kutchery Tunnel

Progress of Elevated Corridor – from Kodambakkam Powerhouse to Poonamallee Bypass:

Two contracts cover a 16-km long elevated viaduct with 18 stations between Kodambakkam Powerhouse and Poonamallee Bypass.

A successful **trial run was completed on the Upline & Down line between Poonamallee Bypass and Porur Junction** and expected to be commissioned for public by Dec'25. Also, from Porur Junction to Vadapalani to be commissioned for public by June'26.

Thelliyagaram Station -Aerial View

Trial Run completed between Porur Junction to Poonamallee Bypass

Poonamallee Depot: The Poonamallee Depot under Phase II of the Chennai Metro Rail Project stands as a crucial hub for the maintenance and operational support of the expanding metro network. Managed by M/s ALTIS-VCL-JV, the depot project commenced on January 11, 2022, following the Letter of Award issued on October 20, 2021. Scheduled for completion within 1095 days, the depot covers an extensive area of 1,52,870.578 square meters.

The depot's infrastructure comprises 16 key components, including depot buildings strategically designed to support various operational needs. These structures include the Time & Security Office, Auto Coach Washing Plant, Administrative Block, Water Treatment Plant & Pump Room, Transmission Substation, Auxiliary Substation, Inspection Bay Shed & Warranty Store, Sewage Treatment Plant, Stabling Shed, Emergency Re-Railing Shed, Intensive Cleaning Space, Depot Store, and Cleaning Room.

Notably, the depot is equipped with specialized facilities such as 5 Repair Bay Lines, 4 Inspection Bay Lines, 14 Stabling Bay Lines, and 33 Turnouts. These features ensure comprehensive maintenance capabilities, accommodating the metro system's operational requirements efficiently.

The Poonamallee Depot represents a significant milestone in Chennai's metro infrastructure development, designed not only to enhance operational efficiency but also to support future expansions and ensure the reliability of metro services across the city. In terms of cumulative progress, 82% of the works have been completed at Poonamallee Depot, inclusive of all associated system components.

Corridor 5 – Madhavaram Milk Colony to Sholinganallur (42.63%)

This corridor spans 47-km from Madhavaram Milk Colony, passing through key areas like Koyambedu, Porur, and Alandur, and extends to Shollinganallur. It includes 6 underground stations and 42 elevated stations.

Physical Progress: Elevated (ELE) – 49.42%, Underground (UG) – 23.65%

Progress of Elevated Corridor – from Madhavaram Milk Colony to Sholinganallur: Three contracts cover a 41-km long elevated viaduct with 40 stations between Madhavaram Milk Colony and Sholinganallur. Construction activities are in full swing including construction of stations. The stretch between Madhavaram milk colony to Retteri and Anna nagar west to Koyambedu , Piling , Pile cap and U girder erectionns works are in full swing and around 58% of works are completed.

The Stretch between Koyambedu to Ullagaram around 51.23% constructions works are completed.

MIOT Level Deck slab Progress

The Stretch between Ullagaram up to Sholinganallur around 67.27% construction works are completed.

Progress of Underground Corridor - from Retteri to Villivakkam:

Diaphragm wall (D'wall) construction activities are currently underway at multiple locations along the corridor, including Kolathur junction, Kolathur Ramp, Srinivasan Nagar, Villivakkam Bus Terminus, and Villivakkam Metro stations. This phase involves the deployment of 4 Tunnel Boring Machines (TBMs), named Kurinji, Mullai, Marudham, and Neidhal respectively, to facilitate the excavation and construction process. Two TBM's are launched last year and segment erection works are in progress. As of now, 0.34-Km segment erection completed.

Underground Station Kolathur work in progress

Kolathur Station

Madhavaram Depot:

Around 70% of the overall works are completed at Madhavaram Depot: Administrative Building, Depot store, Inspection Bay are completed..

These developments mark substantial strides in advancing Chennai's metro infrastructure, enhancing operational capabilities and supporting the city's growing transit needs.

The Madhavaram Depot, integral to Phase II of the Chennai Metro Rail Project, is being constructed by M/s URC. Commenced on January 7, 2022, and scheduled for completion by March 2026, the depot spans an expansive area of 1,97,861 square meters.

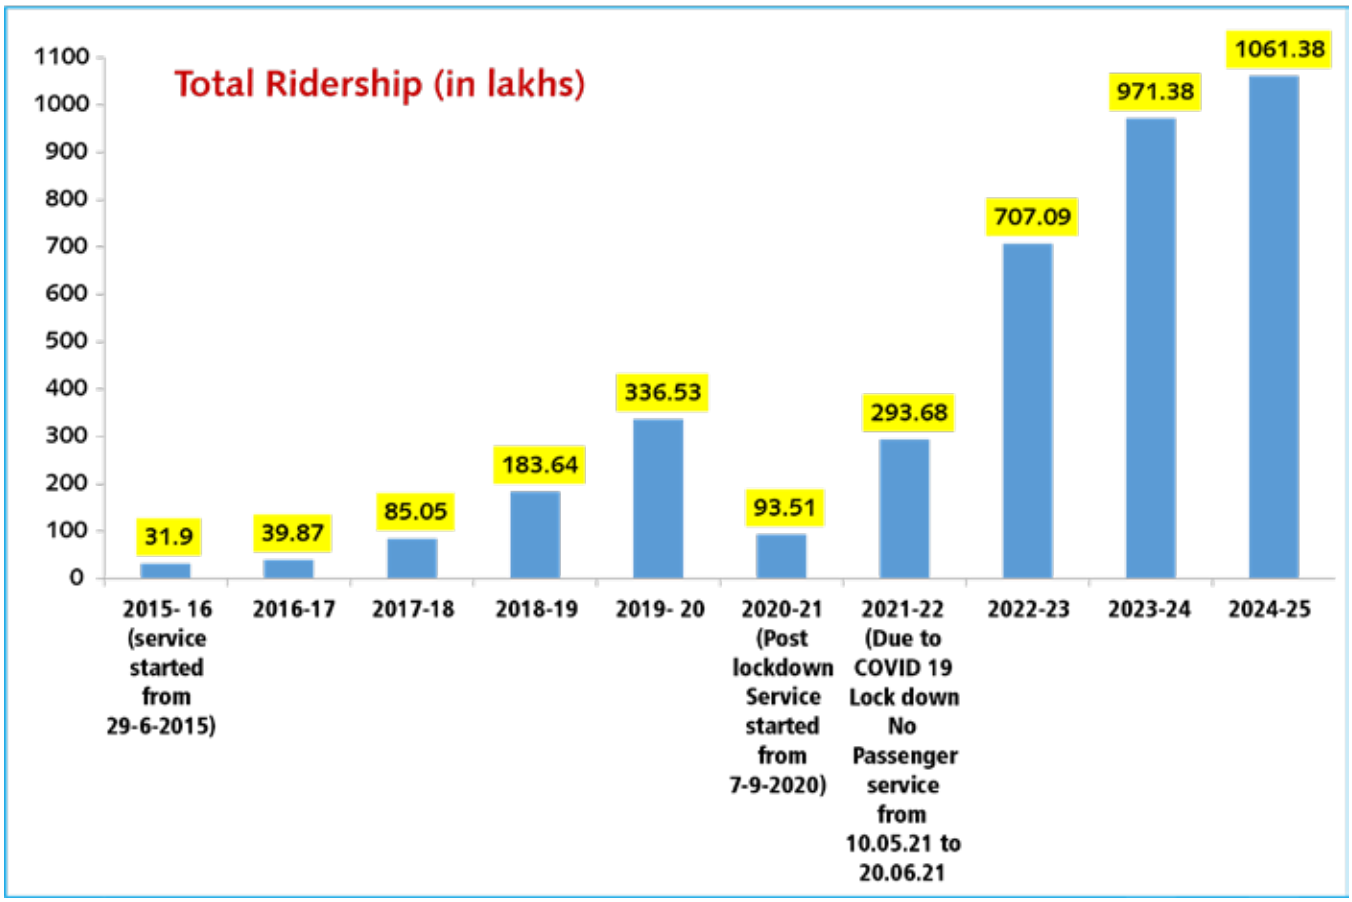

This state-of-the-art facility encompasses 15 essential depot components, designed to support the operational needs of the metro network. These include the Central Depot Store, Workshop Office Block, Deep Clean Bay with a Workshop Bay featuring 7 lines, ETU & PWL Office Building, Stabling Yard Office Block, Stabling Yard accommodating 10 lines, Effluent Treatment Plant (ETP) with a capacity of 16KLD, Auto Coach Washing Plant (ACWP) Control Room and Pump Room, Railway Signaling System (RSS), Water Treatment Plant (WTP) & Pump Room, Security Facilities, Administrative Building, and Sewage Treatment Plant (STP) capable of handling 15 KLD.

Key infrastructure features include 7 Repair Bay Lines and 7 Inspection Bay Lines, essential for the comprehensive maintenance and upkeep of the metro rolling stock. These facilities ensure the operational efficiency and reliability, contributing significantly to Chennai's expanding metro network.

The Madhavaram Depot project underscores Chennai Metro's commitment to enhancing public transportation infrastructure, facilitating sustainable urban mobility, and meeting the growing demands of commuters across the city.

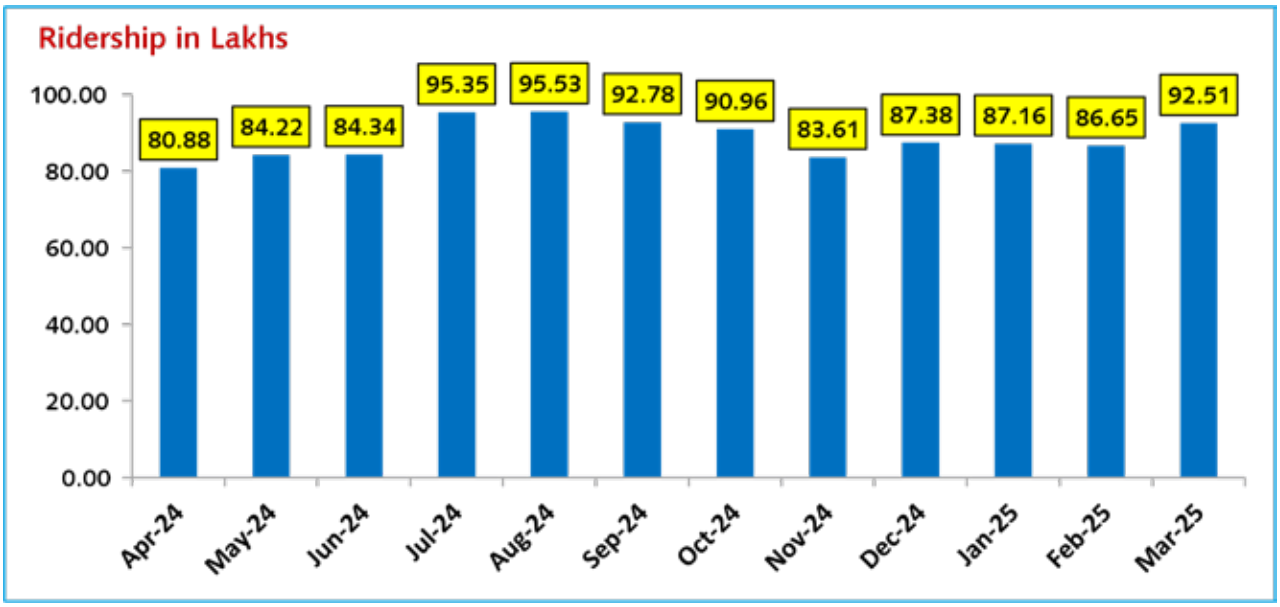

OPERATIONAL HIGHLIGHTS

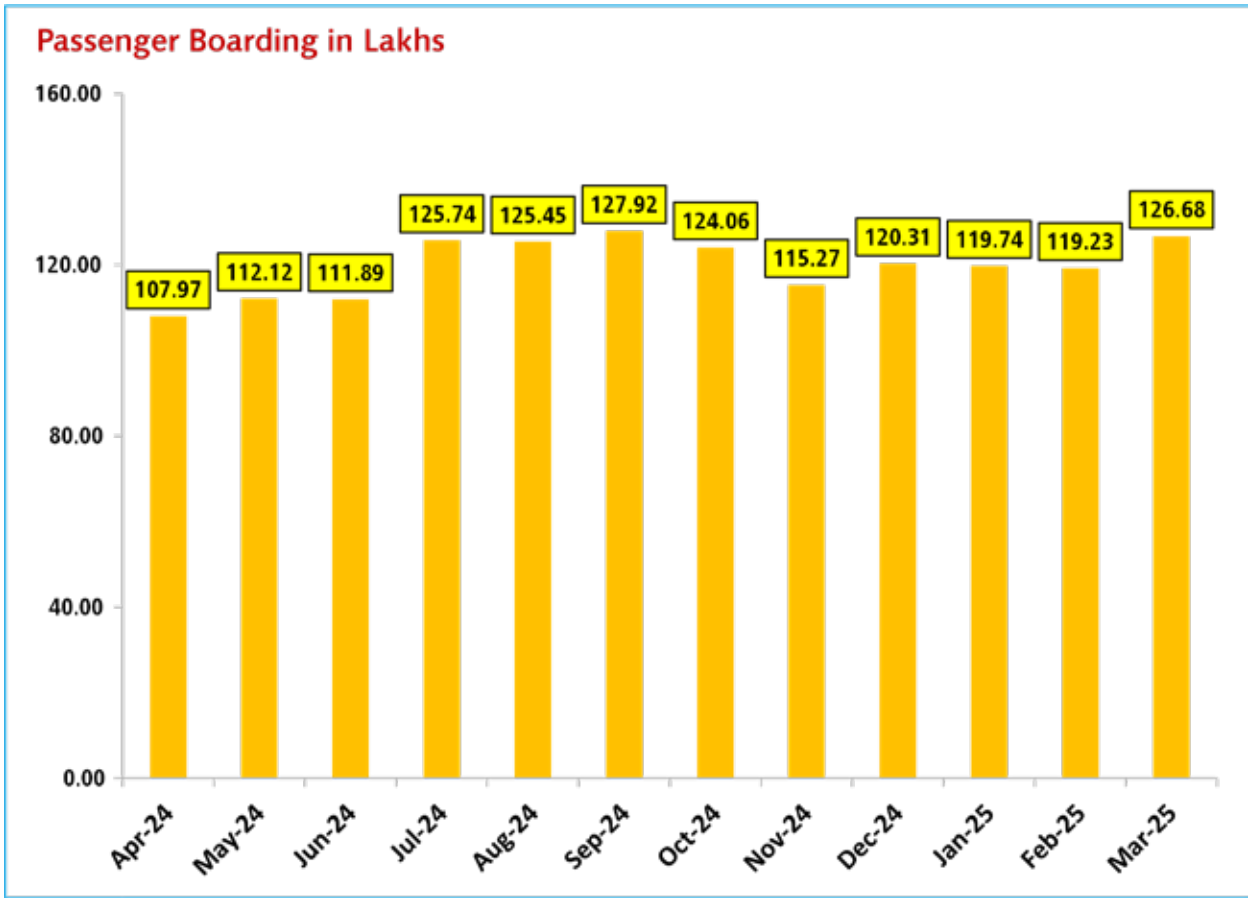

Ridership and earnings post lockdown

Parameter	March 2021 (post lockdown)	March 2022	March 2023	March 2024	March 2025
Operational Network length	54 km	54 km	54.6 Km	54.6 Km	**54.6 Km**
Avg. Ridership per day	90,804 Passengers	1,44,155 Passengers	2,26,319 Passengers	2,80,079 Passengers	**2,90,789 Passengers**
Avg. Fare box earnings per day	₹ 26.25 Lakhs	₹ 42.67 Lakhs	₹ 63.36 Lakhs	₹ 75.04 Lakhs	₹ **77.27 Lakhs**
Avg. Earnings per Passenger	₹ 29/-	₹ 29.60/-	₹ 28/-	₹ 26.79/-	₹ **26.57/-**
Avg. Parking earnings per day	₹ 3.07 Lakhs	₹ 4.07 Lakhs	₹ 5.84 Lakhs	₹ 7.19 Lakhs	₹ **7.30 Lakhs**

Month wise Ridership (2024-25)

Passenger boarding - (2024-25)

Key Achievements in the Financial Year 2024-2025

ROLLING STOCK

PHASE I PROJECT:

a. Design and installation of new Dynamic Route Map Display in Phase I trains.

Contract was awarded to M/s. Nusyn Digital for the design and installation of "LED Backlit LCD-based Dynamic Route Map Display" in 52 trains of the Phase I section. The prototype installation and demonstration was successfully completed in one train, in Feb 2025, marking a key step towards enhanced passenger information system.

b. Implementation of Anti-Drag Safety Feature in Saloon Doors of Phase I Trains

The implementation of the Anti-Drag Feature/System in all saloon doors of 52 trains under the Phase I section is planned, presently the tender process in progress. This advanced safety system is designed to detect objects - such as handkerchiefs, bag straps, bottle straps, etc. - by sensing the pull or drag force that occurs when a trapped object is being pulled either in a stationary train or when the train starts moving, posing a risk of dragging passengers or their belongings. Upon detection, the system is programmed to trigger emergency braking, bringing the train to an immediate stop to prevent injury and ensure passenger safety.

PHASE II PROJECT:

1. The DPR Phase II provides for procurement of 414 cars of Driverless Train as part of Rolling Stock requirement, which is planned to be procured through THREE tenders. The first among the three, ARE 03A funded by GoTN is awarded for 11 cars and the first 3-car driverless train was successfully delivered to Poonamalle Depot after completing factory-level testing in the month of Oct 2024. ARE02A funded by JICA is awarded in the month of Nov 2024, to M/s BEML Limited, for 70 train-sets of 3-car each, preliminary design review is in progress and the other tender is under evaluation.

2. **Dynamic trials** of the train commenced on 29th March 2025, running from Poonamallee Bypass Third Line to Mullai Thottam Station at a maximum speed of 80 kmph. Subsequently, the trial run from Mullai Thottam Station to Porur Junction Station was completed on 28th April 2025.

MAINTENANCE

a. Establishment of Pneumatic Laboratory at CMRL Koyambedu Depot in Aug 2024

A Pneumatic Laboratory has been established in Aug 2024, at CMRL Koyambedu Depot to facilitate advanced inspection, calibration, testing, troubleshooting, and repair of brake and pneumatic system components of rolling stock. This facility has not only enhanced in-house maintenance capabilities but has also achieved a return on investment (ROI) in less than six months.

b. Zero Delay and Zero Withdrawal of Trains

Achieved **zero delay and zero withdrawal** of trains during revenue operation for 32 consecutive days in October 2024, setting a new benchmark among Indian metros. Further improved this achievement to 42 consecutive days with **zero delay in** February to March 2025, marking one of the highest figures recorded in Indian Metro operations.

c. A cost saving of ₹ 21.5 Crores was achieved, till Apr 2025, by developing vendors and localizing the repair of critical components such as the AGTU dryer coil, wiper motor assembly, master controller spares, DDU repairs, and more. This initiative has not only reduced dependency on external suppliers but also ensured quicker turnaround times for repairs.

d. Till Apr 2025, ₹12 Crores in savings was realized through in-house repair and overhauling of key components including the master controller, EDCU, RIOM, EPAC, VMC, RAD, and door glass replacements. This significantly reduced operational costs.

e. Reduction in Average Number of Sick Trains since Jun 2023

The average number of sick trains was reduced to **1.2 trains per day** compared to **2.14 trains per day** in 2022. This improvement reflects significant enhancements in maintenance practices, prompt troubleshooting, and proactive measures to ensure the reliability and availability of rolling stock.

f. CMRL is Maintaining a **train availability of 92.3%** (48 trains) for passenger service, **since Nov 2023**.

g. Complying with the Government directions, procurement through GeM increased from 96% to 99% since Mar 2025.

SIGNALLING PHASE II PROJECT:

The Phase II DPR provides for Communication Based Train Control (CBTC) signaling system suitable for Unattended Train Operation (UTO). Contract package ASA04 (funded by JICA & GoTN) for provision of complete Signaling system across Corridors- 3,4 & 5 including 2 depots was awarded to consortium of M/s. Hitachi Rail STS SPA & Hitachi Rail STS India Pvt. Ltd. in Dec-2022. The Signaling system design for Stage-I works is in the process of finalization with delivery of materials & site installation works already in progress.

TELECOMMUNICATION PHASE II PROJECT:

The Phase II DPR provides for IP Gigabit-Ethernet based Telecommunication system & TETRA radio system whose procurement is covered across 4 contract packages. Contract package ASA05 (funded by NDB) was awarded to M/s L&T Technology Services Ltd. in March-2023 for the Telecommunication system of Corridor 4. Contract package ASA06 (funded by ADB) was awarded to M/s. Bharat Electronics Ltd. in Feb-2024 for Corridors 3 & 5 (Sholinganallur to SIPCOT & Koyambedu to Sholinganallur). Contract package ASA08 (funded by GoTN) was awarded to M/s L&T Technology Services Ltd. for Corridors 3&5 (Madhavaram to Sholinganallur & Madhavaram to Koyambedu). Contract package ASA07 (funded by GoTN) was awarded to M/s DAMM Cellular Consortium in Oct-2022 for provision of TETRA Radio system across Corridors 3,4 & 5.

The design of Radio & Telecommunication system for Stage-I works under contract packages ASA05 & ASA07 are finalized with material delivery & site installation activities in progress. The design review & vendor finalization is in process for contract packages ASA06 & ASA08.

PSD PHASE II PROJECT:

The Phase II DPR provides for half height PSD at elevated stations and full height PSD at underground stations for which procurement is being done across 4 contract packages. Contract packages ASA09 (funded by JICA) & ASA11 (funded by GOTN) for provision of half-height & full-height PSD respectively across JICA portion of Corridors 3&5 were awarded to consortium of M/s Pioneer Fil-Med Pvt. Ltd. & M/s. Panasonic Manufacturing (Beijing) Co. Ltd. during the year 2024-25.

Contract package ASA12A (funded by GoTN) for provision of half-height PSD across non-JICA section of Corridors 3&5 was awarded to M/s ST Engineering Urban Solutions Ltd. in Nov-2023. Variation under this contract to include the scope of 10 elevated stations of Corridor-4 (Poonamallee Bypass to Porur Junction) was sanctioned in July-2024 following termination of contract package ASA-10 earlier awarded to M/s. Zhuzhou CRRC Times Electric Co. Ltd. for Corridor-4 works. The half-height PSD design is conditionally approved followed by successful demonstration of the prototype in Dec-2024. Material delivery & site installation works in Corridor-4 are in progress.

Contract package ASA10A (funded by NDB) was awarded to M/s ST Engineering Urban Solutions Ltd. in Dec-2024 for provision of HHPSD & FHPSD across remaining stations of Corridor 4 following termination of the earlier awarded contract package ASA-10.

ELECTRICAL TRACTION

1. Power Supply and SCADA Package - CP20.1/PS-06

a) **Design Progress** – All the three RSS (Madhavaram, Thiruvanmiyur and Nadhamuni) design are Completed and the ASS Design Stock Layout is in Progress.

b) Progress Status

- Madhavaram RSS - GIS cum Control Building Plastering work is in progress. 110kV GIS room plastering work is in progress. Yard equipment foundation is in progress with 96% completion. Erection testing is completed for EOT crane at GIS hall. 57 Nos of Earth mat works are Completed out of 87.

- Nadhamuni RSS - Earth filling upto 7th layer is completed out of the 8 layers. Pile foundation work for RSS & transformer yard is completed. Pile foundation for boundary and RSS work is in progress with 179 Nos completed out of 300. Transformer foundation and fire wall works are in progress with 58% completion.

- Thiruvanmiyur RSS - RSS Boundary wall is in Progress. (Wall 2nd Lift up to 25% Completed). All the 170 Nos. of Pile foundation work are Completed. Transformer foundation and fire wall works are in progress with 90% completion.

- ASS Works at Stations - Civil works are in progress. Design is approved & Procurement of GIS & Dry Type Transformers are in progress.

- SCADA for OCC/BOCC - GA, GTP Approved, Procurement in progress.

c) Vendor Approval - The Vendor approval for all major and long lead items are approved.

2. OHE Package - CP20.2/OHE-07

a) Design Progress – The OHE FOCS design for Madhavaram depot is completed and re-tractable OHE (RRCS) is in progress. The Mainline FOCS design is completed, and ROCS is in progress. The Design of SP, SSP and SS are completed including sectioning. KD-A-01, KD-A-02, KD-A-03, KD-A-04 & KD-A-05 are the key dates for design achievement. The Contractor has achieved only KD-A-01, KD-A-02 and KD-A-03.

b) Physical Progress - Partial Access is available at Madhavaram depot for OHE mast erection. OHE foundation for 257 Nos are completed out of 272 Nos. Out of the Balance 15 Nos, access is available, and work is in progress for 9 Nos and access will be available only after completion of civil subway work, for 6 Nos.

Mast Erection is completed for 196 Nos. out of 222 Nos. The balance mast erection is pending due to non-availability of mast and non-availability of access for casting foundation.

In depot, HDPE pipe is to be laid for providing control cables. HDPE pipe laying is completed to the extent of 1015 meters out of 3435 meters.

Mast erection in elevated section of EV-01 (from Taramani to Sholinganallur) partial access is available for 216 locations out of 414 locations. The Contractor has assured that they will take up the work during August 2025.

There is no partial access available for mast erection in EV-03 section (from Madhavaram to Koyambedu metro station). There is no access in UG section of corridor 3 from Venugopal Nagar station to Taramani station and in UG section of corridor 5 from Kolathur to Villivakkam MTH road.

c) **Vendor Approval -** The Vendor approval for all major and long lead items are approved. Technical approval for 21 major and long lead items is completed out of 24 items. Manufacturing clearance for 15 items has been obtained, out of 24 items.

3. PS&OHE-09, PHASE II PROJECT

It is a Design and Build Contract funded by NDB. The Works to be executed under the Contract include Design, Manufacturing, Supply, Installation, Testing, Training and Commissioning of RSS, ASS, Scada, OHE & Switching Stations for CMRL Phase II Corridor 4 From Poonamallee Bypass to Lighthouse including Depot at Poonamallee.

Major Milestone:

- Poonamalle RSS has been commissioned. Alwarthiru Nagar RSS work is in progress.
- OHE from Poonamalle Bypass to Porur Junction is commissioned. The remaining section work is in progress.
- ASS-2 at Poonamalle Byapass, Poonamalle Junction and Mullaithottam have been commissioned. The remaining station work is in progress.

4. PS&OHE-10, PHASE II PROJECT

It is a Design & Build Contract funded by ADB. The works to be executed under the Contract include the Design, Manufacturing, Supply, Installation, Testing, Training and Commissioning of RSS, ASS, Scada, OHE & Switching Stations for CMRL Phase II Corridor 3&5 Between CMBT Metro to Sholinganallur & Sholinganallur to Sipcot 2.

Major Milestone:

- Perumbakkam RSS works, 80% of work is completed. The remaining two RSS works are in progress.
- OHE work (Mast Erection & Grouting) is in progress at site.
- Major materials are delivered to Site.

MECHANICAL SYSTEMS(TVS&VAC) PHASE II PROJECT

The Phase II TVS & VAC works provide for optimized Tunnel Ventilation System and Ventilation & Airconditioning systems for 42 Underground stations, including OCC & BOCC of three corridors.

Design optimizations in TVS& VAC arrangement in Phase II project:

- Removal of one TVF plant at one end of the station and use of only one plant for the whole station. Despite the reduction in equipment, the innovative system maintains robust safety standards and ensures tenable conditions inside the tunnel and stations during emergencies, by efficient smoke extraction during emergencies and optimal air quality during regular operations.
- The optimized tunnel ventilation system reduces the length of the station box to 140 m with a width of 22 to 25 m.
- Removal of dedicated Track way exhaust Fans (TEFs) by functional sharing of Tunnel ventilation system (TVS) and Track way exhaust system. Therefore, only 2 TVFs (typically re-served for tunnel emergency or congestion scenario) are provided at only one end of the stations which are also utilized for trackway exhaust during normal mode of operation.
- In Phase II, Under Platform Exhaust (UPE) ducts were removed which paved the way to accommodate TVS bypass duct in the under-platform.
- Optimized ventilation and air conditioning system by mainly using VRF units for Phase-II stations.
- As an innovative and energy-efficient initiative, we have transitioned from conventional water-cooled chiller-based air conditioning systems to advanced Variable Refrigerant Flow (VRF) systems Phase II underground metro stations. This shift enhances operational flexibility, reduces water and energy consumption, simplifies maintenance, and aligns with sustainable urban infrastructure goals while ensuring thermal comfort in underground environments.
- The Phase II Mechanical systems consist of 3 packages covering 42 Under Ground stations in corridors 3, 4 & 5. The scope includes design, manufacture, supply, installation, testing, commissioning, along with supply of spares, special tools, system acceptance, integrated testing and SCADA integration of OCC and all stations inclusive of 7-year post-handover support (2-year DLP + 5-year CAMC with O&M) of an integrated VAC & TVS with electrical works and SCADA—fully linked to OCC and between packages.

Current Status of Tender Packages:

C4-VAC & TVS-12 Package - Corridor 4 - 8 underground stations (Kodambakkam → Light House) and its associated tunnels/ramps - VAC&TVS12 – package of Corridor – 4 (8 stations) is awarded to M/s ABS Fujitsu General limited on 10/Sep/2024 and Key personnels have been mobilized by the contractor. The project main office is established and design verification and validation is completed by the contractor and is under review by GC/CMRL.

AFC PHASE II PROJECT

As per the Phase II DPR, the onboarding of the Central AFC Backoffice, Financial Institution/Bank, and Station Level Equipment (SLE) for Corridors 3, 4, and 5 is being undertaken through five separate contract packages. The details of the four packages awarded are as below:

- **AFA03a** (funded by NDB) was awarded to M/s Shell Info SG Consortium in November 2023 for the implementation of the Central AFC Backoffice system, designed to support integration across up to 512 stations.

- **AFA03b** (funded by NDB) was also awarded to M/s Shell Info SG Consortium in November 2023, covering Corridor 4 (Light House to Poonamallee Bypass).

- **AFA04** (funded by GoTN) was awarded to the Consortium of Aurion Pro Solutions Limited and Aurion Pro Transit Pvt Ltd, covering Corridor 3 (Sholinganallur to SIPCOT) and Corridor 5 (Koyambedu to Elcot Park) in October 2024.

- **AFA05** (Financial Institution/Bank tender) was awarded to M/s State Bank of India in December 2024 for the issuance of National Common Mobility Cards (NCMC) and acquiring services for CMRL.

The design for the Central AFC Backoffice (AFA03a) and FI/Bank solution (AFA05) is in progress, with integration activities underway. Material delivery and site installation for these packages are yet to commence. For packages AFA03b and AFA04, design review and vendor finalization are currently in progress.

E&M – O&M PHASE II PROJECT

Sl. No	Tender Package	Description	Funding Agencies	Status
1.	C5-E&M-03	6 Nos Underground Stations, and 10 Nos Elevated Stations from Madhavaram Milk Colony Station to Grain Market Station	JICA	1. Contract awarded to M/s Jakson Limited on 18/10/2024. 2. Contract value is ₹ 168.16 Crore. 3. Work front availability is expected in 10 to 12 months. 4. Stipulated Date of Completion: 15/02/2028.

Sl. No	Tender Package	Description	Funding Agencies	Status
2.	C5-E&M-04	22 Elevated Stations from Koyambedu Market Metro Station to Elcot Park Metro Station	ADB	1. Contract awarded to M/s Universal MEP Projects & Engineering Services Limited on 30/11/2023. 2. Contract value is ₹ 145.64 Crore. 3. All Key Personnel and Non-Key Personnel are deployed. Materials submissions, Shop Drawings and Method statements approval process in progress. ERT testing works in progress at various station area. 4. Work front availability expected in 8 to 10 months. 5. Stipulated Date of Completion: 24/03/2026.
3.	C 4 - E&M-05	18 Elevated Stations from Powerhouse Stations to Poonamalle Bypass Station	NDB	1. Contract awarded to M/s Universal MEP Projects & Engineering Services Limited on 18/11/2022. 2. Contract value is ₹ 146.4 Crore. 3. Poonamalle depot and 10 stations-Stage 1 ROD- Planned on November 2025 4. Documentations including Various plans, Vendor Approval and Method statements are approved. 5. E&M work progress is in full swing. 6. Material delivery are almost completed. 7. Stipulated Date of Completion: November 2025 (Stage-1).

Phase I & Phase I Extension Project (C1 & 2 - ESC Contract) –Status/Achievements

Additional Escalators for Improvement of Passenger Amenities

Additional Escalators were proposed in Phase I & Phase I Extension to improve Passenger Amenities and the Contract was awarded to M/s. Johnson Lifts Pvt Ltd. Due to operational requirement, the Escalator Quantity was increased from 41 Nos. to 55 Nos. during March 2025.

Out of 55 Nos. of Escalators, 13 Nos. of Escalators were installed for public usage and the installation of the remaining 42 Nos. of Escalator is in progress.

Phase II Project - Status/Achievements

Lifts & Escalators Works have been split into Five Packages for seamless execution. The Status of the Packages are as follows:

1. **AES-05 Contract (Corridor-04 Lifts & Escalators) – funded by NDB**

   The Design works for the package including Prototype Testing were completed during November 2024. The works were completed and the Escalator was given to public usage during April 2025. Presently, 22 Nos. Escalators and 11 Nos. Lifts had been delivered to the site. Installation and Commissioning works are in progress.

2. **AES-04 Contract (Balance Corridor-3&5 - Lifts, Escalators & Travelators) funded by GoTN**

   This package was awarded in February 2024. Presently, the design works are in progress.

3. **AES-06 Contract (JICA Corridor-3&5 – Lifts) funded by JICA**

   This package was awarded in November 2024. Presently, the design works are in progress.

4. **AES-02 Tender (JICA Corridor-3 Escalators & Travelators) funded by JICA**

   The Technical Bid Evaluation was completed during June 2025 and the financial evaluation is in progress.

5. **AES-03 Tender (JICA Corridor-5 Escalators) funded by JICA**

   The technical bid evaluation was completed in May 2025 and the financial evaluation is in progress.

TRACK MAINTENANCE

1. **Installation of Automatic Rail Lubricator**

   Installed 32 nos. of Automatic Rail Lubricators, to control wear and tear of the rail due to friction, minimizing rail–wheel contact stress, and effectively controlling rail rubbing noise in curves and high-friction zones.

Installed in between Government Estate and Chennai Central Metro Station

2. Rail Life Analysis Study

A comprehensive **rail life analysis** was conducted for Phase I track with the objective of enhancing rail performance and extending service life. Key highlights of the study include:

- Establishment of 16 Rail Profile Monitoring Sites along the corridor
- Capturing and analysing 1,052 Wheel Profiles
- Conducting a stimulation study using the measured rail and wheel profile data
- Designing 4 optimized rail profile templates tailored for site-specific rail grinding operations.

3. Flood Management

During recent flood conditions, the Track Maintenance Team efficiently managed and monitored across the network, by continuous surveillance at vulnerable locations, promptly attending the critical sites, ensuring timely response and necessary interventions. This enabled the uninterrupted and safe movement of trains by swiftly addressing track-related issues.

CIVIL MAINTENANCE

The civil maintenance team of Chennai Metro Rail Limited (CMRL) has played a pivotal role in ensuring the structural integrity, safety, and operational efficiency of civil assets across the metro network during the financial year 2024-25. This report covers the major accomplishments and initiatives undertaken by the Civil Maintenance Team, reinforcing CMRL's commitment to enhance passenger comfort and facilities.

4. Development of OTA – Nanganallur Road Metro Parking

The civil maintenance team has successfully developed a spacious two-wheeler and four-wheeler parking facility at OTA-Nanganallur Road Metro Station. The project includes paver block surfacing, compound wall construction, peripheral drains, and a parking operator's cabin. This initiative has significantly improved passenger convenience, boosted station footfall, and contributed to increase in revenue for CMRL.

5. Passenger Comfort Enhancements: Weather-Protected Walkways at Metro Stations

To improve passenger convenience during extreme weather, the civil maintenance team installed roofing and structural glazing over open staircases and escalators leading to concourse and platform areas at Meenambakkam, OTA – Nanganallur Road, LIC and Government Estate Metro Stations. These upgrades provide shelter from rain and harsh sunlight, ensuring a comfortable commuting experience. The works were executed with stringent safety measures, ensuring zero disruption to passenger movement during implementation.

6. Expansion and Weather-Proofing of Guindy Metro Station for Enhanced Passenger Convenience

Recognizing Guindy Metro Station as a high-footfall location, the civil maintenance team undertook critical upgrades to improve passenger movement and comfort. A new additional lobby was constructed adjacent to the existing area, significantly expanding space and easing congestion during peak hours.

Additionally, previously exposed staircases and escalators—prone to weather-related disruptions and passenger discomfort—were fitted with roof coverings and side glazing. This intervention ensures seamless operation during monsoons while enhancing commuter convenience.

All works were executed with minimal disruption, prioritizing passenger safety and uninterrupted metro services.

7. Revamp of Parking Facility at Little Mount Metro Station

To address passenger concerns and improve usability, the civil maintenance team upgraded the parking facility at Little Mount Metro Station. The previously uneven and waterlogged area was levelled, paved with interlocking blocks, and enclosed with a compound wall for security. Additionally, clearly marked parking slots were provided, ensuring an organized and user-friendly experience. This refurbishment has eliminated water stagnation issues during monsoons and enhanced overall convenience for commuters.

8. Expansion of Parking Infrastructure at Koyambedu Metro Station

To accommodate the growing passenger demand, civil maintenance team developed a large-scale, well-organized parking facility at Koyambedu Metro Station. The upgraded area features:

a) Clearly demarcated parking slots for systematic vehicle arrangement
b) Optimized layout to maximize capacity and ease of access
c) Enhanced surface finish for durability and improved aesthetics

This development has significantly improved parking efficiency and user convenience at one of CMRL's busiest stations.

9. Mezzanine Parking Development at Thirumangalam Metro Station

In a pioneering initiative for CMRL, the civil maintenance team successfully constructed a mezzanine-level parking facility above the existing parking area at Thirumangalam Metro Station – one of the network's busiest hubs. Key highlights:

- First-of-its-kind vertical expansion in CMRL's infrastructure, optimizing limited space
- Minimal operational disruption through phased execution, maintaining existing parking access
- Meticulous planning ensured uninterrupted services throughout construction
- Enhanced capacity at this critical station, significantly improving commuter convenience

10. Enhancing Accessibility: Upgrades for Differently Abled Passengers

In line with the latest harmonized guidelines, the civil maintenance team undertook several modifications across metro stations to ensure seamless and independent travel for differently abled passengers. Key improvements include:

- Installation of tactile guide tiles for safe navigation.
- Easing of access and kerb ramps to make them easy to use for differently abled and other passengers.
- Enhanced signage and tactile guide maps with Braille for better wayfinding.
- Restroom modifications to ensure barrier-free access and provision of emergency call button to seek help in case of emergency.
- Fixing of Contrasting strips on each tread of the staircase.
- Lowering of Ticket Counters.
- Provision of dedicated seats for differently abled passengers.
- Dedicated two-wheeler/four-wheeler parking facilities at stations.
- Provision of additional handrail at a lower level on staircases.
- R.O. water access has been modified to be accessible for differently abled passengers.

These upgrades reflect CMRL's commitment to inclusive infrastructure, empowering all passengers to travel with dignity and convenience.

11. New Passenger Toilet Facility at Koyambedu Metro Station – Platform 1

In our ongoing efforts to enhance passenger amenities, the Civil Maintenance Team successfully constructed a new, modern toilet facility at Platform 1 of Koyambedu Metro Station. Designed with a focus on hygiene, aesthetics, and functionality, the facility features:

- Premium fixtures and fittings for improved user experience
- Spacious and well-ventilated design
- Easy-to-maintain surfaces for long-term cleanliness
- Harmonised Guidellines - compliant features ensuring accessibility for all passengers

This addition addresses passenger needs at this high-traffic station while aligning with CMRL's commitment to world-class station facilities. The project was completed with nil disruption to station operations.

12. New Retiring Rooms for Train Operators at Chennai Central Metro Station

Recognizing the need for enhanced crew welfare facilities, the civil maintenance team constructed dedicated retiring rooms (separate for gents and ladies) at Chennai Central Metro Station for train operators. The facility features:

- Spacious, ergonomic resting areas
- Attached restroom facilities for convenience

This initiative underscores CMRL's commitment towards employees well-being and operational efficiency at one of the network's most critical interchange stations.

13. Parking Arrangements

To improve ridership, providing parking facility plays a major role so that passengers use their own vehicle for First & last mile connectivity.

Accordingly, parking capacities have been increased for both 2 wheelers and 4 wheelers by identifying new parking spaces in and around Metro stations. Due to the increase of more parking facilities, parking earnings at Metro stations have been improved by approx. 7%. The following are the Metro stations where additional or new parking spaces have been identified and opened for Metro passengers:

A. Opening of additional parking area (1700 Sq.m) at Thirumangalam Mero Station, during August 2024, with additional capacity for 450 Nos of 2 wheelers and 25 Nos of 4 wheelers.

B. Opening of additional parking area (1586 Sq.m) at Alandur Mero Station, during September 2024, with additional capacity for 300 Nos (approx.) of 2 wheelers.

C. Opening of additional parking area (11,564 Sq.m) at Pallavaram near to Airport Mero Station, during January 2025, with additional capacity for 664 Nos of 2 wheelers and 108 Nos of 4 wheelers.

D. Opening of Multi-level parking area at Thirumangalam Mero Station, during March 2025, with additional capacity for 400 Nos (approx.) of 2 wheelers.

14. Increased Passenger Amenities at Metro Stations

14.1 Roof closing completed at OTA Nanganallur Road and Meenambakkam during March 2025.

14.2 To facilitate passengers with safe and easy commuter access, parking paver development was done at 3 Metro stations in Thirumangalam (near VR Mall during Nov 24), Saidapet (Feb 25) & Koyambedu (Apr.25) and effective crowd management at SGE Station.

14.3 Additional Entry was opened at 3 Metro stations

It was observed that due to increase in footfall, many passengers had faced issues in accessing Metro station due to limited Entrances. Hence, during station inspection, requirement for additional entries in various Metro stations were identified and initiative was taken to open addition entrance for passenger benefits at Washermenpet, Egmore and Guindy Metro Station.

Washermenpet Metro Station

Egmore Metro Station

Guindy Metro Station

14.4 Signages

Various signages to improve passenger experience were implemented at all stations for direction, station amenities and other landmark areas near stations have been displayed at stations.

14.5 Station Facilities for passengers via fixed backlit displays was opened during July 2024

14.6 Staircase connecting street level to concourse opened at Wimco Nagar Metro Station during October 2024

14.7 Shelter for Parking Entry

Weather shed for parking entry areas were provided, at Ashok Nagar Metro station during November 2024, in order to provide shelter for passengers and parking operators during rainy season.

15. Multi Modal Integration

To enhance the use of Metro services in transport hubs like the Airport and Southern Railway stations, four digital displays have been installed inside the Airport T4 terminal on November 28, 2024. These displays show CMRL networks with fare and travel time from the Airport station through a train running animation video.

16. Renaming of Metro Station

Renaming of Nanganallur Metro Station to OTA – Nanganallur Road Metro. The renaming of the station serves as a significant tribute to the Indian Army, recognizing the pivotal role of the Officers Training Academy (OTA) located near the Metro Station during November 2024.

17. Major events ticket integration with CMRL system 2024-25

Integration of QR / barcode tickets of major events organized near metro station with Metro ticketing for seamless audience / passenger travel. 10 events such as IPL matches, Chennai Marathon & Music events etc., were integrated with CMRL AFC system. MoU signed with event organizers towards integration cost and operation of any additional services beyond normal services, resulting in improved ridership as well as fare revenue, with 81,126 passengers having utilized the services during the year 2024-25.

Date	Event Details	No.of Tickets integrated as per MoU in Nos	Riders utilized

18. Collaboration with Leading Daily Newsprint

The Times Group, in collaboration with CMRL's Operations Marketing Team, launched a free newspaper distribution initiative across 15 major metro stations.

19. Commuter Survey

The M.O.P Vaishnav College for Women was selected for commuter survey providing them with an internship opportunity. An orientation was given at their college during November 2024.

20. Music Jam & Awareness Initiative at Alandur Metro Station

CMRL organized music jamming session at Alandur Metro Station during December 2024 and at Vadapalani Metro Station during May 2025, in collaboration with student musicians to enhance commuter experience and promote social awareness. Alongside the live performances, a "Say No to Drugs" campaign was highlighted, encouraging commuters to adopt a healthy and responsible lifestyle.

21. CMRL Feeder Service for First/Last Mile

A. Connectivity with IT Parks and Institutions with ZERO financial impact

Seamless Metro connectivity to IT parks and academic institutions was achieved with zero financial impact by providing Last and First Mile connectivity.

i. Operating Tempo Travelers (2 Nos. with 12 seater and 2 Nos. with 18 seater) from DLF (near Porur junction) to Alandur Metro servicing averagely 8000 riders per month.

ii. Operating KOSMO ONE (1 Nos. with 12 seater) near Ambattur Industrial Estate to Thirumangalam Metro servicing averagely 350 riders per month.

iii. Operating Tempo Travelers (2 Nos. with 18 seater) from RMZ IT park near Porur to Alandur Metro servicing averagely 1000 riders per month.

iv. Operating Tempo Travelers (2 Nos. with 18 seater) at International Tech Park Campus, Taramani servicing averagely 3000 riders per month.

B. CMRL Funded (MTC Minibus) for Metro Connect Service from Stations.

CMRL initiated to connect MTC minibus services to Metro stations from Nov 2021. Operating 22 Minibuses in 11 Routes catering averagely 3.2 lakh riders per month. So far approxiametely 98 Lakhs passengers have utilized the services. MTC is generating revenue of ₹ 32 lakhs per month by ticketing, approximately. CMRL's expenditure per passenger per ride is around Rs.2/-.

Route No.	From Metro Station	To	No .of Minibus

ELECTRICAL & MECHANICAL

22. Additional Escalators installation at operational stations

The Chennai Metro has undertaken the installation of 55 additional escalators at operational stations to improve passenger amenities. The project is presently in the execution stage, with 3 escalators (Nandanam, St Thomas Mount and AG DMS) commissioned as of March 2025.

St. Thomas Mount Metro Station

Nandanam Metro Station

23. Piers and portals electrification work

As a part of Property Development departmental works, CMRL E&M team has undertaken a project to electrify all piers and portals with advertisement boards with the objective of boosting non-fare box revenue by utilizing them for advertising purposes. In this regard, the E&M department has successfully completed the electrification of 312 piers and portals at Phase I stations.

24. Solar installation at CMRL premises

The present capacity of solar plant with 6.5 Mwp is generating an average of 28,000 units per day. These solar plants have been installed on RESCO model (Renewable energy service company) with a Unit charge ₹ 4.169 Per KWH.

The installation of another 7 MWp is ongoing.

Tender details	Capacity	Vendor	Agreement signed	Target date	Project status
Roof top solar	4.2 Mwp	M/s Solar quest	Mar 2024	Sep 2025	Structural concurrence has been received and 2.80% installation has been completed
Ground mounted (Parking area)	2.8 Mwp	M/s APM solar	June 2024	Dec 2025	Structural concurrence has been received and installation is in progress

Wimco Nagar Depot

25. Flood Management by E&M team

Amidst widespread flooding across the city, the E&M team worked tirelessly to ensure smooth system functioning and uninterrupted station operations. While the cyclonic storm disrupted life in Chennai, Chennai Metro Rail remained the only operational mode of transport. The dedicated efforts of the E&M team played a vital role in supporting seamless operations. The E&M team continuously managed and monitored all stations throughout the flood situation.

Telecom - Additional Works

26. PIDS & PA – Station via Route Information Addition

Station via routes added in platform PIDS and Public Announcements to guide passengers in Airport, Meenambakkam, Nanganallur Road and Alandur stations. This will help passengers to avoid confusion during inter corridor trains movements at these stations.

Traction

Chennai Metro Rail Limited (CMRL) has been procuring open access power through the Indian Energy Exchange (IEX) via NLC India Ltd (NLCIL) as the trading partner. This move has significantly reduced the burden of electricity expenses and has resulted in total cost savings of ₹14.10 crore during the financial year 2024-2025.

28. Additional OHE sectioning

For improving the reliability of the operations and reducing the length of inoperative section during the OHE faults, in Phase-I, five nos. of additional OHE sectionings were planned as below:

- Sub-Sectioning Post between Alandur and Nanganallur station Corridor -1
- Sub-Sectioning Post between Alandur and Guindy station Corridor -1.
- Sub-Sectioning and Paralleling Post between Meenambakkam and Airport Station Corridor -1
- Sub-Sectioning and Paralleling Post between Alandur and St. Thomas Mount Station Corridor -2
- Installation of Section Insulator with Motorized Isolator for Sub-Sectioning and Paralleling Post between Egmore and Chennai Central station at Corridor -2.

Of these five nos. of additional sectionings, first additional sectioning between alandur and Nanganallur station have been completed and made operational and this modification have given the feasibility to extend the feed from corridor-1 to corridor-2 during the OHE faults after isolating the fault section.

SI & Isolator Installed at SAL for Sub Sectioning

Automatic Fare Collection (AFC)

29. Installation of AFC Gates at SGU, SWA, and SEG Stations

AFC gates were successfully installed at Guindy Metro (SGU), Egmore Metro (SEG), and Washermanpet Metro (SWA) stations, on 25th November 2024 using only in house resources resulting in considerable saving in cost.

30. Caution Light and Buzzer Integration with QR and NCMC Gates

Initially, the caution light and buzzer system used to provide visual and audible feedback to passengers on successful ticket validation—was only available on Closed Loop gates. When these gates were later retrofitted with QR and NCMC ticketing functionalities, the caution light feature became non-functional for QR and NCMC Tickets.

To address this, the AFC team successfully integrated the existing Closed Loop caution light and buzzer system with the QR and NCMC ECU. This enhancement was first implemented at Thousand Lights (STL) station on 25th April 2025, where the gates were operated in Normally Open (NO) mode, resulting in improved passenger throughput and operational efficiency. The caution light boards were fully developed in-house by the AFC team, showcasing innovation and technical capability. Further, we are installing this caution light interface to all the remaining stations.

31. WhatsApp-Based Ticketing and In-House Hardware Development

The AFC team has successfully developed and implemented a WhatsApp-based ticketing system, aimed at reducing the usage of paper tickets at metro stations.

To support this initiative, we introduced a new feature where counter tickets are sent directly to passengers via WhatsApp. To maintain privacy during the entry of mobile numbers at Ticket Office Machines (TOMs), our in-house team designed and developed a custom hardware solution named the *"WhatsApp Keyboard"*.

This hardware allows passengers to enter their mobile numbers discreetly and securely at the ticket counter, ensuring both privacy and efficiency.

The complete system from concept to deployment was entirely executed by the internal AFC team, demonstrating the department's strong technical capability and spirit of innovation. In recognition of this achievement, the team was awarded a cash reward by the management, acknowledging their dedication, cost-saving contribution, and in-house development excellence.

32. Implementation of Bidirectional Functionality for QR & NCMC Tickets

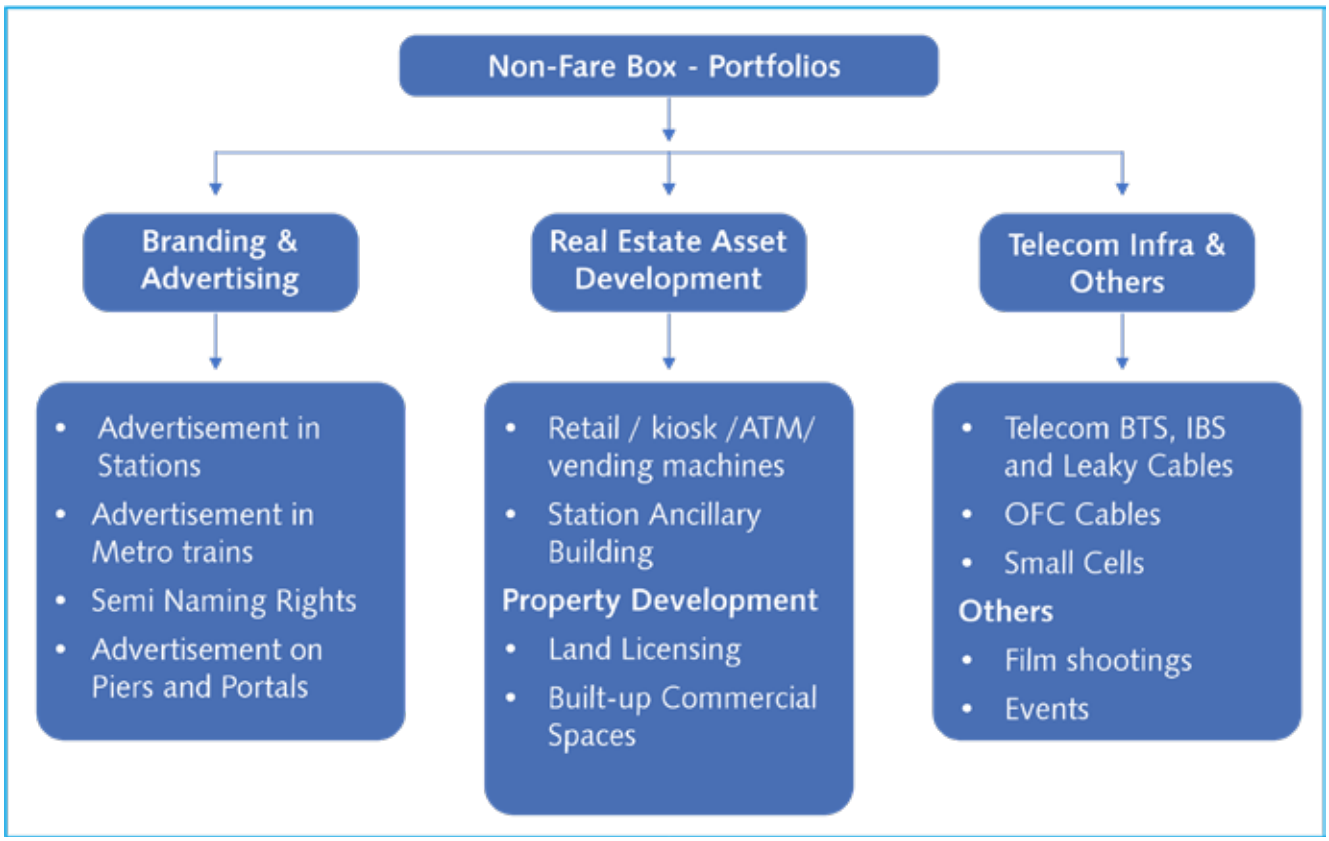

During the FY 2024–2025, the AFC team successfully enabled bidirectional functionality for QR and NCMC ticketing at AG-DMS Metro Station.

This enhancement allows seamless entry and exit in both directions using the same AFC gates, improving operational flexibility and passenger convenience. The modification supports both QR code-based and NCMC card-based ticketing, making the station more adaptable to multi-ticketing systems.

This work was carried out by the in-house team without external support, contributing to improved service efficiency and cost-effectiveness.

Non-Fare Box Revenue:

Non-Fare box revenue plays a significant role in optimising the operational expenses. As a part of alternate revenue generations, CMRL has conceptualised and initiated various revenue streams under 3 broad categories:

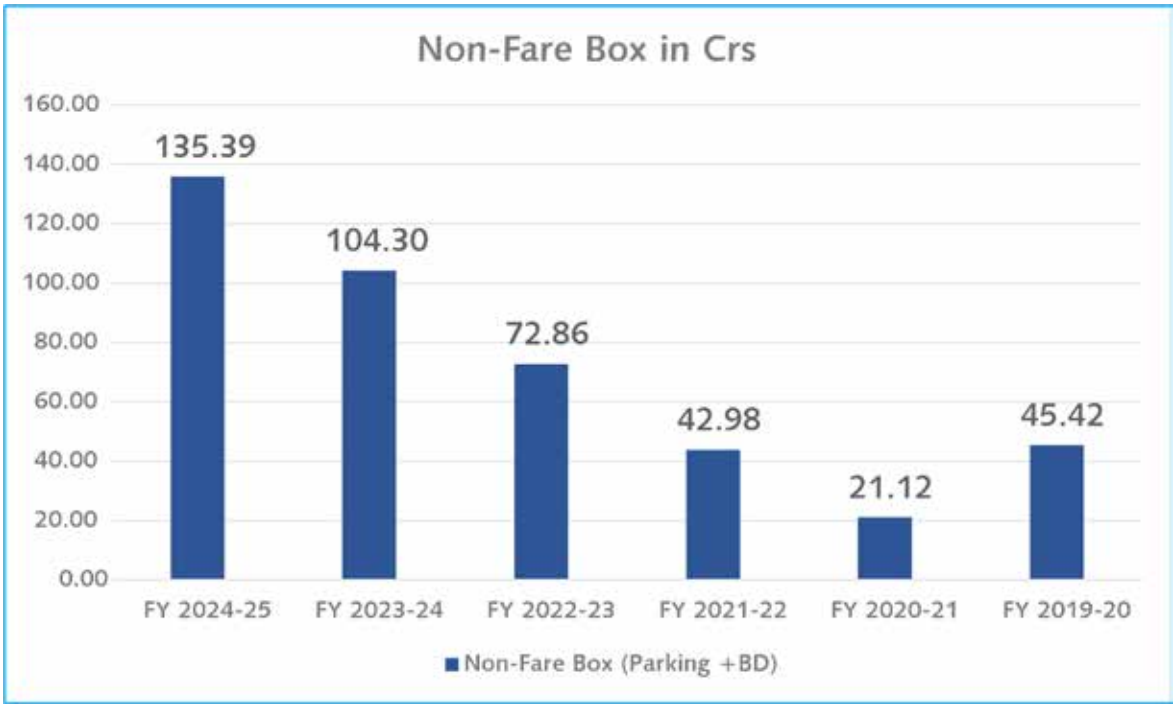

The above said streams of business are licensed through open e-tender process with forward auction except of licensing of OFC cables and film shootings which is allotted through online application process on first-come first serve basis.

Non-Fare box revenue for the financial year 2024-25

Total non-fare box Business Development revenue for the financial year 2024-2025 is ₹ 135.39 Cr (Including Parking revenue), which is 31.81% of total revenue of ₹ 425.64 Crs and 30% increase in comparison with the previous financial year 2023-24.

(₹ in Crore)

Revenue from Operations	FY 2024-25	FY 2023-24	FY 2022-23	FY 2021-22	FY 2020-21	FY 2019-20

Total	554

BOARD OF DIRECTORS

As on March 31, 2025, the Company has 12 Directors on the Board of which 5 Directors are nominated by Government of India including the Chairman, 5 Directors nominated by Government of Tamil Nadu including the Managing Director and 2 Whole Time Directors.

BOARD SUB-COMMITTEES

The constitution of the Audit Committee, Nomination and Remuneration Committee, Operations & Maintenance Committee, Property Development Committee, Project Management Review Committee and Corporate Social Responsibility Committee as on 31st March, 2025 is covered in the Corporate Governance Report.

MEETINGS OF THE BOARD AND ITS COMMITTEES

In accordance with Section 173 of the Companies Act, 2013, during the financial year 2024-25, the Board of Directors had 4 Meetings and 16 Sub-Committee Meetings. The details of these meetings are as follows:

Description	No. of Meetings	Dates of Meetings
Board	4	1-5-2024, 10-9-2024, 20-12-2024 & 18-2-2025
Audit Committee	3	5-4-2024, 15-7-2024 & 17-02-2025
Nomination & Remuneration Committee	1	25-04-2024
Project Management Review Committee	9	8-4-2024, 15-4-2024, 31-5-2024, 26-7-2024, 24-9-2024, 27-11-2024, 13-01-2025, 31-01-2025 & 17-3-2025
Property Development Committee	3	15-4-2024, 9-5-2024 & 24-9-2024

Changes among the Directors during the Financial Year 2024-25:

- Dr R Selvaraj, IAS (DIN 01797405) Secretary to Government, Highways & Minor Ports Department is appointed as a Nominee Director with effect from 09-07-2024 vice Shri Pradeep Yadav, IAS (DIN 06565423).
- Shri Har Sahay Meena, IAS, (DIN 02481522) Principal Secretary to Government, Special Initiatives Department, is appointed as a Nominee Director with effect from 30-07-2024 vice Shri Ramesh Chand Meena, IAS (DIN 08009394).
- Shri Srinivas Katikithala, IAS, (DIN 00414340), Secretary (MoHUA), is appointed as the Chairman of CMRL, with effect from 02-09-2024 vice Shri Anurag Jain, IAS (DIN 01779759).
- Dr K Gopal, IAS, (DIN 03049057) Additional Chief Secretary to Government, Special Initiatives Department, is appointed as a Nominee Director with effect from 17-02-2025 vice Shri Har Sahay Meena, IAS (DIN 02481522).
- Shri Rajesh Chaturvedi (DIN 08920648) ceased to be Director (Systems & Operations) on 20-02-2025 due to resignation.
- Shri S Krishnamoorthy (DIN 10962792) is appointed as the Director (Finance) of the Company with effect from 21-02-2025.

Changes in Directorship during the Current Year 2025-26:

- Shri Manoj Goyal (DIN 09321404) is appointed as the Director (Systems & Operations) of the Company with effect from 07-04-2025.

KEY MANAGERIAL PERSONNEL:

Your Company has the following Key Managerial Personnel as on the date of the report.

Name	Designation

STATUTORY AUDITORS

The Comptroller and Auditor General of India, New Delhi, has appointed M/s S P & Associates, Chartered Accountants, Chennai, as Statutory Auditors of the Company for the Financial Year 2024-25. The report of the Statutory Auditors on the standalone and consolidated financial statements for the financial year 2024-25 are annexed herewith.

SECRETARIAL AUDIT

Pursuant to Section 204 of the Companies Act, 2013 read with Rule 9(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, M/s SVJS & Associates, Practising Company Secretaries, are appointed as the Secretarial Auditor of the Company for the FY 2024-25. The report of the Secretarial Auditors is annexed herewith.

INTERNAL AUDITOR

M/s JLN US & Co., Chartered Accountants are the internal auditors, for the Financial Years 2024-25 & 2025-26 to conduct internal audit of the Company. The functioning of internal auditors of the Company and their reports are reviewed by the Audit Committee from time to time.

STATUTORY DISCLOSURES:

Details regarding technology absorption and conservation of energy required under Section 134 (3) of the Companies Act, 2013 and Rule 8, of the Companies (Accounts) Rules 2014

1. Renewable Energy- Solar Power

CMRL has so far commissioned 6.5 MWp Solar Power at its Koyambedu Depot roof top and Ground level, Elevated Metro Stations Roofs, Under Ground Metro Stations, Ancillary Buildings etc. with average per day generation of 28,000 units. So far 511 lakhs units have been generated. Total carbon emission so far avoided is 46,936 Tonnes of CO2. These solar plants have been installed on **RESCO model** with no capital investment by CMRL.

2. Energy Conservation and Technology absorption

a) Regenerative Braking in train

- CMRL trains are capable of regenerative braking up to the speed of 5kmph. During regenerative braking, the energy is regenerated and fed back to the system, which is consumed by other trains and equipment.
- 32% (average) of the energy is regenerated.

b) Energy efficient equipment and methods

- CMRL is using energy efficient equipment and fixtures in stations – LED lights, energy efficient compressors, motors, 3 speed escalators (stop, creep and run) with auto operation, usage of only star rated equipment.

- Air Cooled Chiller in HVAC, which is more energy efficient has been adopted for HVAC system.
- Vertical Fan for Tunnel Ventilation System: Vertical fan design has been adopted, which is one of the unique system in metro, resulting in huge space saving and energy saving.
- In depot, mini portable compressor are used on need basis, instead of centralized large compressor air system. This system gives considerable energy saving.

c) Provision of PSD

- Reduces the penetration of dust from the tunnel.
- Increase in comfort for Passenger.
- Reduction in noise level generated by train.
- It saves 33 % of the air conditioning load, thus reducing the carbon footprint of the underground station.

Saving / optimization of Energy cost.

Electrical Energy is purchased on open market through Indian Energy Exchange (IEX) on bidding basis, whenever the cost of energy and landed cost is cheaper than TANGEDCO energy cost. This scheme has resulted in a saving of Rs.14 crores in one year in the overall energy cost.

Proposed work for green energy initiatives in future

It is proposed to install solar panels and roof top system in the upcoming Phase II project of CMRL, like what has been done in Phase I project.

Energy efficient equipment specification are being incorporated in the tendering stage itself to achieve energy efficiency.

CMRL Phase II Trains will be with regenerative braking and with the minimum benchmark energy efficiency of 48 kwh per 1000 GTKM.

FOREIGN EXCHANGE EARNINGS & OUTGO

₹ in Crores

1. Total Foreign Exchange Earned	Nil (Prev. Year-Nil)
2. Total Foreign Exchange used	500.48 (Prev. Year-119.72)

For and on behalf of the Board

Place: New Delhi
Date: 10-08-2025

Srinivas Katikithala
Chairman

CORPORATE GOVERNANCE REPORT

Corporate Governance refers to the mechanisms, processes, practices, and relations by which a company is controlled and operated by the Board. The company operates under established rules, practices, and processes designed to ensure transparency, accountability, and ethical conduct in its operations. In the execution of its roles, the Company is guided by various statutory enactments applicable to it, especially, Companies Act, 2013, CVC Guidelines, Accounting and Secretarial Standards, procurement guidelines of funding agencies, regulations prescribed by different regulatory authorities. In addition, all the applicable statutes governing the functioning of the Company in respect of Safety, Health, Environment, Welfare of the employees as well as those engaged through contractors are also being complied with.

1. BOARD OF DIRECTORS

As per the Articles of Association of the Company, strength of the Board shall not be less than 3 Directors and not more than 16 Directors and they may be either Nominee Directors, or whole-time functional Directors or Part-time Directors.

Constitution of the Board

CMRL is a Government Company within the meaning of Section 2(45) of the Companies Act, 2013. Presently, 50% of the total issued share capital is held by Government of India and the other 50% by Government of Tamil Nadu. Both the Governments have the right to nominate five Directors each on the Board. The Directors so appointed are either ex-officio in nature or by name.

Composition of the Board

As on March 31, 2025, the Company has 12 Directors on the Board, of which 5 directors are nominated by Government of India including the Chairman, 5 Directors Nominated by Government of Tamil Nadu including the Managing Director and 2 Whole-Time Directors.

Composition of the Board as on 31-03-2025

S.No	Name of the Director	Designation
1	Shri Srinivas Katikithala, IAS	Chairman / Nominee Director
2	Shri Jaideep	Nominee Director
3	Shri Radhakrishna Reddy	Nominee Director
4	Shri Sunil Mathur	Nominee Director
5	Shri Bhupender Singh Bodh	Nominee Director
6	Shri M A Siddique, IAS	Managing Director / Nominee Director
7	Shri T Udhayachandran, IAS	Nominee Director
8	Smt Kakarla Usha, IAS	Nominee Director

S.No	Name of the Director	Designation
9	Dr K Gopal, IAS	Nominee Director
10	Dr R Selvaraj, IAS	Nominee Director
11	Shri T Archunan	Director (Projects)

1.1 Responsibilities

The company's Board of Directors are responsible for and are committed to setting standards of conduct at all levels. They are also committed to update these standards, as appropriate, to ensure their continuing relevance, effectiveness and responsiveness to the needs of the stakeholders with social objectives as also to reflect corporate, legal and regulatory developments. The Board ensures that the Company has clear goals and policies for achieving these goals. The Board approved a set of guiding principles for the company in the form of Vision, Mission and Core Values. The Board oversees the Company's strategic directions, reviews corporate performance, authorizes and monitors strategic decisions, ensures regulatory compliance, safeguards interests of shareholders and Social commitments.

1.2 BOARD/ COMMITTEE MEETINGS AND PROCEDURES

a) Institutionalized decision making process:

With a view for better corporate governance, setting up systems and procedures for advance planning for matters requiring discussion and decision by the Board in an informed and efficient manner, the Company has well defined procedures for meetings of the Board of Directors and Committees thereof.

b) Scheduling and selection of Agenda items for Board / Committee Meetings:

i) The Board meets at regular intervals to discuss, review and decide on the project / other matters of the Company. The Board / Committee meetings are convened by giving appropriate notice after obtaining approval of the Chairman of the Board / Committee. Detailed agenda, management information reports and other explanatory statements are circulated in advance to ensure and facilitate meaningful participation in the meetings. However, in case of special and urgent business needs, approval is taken by passing resolutions by circulation, as permitted by law, which is confirmed in the next meeting. To address specific urgent needs, meetings at times, are also being called at shorter notice.

ii) The detailed notes on the items to be discussed at the Board / Committee meeting are prepared by Head of the Departments and submitted to concerned Functional Directors for obtaining approval by the Managing Director. Agenda notes normally classified as follows-

a. Regular agenda items

i. Grant of Leave of Absence

ii. Confirmation of the Minutes of the previous Board/Committee meeting

iii. Action taken report on the Minutes of the previous/earlier meetings

b. Agenda Items for approval of the Board

c. Agenda items for information of the Board including status on legal cases, land acquisition, compliance reports and report on accidents, if any.

iii) Duly approved Agenda notes are circulated in advance to enable Directors to take an informed decision.

iv) Where it is not desirable to attach any document or if the agenda is of a sensitive nature, the same is placed on the table at the meeting with the approval of the Managing Director. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are taken up for discussion with permission of the Chairman.

v) The meetings are usually held either at the Company's Registered Office or at the Conference Hall at Secretariat, Fort. St George, Chennai 600 009 or at the Office of the Chairman and Secretary (HUA), Ministry of Housing and Urban Affairs, New Delhi. During the financial year ended 31st March 2025, 4 Board meetings and 16 Committee Meetings were held. The meetings are also conducted through video conferencing, as permitted by the Companies Act, 2013.

vi) The Members of the Board have complete access to all information of the Company.

vii) The Board meetings are conducted in line with the applicable Secretarial Standards.

c) Briefing by the Managing Director / Director

At every meeting of the Board, the progress report of the project, key developments including status of the project and other important achievements / developments relating to the Company in various areas will be placed as one of the regular Agenda and the same be briefed and make presentation by the Managing Director / Directors to the Board Members. The Heads of the Departments are also called in to brief the Board and make presentation wherever required.

d) Recording of minutes of proceedings at the Board Meeting

Minutes of the proceedings of each Board Meeting are recorded. The minutes of the proceedings are entered in the Minutes Book. The minutes of each Board Meeting are submitted for confirmation at its next meeting after these are approved by the Chairman. The minutes of committees of the Board are also placed before the Board of Directors for information.

e) Post Meeting follow-up mechanism

The Guidelines for Board and Committee meetings facilitate an effective post meeting follow-up, review and reporting process for the decisions taken by the Board and committees thereof. Action taken report on the decision / minutes of the previous meeting (s) is placed at the immediately succeeding meeting of the Board / Committee for noting by the Board / Committee.

f) Compliance

Every Functional Director/Head of the Department while preparing agenda notes ensures adherence to all the applicable provisions of law, rules, guidelines, etc. The Compliance Certificate based on the reports received from the departments are placed before the Board in each meeting.

During the financial year 2024-25, Four (4) Board Meetings were held on 1-5-2024, 10-9-2024, 20-12-2024 & 18-2-2025

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31.03.2025

[Pursuant to Section 204 (1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members
The Chennai Metro Rail Limited
Metros, Anna Salai, Nandanam, Chennai 600035

We, SVJS & Associates, Company Secretaries, have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **THE CHENNAI METRO RAIL LIMITED [CIN:U60100TN2007SGC065596]** (hereinafter called the Company). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31.03.2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the Rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder; **(The clause is not applicable as the company is an Unlisted Public Company).**

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; **(The clause is not applicable as the company is an Unlisted Public Company).**

(iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings;

(The clause is not applicable to the Company during the Audit period)

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -

(a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011

(b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

(c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

(d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;

(e) The Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations, 2021;

(f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

(The company being an Unlisted Public Company, Clause (v) and its sub clauses (a) to (h) are not applicable)

(vi) As informed to us, the following other laws are specifically applicable to the Company:

1. The Metro Railways (Operation and Maintenance) Act, 2002
2. The Metro Railway General Rules, 2013
3. Chennai Metro Railway (Carriage and Ticket) Rules, 2014
4. The Opening of Metro Railway for Public Carriage of Passengers Rules, 2013
5. Metro Railways (Procedure for Investigation of Misbehavior or Incapacity of the Claims Commissioner) Rules, 2017

6. The Metro Railways (Procedure of Claims) Rules, 2017
7. The Metro Railways (Notices of Accidents and Inquiries) Rules, 2014
8. The Metro Railways (Construction of Works) Act, 1978
9. The Water (Prevention and Control of Pollution) Act 1974 and the Regulations and Bye-laws framed there under
10. The Air (Prevention and Control of Pollution) Act, 1981 and the Regulations and Bye-laws framed there under
11. The Environment (Protection) Act, 1986 and the Regulations and Bye-laws framed there under
12. The Biodiversity Act, 2002
13. Hazardous and other Wastes (Management & Transboundary Movement) Rules, 2016
14. Plastic Waste Management Rules, 2016
15. Bio- medical waste Management Rules, 2016
16. The Construction and Demolition Waste Management Rules, 2016
17. Battery Waste Management Rules, 2022

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards relating to Board (SS 1) and General Meetings (SS 2) issued by The Institute of Company Secretaries of India and as per our observation the Company has generally observed these Secretarial Standards.

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, etc. mentioned above subject to the following observation:

1. *The gap between 75th and 76th Board meeting has crossed the 120 days limit as required under Section 173(1) of the Companies Act, 2013 during the financial year 2024-2025. However as per Article 148 of Articles of Association, the Company is required to hold its Board Meeting in every quarter and the same is complied by the Company.*

In respect of other laws specifically applicable to the Company, we have relied on information / records produced by the Company during the course of our audit and the reporting is limited to that extent.

We report that:

The Board of directors of the Company is duly constituted with Executive and Nominee (Non-Executive) Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and in compliance with orders issued by the Government.

Adequate notices were given to all Directors to schedule the Board Meetings. Agenda and detailed Notes on Agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the Agenda items before the meeting and for meaningful participation at the meeting.

All decisions of the Board were unanimous and the same was captured and recorded as part of the minutes.

We further report that to the extent of our verification, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period there was an instances of:

(i) Issue and Allotment of 6,46,32,600 Equity shares of Rs. 1000/- each, fully paid up to existing Shareholders, i.e., Government of India and Government of Tamil Nadu on 18.02.2025.

We further report that during the audit period there were no instances of:

(ii) Public / Right / Preferential issue of shares / debentures / sweat equity other than that mentioned above.

(iii) Redemption / buy-back of securities

(iv) Merger / amalgamation / reconstruction etc. and

(v) Foreign technical collaborations

This Report is to be read with our letter of even date which is annexed as '**Annexure A**' and forms an integral part of this Report.

ANNEXURE TO THE SECRETARIAL AUDIT REPORT OF EVEN DATE

To
The Members
The Chennai Metro Rail Limited
Metros, Anna Salai, Nandanam, Chennai 600035

Our Secretarial Audit Report of even date is to be read along with this letter.

1. Maintenance of the Secretarial records is the responsibility of the management of the Company. Our responsibility as Secretarial Auditors is to express an opinion on these records, based on our audit.
2. During the audit, we have followed the practices and process as were appropriate, to obtain reasonable assurance about the correctness of the contents of the Secretarial records. We believe that the process and practices we followed provide a reasonable basis for our report.
3. The correctness and appropriateness of financial records and Books of Accounts of the Company have not been verified.
4. Where ever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards etc. is the responsibility of management. Our examination was limited to the verification of the procedures and compliances on test basis.
6. While forming an opinion on compliance and issuing the Secretarial Audit Report, we have also taken into consideration the compliance related actions taken by the Company after 31st March 2025 but before issue of the Report.
7. We have considered actions carried out by the Company based on independent legal / professional opinion as being in compliance with law, wherever there was scope for multiple interpretations.
8. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF CHENNAI METRO RAIL LIMITED FOR THE YEAR ENDED 31 MARCH 2025

The preparation of financial statements of Chennai Metro Rail Limited for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under Section 139 (5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 22.09.2025 which supersedes their earlier Audit Report dated 11.08.2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Chennai Metro Rail Limited for the year ended 31 March 2025 under Section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under Section 143(6)(b) of the Act.

For and on behalf of the
Comptroller & Auditor General of India

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) READ WITH SECTION 129 (4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF CHENNAI METRO RAIL LIMITED FOR THE YEAR ENDED 31 MARCH 2025

The preparation of consolidated financial statements of Chennai Metro Rail Limited for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139 (5) read with section 129 (4) of the Act is responsible for expressing opinion on the financial statements under section 143 read with section 129 (4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 11.08.2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Chennai Metro Rail Limited for the year ended 31 March 2025 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of Chennai Metro Rail Limited, but did not conduct supplementary audit of the financial statements of Chennai Metro Asset Management Company Limited for the year ended on that date. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) read with section 129(4) of the Act.

REVISED INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF CHENNAI METRO RAIL LIMITED

Consequent upon Audit & observation of Comptroller & Auditor General of India, the revised Audit Report on the Standalone Financial Statements is placed below. It supersedes our earlier report dated 11.08.2025. The following changes has been effected in our report:

1. In the Revised Independent Auditor's Report , under 'Report on Other Legal and Regulatory Requirements' clause 2 (g) point (iv), the following phrase has been added, i.e., "and the audit trail has been preserved by the Company as per the statutory requirements for record retention".

The above revision to the audit report is issued solely to correct the same and thereby our opinion on the Standalone financial statements given in the earlier report remain unaltered and our audit procedure on subsequent event remain restricted to date of our earlier report.

REVISED INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CHENNAI METRO RAIL LIMITED

Report on the Standalone Financial statements

This Report supersedes our Report dated 11th August 2025

Opinion

We have audited the accompanying standalone financial statements of CHENNAI METRO RAIL LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date and notes to the financial statements including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March, 2025, its loss (including other comprehensive income), its cash flow and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013, and the Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

BRANCH OFFICES:
* # 504, Zabeel Street, Karama, **Dubai, United Arab Emirates,** 185879 Mob.: 050 7882859/050 788 2389
* Flat # 102, Friends Square Apartments, 1st Main, Prasanthi Nagar, Kithgunar Main Road, Bengaluru, **Karnataka** - 560 036.

Emphasis of Matter

1. Attention is invited to Note 28.1 of the standalone financial statements. As per Ind AS 21, "The Effects of changes in Foreign exchange Rates", the entity shall give effect to the changes in foreign exchange rates. Monetary assets and liabilities subject to foreign exchange fluctuations, are to be valued on the reporting date by translating using the closing rate. The impact of Foreign Exchange fluctuation loss in respect of borrowings as on 31st March 2025 is ₹ 42,889.40 Lakhs.

2. Attention is invited to Note 18.1(f) of the Ind As financial statement wherein the management has declared that as per the stipulation of the clause 6A of Ind AS 23, the differential interest amount between the foreign currency loans taken at concessional rate and the local functional currency loan, has to be taken for capitalisation duly adjusted from the forex fluctuation. The key factor for arriving at the Interest amount for adjustment from forex fluctuation as per Ind AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. However, non-availability of any comparable loan product to that of the foreign currency loans that CMRL has availed from bilateral/multilateral agencies, the entire foreign currency fluctuation have been accounted, under Profit & Loss account. The impact of the same is loss of ₹ 42,889.40 lakhs in the FY 2024-25, Gain of ₹ 1,08,153.68 lakhs in the financial year 2023-24.

3. Attention is invited to Note 44 of the standalone financial statements, with regard to the accounting of cash losses. As per the MOU signed between CMRL and Government of Tamil Nadu (GoTN), GoTN has agreed to finance the cash losses of CMRL. Similarly, the Company has incurred cumulative cash losses of ₹ 19,760.21 lakhs up to 31.03.2025. The Company has submitted claims till March 2023.

Our opinion is not modified in respect of the abovementioned matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

The following have been considered as Key Audit Matters:

Sl No	Particulars	Comments
1	Assessment of provisions and contingent liability in respect of compliance with various laws and regulations as applicable Key Audit Matter. This sum represents claims of third parties including the compensation for land acquisition and contractors. The Company has not accepted the said claims which are contested in legal proceedings and are pending for disposal by the appellate authorities. The Company has ongoing arbitration and litigations with various authorities and third parties which could have a significant impact on the results, if the potential exposures were to materialize. The amounts involved are significant, and the application of accounting standards to determine the amount, if any, to be provided as a liability or disclosed as a contingent liability, is inherently subjective. The Company has also deposited substantial amounts with regulatory authorities against the demands in dispute, which has been classified as deposit. The outcome of such litigation is uncertain and the position taken by management involves significant judgment and estimation to determine the likelihood and/or timing of cash outflows and the interpretation of preliminary and pending court rulings. Refer Note no 36.a.i to the standalone financial statements. Due to complexity of cases, timescales for resolution and need to negotiate with various authorities, there is significant judgement required by management in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the standalone financial statements. This area is significant to our audit, since the accounting and disclosure for (contingent) legal liabilities is complex and judgmental (due to the difficulty in predicting the outcome of the matter and estimating the potential impact if the outcome is unfavourable), and the amounts Involved are, or can be, material to the financial statements as a whole. Accordingly, claims, litigations, arbitrations and contingent liabilities was determined to be a key audit matter.	Our audit approach was a combination of test of internal controls and substantive procedures including effectiveness of these controls, assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Supporting documentation are tested for the positions taken by the management, meetings are conducted with in-house legal counsel and / or legal team and minutes of Board and sub committees, Principal Audit Procedures. Obtained the list of litigations from the management and reviewed their assessment of the likelihood of outflow of economic resources being probable, possible or remote in respect of the litigations. This involved assessing the probability of an unfavourable outcome of a given proceeding and the reliability of estimates of related amounts. Assessed and validated the adequacy and appropriateness of the disclosures made by the management in the standalone financial statements

Sl No	Particulars	Comments
2	As disclosed in Note 36.a.ii contingent liability note to the standalone financial statements, the Company is involved in direct and indirect tax litigations amounting to ₹ 0.35 lakhs (PY ₹ 3,48,635.10 lakhs) and ₹ 5,121.70 lakhs (PY ₹ 5,093.77 lakhs) respectively that are pending with various tax authorities. Whether a liability is recognized or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on a number of significant assumptions and assessments.	Our procedures included, but were not limited to, the following: Review of documents /communications from the tax authorities. Comprehensive discussions with the inhouse legal counsel in assessing the management's conclusions, and understanding the precedents in similar cases;

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprise the information included in the Board's Report including Annexures to the Board's Report and Corporate Governance Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013, ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

Attention is invited to Note 18.3. The Company has received ₹ 2,83,611 lakhs (PY ₹ 18,611 lakhs) during the year towards the repayment of loan against Phase-I and Phase-I extension. Since the repayment terms are yet to be finalized, loan is not recognized as per Ind AS 109.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143(11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143 (3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, Cash Flow Statement and Statement of changes in Equity dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid standalone financial statements for the year ended 31.03.2025 comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder.

   (e) In terms of notification issued in G.S.R. 463(E) dated 05.06.2015 under clauses (a) and (b) of sub-section (1) of Section 462 and in pursuance of sub-section (2) of the said Section of the Companies Act, 2013 (18 of 2013), the provisions of sub-section (2) of section 164 of the Act, do not apply to a Government company and accordingly the question of reporting on the disqualification of appointment of Directors does not arise;

   (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our Report in **"Annexure B"**.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note No 36 to the standalone financial statements;

(ii) The company did not have any long term contracts, including derivative contracts, for which there were material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year 2024-25 which has a feature of recording audit trail facility and the same has been operated throughout the year for all transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being been tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

3. In compliance to the directions under section 143(5) and according to the information and explanations given to us, refer to our separate Report in **"Annexure C".**

ANNEXURE "A" TO THE REVISED INDEPENDENT AUDITOR'S REPORT ON THE COMPANY (AUDITOR'S REPORT) ORDER, 2020, UNDER CLAUSE (i) OF SUB SECTION 11 OF SECTION 143 OF THE COMPANIES ACT, 2013 (the Act)

This Report supersedes our Report dated 11th August 2025

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment were physically verified during the year by the management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) In our opinion, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company except to an extent of 13,02,511.71 square meters amounting to ₹ 5,83,990.43 lakhs. Details of the properties not held in the name of the company is annexed in Notes to standalone financial statements.

(d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The coverage and procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business. The discrepancies noticed on verification between physical stocks and book records have been appropriately dealt with in the accounts.

(b) The Company has not been sanctioned working capital limits in excess of 5 Crores in aggregate from banks or financial institutions on the basis of security of current assets during the year under audit.

(iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, there is no requirement to report on clause 3(iii)(a) of the Order.

(b) During the year the investments made by the Company is not prejudicial to the Company's interest. The Company has not provided guarantees or security and has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties and hence not commented upon.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, there is no requirement to report on clause 3(iii)(c) to 3(iii)(f) of the Order and hence not commented upon.

(iv) According to the information and explanations given to us, the company has not given any loans, guarantees or security or made any investments during the year attracting the provisions of Sec. 185 or Sec. 186 of the Companies Act, 2013 and accordingly, reporting in clause (iv) of paragraph 3 of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the company has not accepted any Deposits and accordingly, reporting under clause (v) of paragraph 3 of the Order is not applicable to the Company.

(vi) According to the information and explanations provided to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act.

(vii) (a) According to information and explanations given to us and on the basis of our examination of the books of account and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Income-Tax, Duty of Customs, Cess, Goods and Service Tax and any other statutory dues with the appropriate authorities. According to information and explanations given to us, Sales tax, Service Tax, Employee State Insurance, Duty of Excise and Value added Tax do not apply to the Company for the year.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2025 for a period of more than six months from the date they become payable.

(c) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, labour cess, value added tax and Goods and Service Tax outstanding on account of any dispute except as given below:

Particulars	Nature of Dues	Amount Disputed (in Lakhs)	Period to which the dispute relates	Forum where the dispute is pending	Pre-deposit in lakhs (if any)
Income Tax Act, 1961	Interest on Tax deducted at Source	0.07	Apr 07 – Mar 08	ACIT, Chennai	
		0.19	Apr 09 – Mar 10		
		0.07	Apr 10 – Mar 11		
		0.02	Apr 11 – Mar 12		
Finance Act, 1994	Service Tax	684.93	Apr 14 to Jun 17	CESTAT, Chennai Bench	15.25
CGST Act, 2017	GST	5.00	Dec 17 to Dec 18	Commissioner of GST and Central Excise, Chennai	
		1,363.77	Apr 15 to Jun 17		136.37
Tamil Nadu Construction Workers Welfare Board	Labour Cess	3,068.00	Apr 11 to Feb 21	Reply submitted to Labour Cess department	

(viii) No transactions which are not recorded in the accounts in the previous years have been disclosed or surrendered before the tax authorities as income by the company during the year. Accordingly, there is no requirement to report on clause 3(viii) of the Order.

(ix) (a) The company has availed loans from Government of India [under pass through assistance of loan] from Japan International Corporation Agency (JICA), Asian Infrastructure Investment Bank (AIIB), Asian Development Bank (ADB), New Development Bank (NDB) and sub-ordinate debt from Government of India and Government of Tamil Nadu. As explained to us, the interest accrued and due on such loan and current maturities of long-term debt to the extent of ₹ 38,301.62 lakhs and ₹ 35,660.11 lakhs respectively, remaining unpaid, has been met by Government of India on the respective due dates.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Term loans are being used by the company for the objects for which they have been obtained.

(d) The Company did not raise any short term funds during the year and hence the question of application of such funds for long term purposes does not arise.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. Accordingly, there is no requirement to report on clause (ix)(e) of the Order.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, there is no requirement to report on clause (ix)(f) of the Order.

(x) (a) According to the information and explanations given by the management, the Company has not raised any money during the year by way of initial public offer/further public offer (including Debt instruments) hence, reporting under clause 3(x)(a) is not applicable to the Company and hence not commented upon.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and accordingly, there is no requirement to report on clause 3(x)(b) of the Order.

(xi) (a) No fraud by the Company has been noticed during the year. However, material fraud on the Company has been noticed during the year, as described below.

As informed to us by the Company's Management, the contract staff who were assigned as ticketing operators at Metro Stations pilfered to the tune of ₹ 67.09 lakhs.

The station management contract had been given by the Company to two Contractors. The fraud came to light in November 2024 during a routine check on the settlements made by a ticketing operator at one of the metro stations, when the Company officials found that some top up transactions of travel cards were missing in their system. On analysing CCTV footage of ticketing counters, officials found unwarranted booting by the operators of the ticketing system multiple times, during the travel card top up.

The fraud has been carried out by manipulating the ticket revenue recording process. That is, when a customer submits the travel card for recharge, the Operator taps the card on the Ticketing office machine (TOM) that enables travel cards to recharge, thus allowing the customer to travel. Right after the card is tapped, the operator reboots the system inside a ticket counter stopping the data backup from reaching the central computer. By this rebooting, the top up is done only in the card but not synchronised with Automatic Fare collection (AFC) system's data base.

This malpractice had resulted in loss of revenue to CMRL. A case has been registered with Cyber Crime Wing of Chennai Police. Independent of that, the Company has taken action against the two contractors to compensate the loss. Action to recover the loss from the two contractors is in place in the financial year 2025-26, as verified by us under transactions post balance sheet date of the financial year 2024-25.

(b) During the year, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by cost auditor/secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) No whistle blower complaints have been received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) In our opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) (a) to (c) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the Related parties are in compliance with Section 177 and 188 of Companies Act, 2013 where applicable And the details have been disclosed in the notes to the standalone financial statements, as required by the Applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in Section 192 of Companies Act, 2013.

(xvi) (a) According to the information and explanations given to us, the provisions of Section 45-IA of The Reserve Bank of India Act, 1934 are not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, there is no requirement to report on clause (xvi)(b) of the Order.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, there is no requirement to report on clause 3(xvi) of the Order.

(d) The Group does not have more than one CIC as part of the Group, Accordingly, there is no requirement to report on clause 3(xvi)(d) of the Order.

(xvii) The CMRL has not incurred any cash losses during the FY 2024-25. However, company has incurred cumulative cash losses up to 31.03.2024 ₹ 26,222.80 lakhs and submitted claims until 2023 for ₹ 22,950.23 Lakh. The cash losses will be reimbursed by the Government of Tamil Nadu as per terms of MOU.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly, there is no requirement to report on Clause 3(xviii) of the Order.

(xix) On the basis of the analysis of financial ratios, ageing and expected dates of realization of Financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing

has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) There are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act, 2013 in compliance with second proviso to sub-section 5 of Section 135 of the Act. Accordingly, there is no requirement to report on Clause 3(xx) of the Order.

ANNEXURE "B" TO THE REVISED INDEPENDENT AUDITOR'S REPORT

This Report supersedes our Report dated 11th August 2025

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of **CHENNAI METRO RAIL LIMITED** ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal financial controls with reference to standalone financial statements:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the company;

2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls were operating effectively as at March 31,2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "C" TO THE REVISED INDEPENDENT AUDITOR' REPORT

This Report supersedes our Report dated 11th August 2025

(Referred to in paragraph 3 under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

In compliance to the directions under section 143(5) and according to the information and explanations given to us, we report as here under:

Sl No.	Areas Examined	Replies
(i)	Whether the Company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company has implemented Odoo Accounting Software (open source) for recording its financial transactions. The software processes all the accounting transactions except: a. Payroll and HR - Processed through a standalone software called SARAL; b. Contractor's IPA submission / CMRL's IPC certification for Phase II processed through a standalone software called PMIS; c. Project capitalization / Land Register / Inventory - Processed separately manually/ Excel Spreadsheet Workings; d. Property, Plant and Equipment and Depreciation thereon - Processed through Fixed Asset Management Software (FAMS) and Excel Spreadsheet Workings; The transactions processed outside the IT systems are verified by the authorized personnel and accounted for in the IT systems with maker-checker controls for ensuring data accuracy and data integrity. Further, our test checks did not indicate any lacunae resulting in adverse financial implications on the transactions processed outside the IT systems.
(ii)	Whether there is any restructuring of an existing loan or cases of waiver/ write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (In case, lender is a Government company, then this direction is also applicable for statutory auditor of lender company).	During the year, there were no restructuring of loans or cases of waiver/write off of debts/ loans /interest etc., made by a lender to the company.
(iii)	Whether funds (grants/ subsidy etc.) received/ receivable for specific schemes from Central/ State Government or its agencies were properly accounted for/ utilized as per its terms and conditions? List the cases of deviation.	Funds received/receivable for specific schemes from Central/State Government or its agencies during the year have been properly accounted for and utilized as per their terms and conditions.

CHENNAI METRO RAIL LIMITED

Notes to Standalone Financial statements for the year ended 31st March, 2025

Company Information

Chennai Metro Rail Limited (referred to as "the Company") is incorporated in India (CIN U60100TN2007SGC065596) under the Companies Act, 1956 on 3rd December 2007 and is a Government Company within the meaning of Section 2(45) of the Companies Act 2013 (Section 617 of the Companies Act, 1956). It is a Special Purpose Vehicle (SPV) and Joint Venture between Government of India (GoI) and Government of Tamil Nadu (GoTN) for the implementation of Chennai Metro Rail Project in Chennai, Tamil Nadu.

NOTE NO. 1 - KEY ACCOUNTING ESTIMATES AND JUDGEMENTS & MATERIAL ACCOUNTING POLICIES

1.1. Basis of Preparation of Standalone Financial statements

These standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 & subsequent/relevant amendments issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2. Key Accounting Estimates and Judgements

The preparation of the standalone financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions influence the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the standalone financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the standalone financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

Significant areas of estimation, uncertainty, and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as given below –

a) Tenure of Interest Free Subordinate Debt from Government

As per the MoU among CMRL, GoTN and GoI, subordinate debt is to be repaid after repayment of Senior Term Debt availed for the metro project. For the purpose of determining the fair value

of subordinate debt from GoI and GoTN, it has been assumed that the loans would be repaid in full in the year in which the last repayment instalment date of the latest Loan tranche falls due, in the absence of information regarding any specific loan repayment schedule at present.

b) Fair Value of Interest Free Loans/Deposits

For the purpose of determination of fair value of interest free subordinate debt and other interest free long-term deposits, interest rate has been considered based on G-sec rate for comparable tenor.

c) Useful lives of Property, Plant & Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

d) Defined Benefit Plans and Compensated Absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

e) Provisions, Contingent liabilities/Assets:

Provisions are determined based on management estimate at the balance sheet date based on the value of work done and services rendered. Contingent liabilities/assets are disclosed on the basis of judgment of management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

1.3. Material Accounting Policies

A) Property, Plant & Equipment

i. Property, plant, and equipment are stated at cost, less accumulated depreciation, and impairment, if any. Costs directly attributable to the acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Borrowing costs relating to qualifying assets are also included to the extent they relate to the period until such assets are ready to be put to use.

ii. Expenditure incurred on enabling assets viz. utility diversion, environmental protection, road diversion / restoration / signage, renovation work of drainage system and rehabilitation and resettlement which is compulsorily required to be incurred and directly attributable to the construction of the project is capitalized with the respective identifiable assets.

iii. Indirect expenses like Employee expenses of common manpower are allocated to projects and operation based on the estimated time spent for the project and operation department on the estimated time spent on the individual project. Common administrative expenses are allocated in the ratio of manpower expenses.

iv. In the case of assets put to use, where final settlement of bills with contractors is yet to be effected, capitalization is done on provisional basis subject to necessary adjustments in the year of final settlement.

v. Assets & systems common to more than one section of the project are capitalized on the basis of technical estimates/assessments.

vi. Items such as spare parts, stand-by equipment and servicing equipment are recognized in accordance with Ind AS 16 when they meet the definition of Property, Plant & Equipment. Otherwise, such items are classified as inventory.

vii. Capitalization of assets for a new section to be opened for public carriage of passengers is done after ensuring its completeness in all respects after administrative formalities and compliance of the requirements stipulated by Commissioner of Metro Rail Safety which is imperative for the opening of the section.

viii. Subsequent Cost of Capitalization:- Subsequent expenditure incurred on the existing assets are recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

ix. Stores and spares, purchased along with Property, Plant and Equipment are capitalized and depreciated along with the main asset.

x. Repairs and maintenance costs are charged to the Statement of Profit and Loss when incurred.

xi. The cost and related accumulated depreciation are eliminated from the standalone financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed-off are reported at the lower of the carrying value or the fair value less cost to sell.

xii. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

xiii. De-recognition :- Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and Losses on de-recognition of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of Property, Plant and Equipment, and are recognized in the Statement of Profit and Loss.

xiv. Freehold Land from Government and Government Departments

- Freehold lands received from Government of Tamil Nadu (GoTN) by means of interest free subordinate debt are capitalized at the relevant Guideline value on actual possession.
- Lands acquired from public bodies, under an arrangement of swap with GoTN, are capitalized at the values stipulated by the appropriate authorities.
- Lands acquired by the company from various Government agencies for payment consideration are capitalized on possession of the land at the value of the consideration paid.

xv. Freehold land acquired from Private Land Owners

Amount paid for acquisition of private land obtained through Private Negotiation Committee is capitalized upon receiving original sale deed after registration. Land acquired through award is capitalized upon pronouncement of award by the competent authority and the payment of the compensation and/or possession of land. Any enhanced compensation demanded by the land owners shall only be accounted based on actual decision of the courts or the decision of the Private Negotiation Committee accepted by the management.

xvi. Gift land received from Government/Government agencies shall be treated as Government Grant as per Ind AS on the guideline value at the time of possession of land.

xvii. Land received as gift from private landowners shall be accounted on the guideline value at the time of registration of gift deed by treating it as capital reserve.

B) Capital Work-in-Progress

i. Assets under installation or construction as on the balance sheet date are shown as Capital Work in Progress. In case of lump-sum/BOQ contracts, the company accounts for liabilities towards its project related contractual obligations on receipt of claims. Pending receipt of claims, liability towards such claims receivable for the period up-to the close of the accounting year has been estimated and accounted for. Administrative and general overheads (net of income) directly/indirectly attributable to project are classified as expenses pending capitalization and grouped under capital work in progress.

ii. Liquidated damages and penalties are accounted for on settlement of final bills or on award of arbitration proceedings with arbitration tribunal or with judicial authorities. Liquidated damages levied to mitigate the extra cost of construction are adjusted against the cost of related property, plant & equipment. Other LD's are recognized in the statement of profit and loss.

C) Depreciation & Amortization

Depreciation is charged on straight line basis over the estimated useful life of property, plant and equipment as prescribed under Schedule II of the Companies Act, 2013.

D) Intangible Assets

Intangible assets including permissions are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful life on a straight-line basis, from the date that they are available for use.

However, in case of the following assets, depreciation and amortization is based on the useful life as determined by the management based on technical evaluation, which is different from the useful life prescribed in Schedule II to the Companies Act, 2013.

Asset Type	Asset Group	Useful life
Track Works	Track works	30 years
Viaducts	Viaducts	30 years
Rolling Stock	Rolling Stock	30 years
Escalators & Elevators	Escalators & Elevators	30 years
Differently abled Ticket Counter	Building	15 years
Tunnel Ventilation System- SCADA	Tunnel Ventilation System	15 years
Tunnel Ventilation System- Others	Tunnel Ventilation System	20 years
Dewatering Pump and Accessories	Plant & Machinery	15 years
Mobile Phones, Tablets etc.	Office Equipment	3 Years
Rolling Stock Asset Management Software	Software	30 years
All assets	Assets costing ₹ 5,000 or less	Year of purchase

Depreciation & Amortization methods, useful lives and residual values are reviewed at the end of each financial year.

E) Government Grants

i. Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received, and the company will comply with all attached conditions.

ii. Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

iii. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a systematic basis over the expected life of the related depreciable assets and presented within other income.

iv. Government grants relating to the investments in equity are included in Non-current liabilities as deferred income and are credited to profit or loss over the prescribed period on the basis of implementation and stabilization of commercial projects

v. When the company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

vi. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

F) Foreign Currency Transactions

i. Functional Currency

The functional currency of the company is the Indian rupee. These standalone financial statements are presented in Indian rupees (rounded off to Lakhs).

ii. Transactions & Translations

Foreign-currency denominated monetary assets and liabilities, including Bi-lateral and multilateral borrowings, are translated into the relevant functional currency at the exchange rates effective at the balance sheet date. The gains or losses resulting from such translations are included in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value/historical cost are translated at the exchange rate prevalent at the date when the fair value was determined/at the date of transaction.

Revenue, expense, and cash-flow items denominated in foreign currencies are translated into the relevant functional currency using the exchange rate in effect on the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

G) Inventories

Inventory is valued at cost or net realizable value whichever is lower. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

H) Non - Moving Stores and Spares

The diminution in the value of obsolete, unserviceable, surplus and non-moving items of stores and spares (excluding Insurance/Mandatory/Critical spares) is ascertained on review and provided for.

I) Cash & Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash, cheques in hand, bank balances and demand deposits with banks that are repayable on demand.

J) Employee Benefits

i. Short Term Obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

ii. Other Long Term Employee Benefit Obligations

The liability for encashable leave/leave travel concession that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method, determined based on actuarial valuation. The benefits are discounted using the market yields at the end of the reporting period on Government Bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

iii. Post-Employment Obligations

a. Defined Benefit Plan – Gratuity

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end

of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually using the projected unit credit method based on actuarial valuation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined benefit Obligation (Gratuity) is considered both for employees on the permanent role of the Company & employees working under contractual role assuming they will serve for the minimum eligibility period for claiming gratuity.

b. Defined Contribution Plan – Provident Fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

c. Employment Benefits to Deputationists

Employee benefits due to employees on deputation from other GoI/GoTN departments/PSU's are paid to their respective parent organization/employer based on their direction. Necessary provision for such benefits payable at the close of the Financial Year are estimated and provided for.

Contribution towards Provident Fund and the Gratuity liability as per the valuation made by an Independent Actuary are generally funded to the respective Trust/ Institutions where the funds are parked.

K) Prepaid Items

Individual Items of Prepaid Expenses over ₹ 1,00,000/- each are only recognized in the balance sheet. Others are charged off to the P&L a/c of the same financial year.

CHENNAI METRO RAIL LIMITED
Notes to Standalone Financial Statements for the year ended March 31, 2025

L) Preliminary Project Development Expenditure

Preliminary project development expenditure includes expenditure on feasibility and other studies, development expenditure, expenditure on exploration works, technical knowhow etc. The cost of the project is transferred to capital as and when implemented. In case such projects are identified for transfer of business by Govt. the expenditure incurred will be recovered from the prospective developer. If the projects are abandoned with reference to Government orders or otherwise, such expenditure are charged to the Statement of Profit and Loss in the respective years.

M) Prior-Period Items

Prior period items, effects of changes in Accounting estimates and Accounting Policy and prior period errors of material nature are corrected retrospectively by restating the comparative amounts for the prior period (s) presented in which the error occurred. Other prior period items are accounted in the year of financials.

N) Events after the reporting period

Material adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognised in the standalone financial statements. Non adjusting events (that are indicative of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represent material change and commitment affecting the financial position are disclosed.

O) Revenue Recognition

The company derives revenue from traffic operations, business development & interest on bank deposits. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, GST and amounts collected on behalf of third parties. The company recognizes revenue when the amount of revenue can be reliably measured, and it is probable that future economic benefits will flow to the entity.

i. Fare Revenue

Income from fare collection is recognized on the basis of use of QR code(including printed), money value of the actual usage in case of Smart Cards and other direct fare collection. Tickets are recognized as revenue on the day of purchase.

ii. Income from Business Development

Rental income arising from operating leases of spaces along rails is recognized in accordance with the terms and conditions of the contract with the licensee/lessee and is accounted for on a straight-line basis over the lease terms. Such rental income is included in revenue in the statement of profit or loss.

iii. Impairment

Financial Assets (including receivables) Impairment of financial assets in accordance with Ind AS 109- 'Financial instruments', the company applies internal assessment for measurement and recognition of impairment loss on the credit risk exposure of trade receivables.

iv. Interest Income

a. Interest on short term deposits with banks is recognized as income in the statement of profit and loss, using the effective interest method.

b. Interest on mobilization & other advances to vendors on Capital Works is adjusted against the Expenses Pending Capitalization.

v. Other Incidental Income

Income from sale of tender documents is recognized in the Statement of Profit and Loss. Rental Income receivable from the contractors in connection with the construction works are reduced from the expenses pending capitalization. Interest income, insurance claims, and income from sale of scrap are also mapped under Other Income

vi. Insurance Claim

Insurance claims are recognized in the period in which there is acceptance of the claim.

P) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

Q) Taxation

The income tax expense or credit for the period consist of the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction and the changes in deferred tax assets and liabilities attributable to temporary differences and

to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable profits will be available to utilize those temporary differences.

Deferred tax asset arising from unused tax losses or tax credits are recognized only to the extent that the entity has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

R) Provisions, Contingent Liabilities & Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made on the amount of the obligation.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent asset is disclosed when the inflow of economic resource is probable and is material.

S) Cash Flow Statement

Cash flows are reported using the indirect method prescribed in the Ind AS 7 'Statement of Cash Flows, wherein the cash & bank transactions are categorized into the cash flows from operating, investing and financing activities of the Company.

T) Financial Instruments

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition.

ii. Subsequent Measurement

a. Financial Assets carried at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial Assets at Fair Value through Profit or Loss

A financial asset which is not classified in the above category is subsequently fair valued through profit or loss.

c. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts are the historical value, due to the short maturity of these instruments.

iii. De-recognition of Financial Instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iv. Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes, etc. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

U) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the Principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liability for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted price in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs)

Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – inputs other than the quoted prices included within level 1 that are observable for the assets or liability, either directly or indirectly

Level 3 – inputs that are unobservable for the asset or liability

For assets or liabilities that are recognized in the standalone financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

V) Leases

Company as Lessee

The company classifies a contract as lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement of lease, a right-of-use asset and a lease liability is recognized. Right-of-use assets are measured at cost less the accumulated depreciation and lease liability are measured at the present value of the lease payments that are not paid on that date. The lease payments are discounted using the interest rate implicit in the lease or the incremental borrowing rate. The interest expense is recognized by the Company in the Profit & Loss account separately from the depreciation charge for the right-of-use asset. The company depreciates the right-of-use asset from the commencement date to the end of useful life of the right-of-use asset or the end of the lease term whichever is earlier.

Lease payments associated with short term leases are recognized by the company as an expense on a straight-line basis over the lease term or on the basis of benefit pattern.

The company has adopted Ind AS 116, Leases, effective from April 1, 2019 & elects to apply it retrospectively to recognize the cumulative effect of initially applying this Standard as an adjustment to the opening balance of an appropriate equity component, at the date of initial application. CMRL has chosen not to apply this Standard to contracts that were

not previously identified as containing a lease as per the transitional option given in the Standard.

Company as Lessor

A lease is classified at the inception date as a finance lease or an operating lease. Leases, in which the Company does not transfers substantially all the risks and rewards incidental to ownership of an asset are classified as an operating lease. Assets held under operating lease is capitalised in the books of accounts. Initial direct costs incurred in connection with obtaining the lease is added to the carrying amount of the asset. The lease payments from operating leases is recognised as income on a straight-line basis. The expenses associated with earning of lease income, like depreciation, is recognised as expense.

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Company shall recognise finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease. Derecognise the underlying asset and Present lease receivables at an amount equal to the net investment in lease.

W) Impairment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the asset exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

X) Earnings Per Share

i. Basic Earnings Per Share

Basic earnings per share is calculated by dividing

- The net profit attributable to the equity holders of the company
- By the weighted average number of equity shares outstanding during the period

ii. Diluted Earnings Per Share

Diluted earnings per share is calculated by dividing

The net profit attributable to the equity holders of the company

- by the weighted average number of equity shares considered for deriving basic earnings per equity share and
- also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

1.4 Changes to Significant Accounting Policies and other matters in relation thereto:

Capitalization of land through award - Point A (xv) of Note 1.3

Hitherto, lands acquired through awards have been capitalized based on the release of payment wherein the possession of the land is a preexisting event by default. However, in the FY 2024-25, in a couple of cases where the land is held with multiple ownership, partial settlement of the payment could only be done due to non-availability of a few owners. The total value of the land is ₹ 9,156.81 Lakh of which ₹ 617.64 Lakh could not be settled due to the absence of the recipient. However, the entire land parcel has been taken possession of and put into project use. Hence, capitalization becomes imminent and thereby, the capitalization policy is updated by including 'possession' as an added criterion. As stated above, ₹ 617.64 Lakh is the impact to the financials by way of increase in the land capitalization as compared to the earlier year policy.

Note 18.1(c) The Sanction Order No. K-14011/42/2005 dated 18.02.2009 of Government of India states that, in case the SPV is not able to repay the loan, as and when it becomes due, on account of cash losses, the responsibility for the same shall be with the Government of Tamil Nadu.

Note 18.1(d) The Pass Through Assistance (PTA) provided to the company by Government of India(For Phase-I & Phase-I Extn.) and Government of Tamilnadu(Phase-II), based on the loan agreement with Japan International Cooperation Agency (JICA), Asian Infrastructure and Investment Bank (AIIB), Asian Development Bank(ADB) & New Development Bank(NDB) for development of Metro Rail infrastructure in Chennai in different phases. The PTA funds are being released by GoI/GoTN to the company through budgetary provisions in INR. Until 31st March 2025, the Bi-lateral/Multilateral agencies have reimbursed claims amounting to ₹18,50,899.90 lakhs and the liability is with the company for settling the amount.

Note 18.1(e) As per Ind AS 109 , any non current loan taken at concessional or nil rate of interest shall be discounted at the market rate of interest . In case of CMRL, Bilateral/Multi-lateral loan has been availed at concessional rates for a minimum tenure of 25 years. In the absence of any comparable loan in the functional currency , the company has presumed the actual rate of interest as the market rate. Hence discounting is not necessary in the given case. Further external borrowings for metro rail projects across the country are of similar terms and conditions

Note 18.1(f) Ind AS 23: As per the stipulation of the clause 6A, the difference in interest between the foreign currency loan and the functional currency loan, in which the company operates, needs to be considered as borrowing cost duly adjusted from the forex fluctuations and taken to the capitalisation with the qualifying asset.

The key factor for arriving at the Interest amount adjusted from forex fluctuation as per IND AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. The multilateral and bilateral loans are extended to Government companies/PSUs, duly backed up by sovereign guarantee or given as Pass Through Assistance (PTA) for execution of public utility services. However, there is no comparable loan product of this kind of longer tenor foreign currency loans with lower interest rates are available in Indian financial system.

In view of the above, the entire foreign currency fluctuation is accounted in the P&L a/c. Impact of this is Rs. 42,889.40 Lakhs(loss) in FY.24-25, ₹1,08,153.68 Lakh(Gain) in FY 23-24.

Note 18.1(g)- Phase-II Project

Government of India(GoI) has approved the implementation of three Metro Rail corridors for a length of 118.9 Km under Phase-II project at a cost of ₹ 63,246 crores, on 18th Oct 2024, with contribution in the form of equity & subordinate debt and the Memorandum of Understanding(MoU) between Government of India, Government of TamilNadu and the company was executed on 20th Dec 2024.

- As per the MoU between GoI, GoTN & Chennai Metro Rail Limited, the company will be required to repay the subordinate debt to GoI and GoTN only after repayment of entire senior term debt (Bi-lateral/Multilateral loan) availed for the project. The Company is in the process of seeking clarification on the terms of repayment of Sub-ordinate debt. On receipt of the necessary clarification, accounting adjustment required, if any, based on the terms of repayment, will be appropriately carried out in the books of accounts of the Company.

Note:18.3: The company has received ₹ **2,83,611.00 Lakh** (P.Y. ₹ 18,611.00 Lakh) cumulatively towards the repayment of loan against Phase-I & Phase-I Extension. Since the repayment terms are yet to be finalized, loan is not recognized as per Ind AS 109.

Total	**404.66**	**411.15**

Note 21 - Deferred Tax Liabilities (Net)
The Company has a net deferred tax asset of ₹ 81,707.53 Lakh (P.Y. ₹ 55,916.85 Lakh)(Refer Note 20.1) and as a matter of prudence, the deferred tax asset is not recognized in books.
Though temporary differences shall get zeroed out over the years, the company recognises the deferred tax asset on unabsorbed depreciation and business losses, as per the time limits given in the act, and nets that off with the temporary difference. Since the company is making losses currently, this practice shall continue until the company turns into profit, thereby recognizing the current tax & deferred tax in the books, as applicable.

35. Capital Management

Chennai Metro Rail Limited is a Joint venture of Government of Tamil Nadu (GoTN) and Government of India (GoI) incorporated as a Special Purpose Vehicle (SPV) for the purpose of construction of Metro Rail Network in the City of Chennai. The primary objective of the Company is to provide a safe, fast, reliable, accessible, convenient, comfortable, efficient, and affordable public transport service.

The ownership of the Company and financing of the project is as per the tripartite Memorandum of Understanding(MoU) dated 15th February 2011 entered among GoI, GoTN and CMRL. As per the MoU, CMRL is jointly promoted by GoI and GoTN with equal equity holding. There are separate MoU's, on the same lines, for Phase-I Extension and Phase-II of the project signed on 02nd September 2017 & 20th December 2024 respectively.

The capital structure of the company comprises equity share capital and debts. The financing of the project is done through a mix of equity, interest free sub-ordinate debt, and senior term debt from Bilateral/Multilateral agencies (JICA/ADB/AIIB/NDB).

The Company's capital consists of equity capital and other equity attributable to shareholders of the Company. As stated above, the shares of the company are held in equal proportion by the Government of India and Government of Tamil Nadu. The Company being a Government Company, the requisite levels of equity and debt, which has to be maintained, is determined based on the approval accorded in the 14th and 15th Annual General Meeting (AGM), that is broadly determined based on the project finance requirements and other sources of long-term finance.

Note 35.1 - The carrying amount of financial assets and financial liabilities measured at amortized cost in the standalone financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

CHENNAI METRO RAIL LIMITED
Notes to Standalone Financial Statements for the year ended March 31, 2025

Note 35B - Financial Risk Management - Objectives & Policies

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of cash and cash equivalents, other balances with banks, trade receivables and other receivables/recoverable.

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors (Board) oversee the management of these financial risks through the functional directors. The key managerial personnel of the company lay down the broad structure for managing risks and the framework for risk management. The framework seeks to identify, assess, and mitigate financial risks to minimize potential adverse effects on the Company's financial performance.

The following disclosures summarize the Company's exposure to financial risks:

(1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises mainly two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk includes borrowings, trade payables, trade receivables, other receivables/ payables, etc.

(2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks, and other receivables. Since there is no concept of credit in case of traffic revenue, there is negligible or no credit risk as far as this stream of revenue is concerned.

With respect to the receivables in case of business development contracts, the Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. Wherever possible, the payment terms are structured in the company's favor and the amounts are mostly required to be paid in advance. Also, all contracts have a security deposit clause requiring an amount to be deposited with the company or a guarantee of equivalent amount to be given which further reduces the credit risk. The Company's exposures are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties. Credit risk arising from investment in balances with banks is limited and there is no collateral held against these because the counterparties are recognized financial institutions with high credit ratings viz., banks.

(3) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. The Company has an established liquidity risk management framework for managing its short term, medium term and long-term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. As per the MoU, the project cost for the metro project is funded by a mix of equity, government subordinate debt and senior term debt from Bilateral/Multilateral agencies and the financing of cash losses by GoTN.

CHENNAI METRO RAIL LIMITED
Notes to Standalone Financial Statements for the year ended March 31, 2025

40. Employee benefits

a. Defined Contribution Plans

Provident Fund: The Company has made equal contribution towards Voluntary EPF scheme. The expense is recognized on an accrual basis.

Particulars	2024-25	2023-24
Contribution to Provident Fund	₹ 546.52 Lakhs	₹ 461.71 Lakhs

Pension: The Company's pension Scheme is linked with voluntary provident fund Scheme. All employees (excluding the deputation employees) of Company under EPF scheme are covered under EPS scheme. Under this scheme, out of 12% of employer contribution under EPF scheme 8.33% is covered under EPS Scheme. For deputation employees, ₹ 107.80 Lakhs (P. Y. – ₹ 69.18 Lakhs) is created as liability towards Pension contribution.

Employee benefits due to Deputationists are paid to their respective organizations from where they have been deputed based on the direction given by their organizations. In respect of deputation employees, contribution towards provident fund, pension and leave salary contribution are made as per the directions provided by respective departments. In case of gratuity, for eligible employees they are paid / provided by the respective organizations from where they have been deputed.

b. Defined Benefit Plan - Gratuity (Funded)

The company has a defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered trust. It is governed by the Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The Company has on roll 344 regular employees, 213 contract employees, 39 employees under retired category as of 31st Mar'25. Gratuity Plan for employees are managed by CMRL Employees Gratuity Trust, and the fund balance maintained with Life Insurance Corporation of India (LIC) as on 31st Mar'25 is ₹ 1,580.08 Lakhs and with CMRL Employees Gratuity Trust as on 31st Mar'25 is ₹ 386.12 Lakhs.

Each year, the Board of Trustees and the Company review the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Company decides its contribution based on the results of this annual review. The gratuity liability, to all the employees, are provided for on the basis of actuarial Valuation. The aforesaid defined benefit plan typically exposes the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk, as detailed below:

Investment Risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Interest Risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity Risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of defined obligation were carried out as at 31st March, 2025 by Actuarial Valuer. The present value of the defined benefit obligation and the related current service cost were measured using the projected unit credit method. The details as per the said valuation report is attached.

c. Other Long-Term Employee Benefits - Leave Travel Concession (unfunded)

Employees and their family members are eligible, once during a period of 2 calendar years, for Leave Travel Concession to travel to their hometown by the shortest / direct route. Also, they are eligible for travel to any place in India once in a block of 4 calendar years in lieu of a journey by the direct/shortest route to home town. If LTC other than home town is not availed, the employee is entitled to avail LTC for home town 3 times in a block of 4 calendar years. The mode of transport entitled to employees is based on their category.

Concession not availed in a particular block of 4 years can be carried forward and availed in the first year of the succeeding block. An employee whose family is living away from headquarters may avail of the concession for himself alone once in every year for visiting his home town. The details as per the said valuation report is attached.

d. Other Long Term Employee Benefits - Leave Encashment, Half-pay leave(funded)

Company allows entitlement of half Pay leave to all eligible employees at the rate of 20 days for every year of service and the unutilized portion can be carried forward without any upper limit.

An employee availing half pay leave is entitled to receive salary equal to the half of basic + DA components of salary. However, other allowances are paid in full. The maximum half pay leave that can be availed at a time is 24 months. Half-pay Leave can be encashed by the employees subject to Leave Rules. The details as per the said valuation report is attached.

CHENNAI METRO RAIL LIMITED
Notes to Standalone Financial Statements for the year ended March 31, 2025

e. Other Long-Term Employee Benefits - Leave Encashment (funded)

Leave Encashment: As per HR policy of the company, each eligible employee is credited with 30 days of earned leave and 20 days of half pay leave each year. In case of earned leave, only 50% of leave balance in leave account can be encashed once in a calendar year. The liability on this account is recognized on the basis of actuarial valuation. The details as per the said valuation report is attached.

The company has created fund with ICICI -Prudential towards Leave Encashment and Half -Pay Leave. The Balance in this fund as at 31st Mar 25 is ₹ 1,212.05 Lakhs

41. In line with practices already being followed by the company, certain accounting policies have been re-worded for the purpose of better disclosure and these do not have any impact on the standalone financial statements.

42. In assessing the recoverability of receivables, the Company has considered internal and external information up to the date of approval of standalone financial statements. Based on the current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. Despite the fact that confirmation of balances has been sought for, only a few parties (suppliers of goods and services and operating lessees) have furnished the same which have been appropriately considered in the accounts.

In the absence of any claims to the contrary from any other party, any adjustment to the carrying amounts is not expected / estimated to be material. The company has accounted / effected payments based on assessments carried out internally. Further, any adjustment to the carrying amounts of the assets / liabilities is not expected to be material.

43. The following are analytical ratios for the year ended 31st March 2025 and 31st March 2024.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CHENNAI METRO RAIL LIMITED

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of CHENNAI METRO RAIL LIMITED (CMRL) (hereinafter referred to as "the Parent Company") and its joint venture (the parent and its joint venture together referred to as 'the Group'), which comprise the Consolidated Balance Sheet as at 31 March 2025 and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of material accounting policy information and other explanatory information ('the Consolidated Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of joint venture as were audited by the other auditors, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the Consolidated State of Affairs of the Group as at 31 March 2025, and its Consolidated Profit And Other Comprehensive Income, Consolidated Changes in Equity and its Consolidated Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered

Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in the 'Other Matters' paragraph below is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Emphasis of Matter

1. Attention is invited to Note 28.1 of the Consolidated Financial Statements. As per Ind AS 21, "The Effects of changes in Foreign exchange Rates", the Parent Company shall give effect to the changes in foreign exchange rates. Monetary assets and liabilities subject to foreign exchange fluctuations, are to be valued on the reporting date by translating using the closing rate. The impact of Foreign Exchange fluctuation loss in respect of borrowings as on 31st March 2025 is ₹ 42,889.40 Lakhs.
2. Attention is invited to Note 18.1(f) of the Ind As financial statement wherein the management has declared that as per the stipulation of the clause 6A of Ind AS 23, the differential interest amount between the foreign currency loans taken at concessional rate and the local functional currency loan, has to be taken for capitalisation duly adjusted from the forex fluctuation. The key factor for arriving at the Interest amount for adjustment from forex fluctuation as per Ind AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. However, non-availability of any comparable loan product to that of the foreign currency loans that Parent Company has availed from bilateral/multilateral agencies, the entire foreign currency fluctuations have been accounted, under Profit & Loss account. The impact of the same is loss of ₹ 42,889.40 lakhs in the FY 2024-25, Gain of ₹ 1,08,153.68 lakhs in the financial year 2023-24.
3. Attention is invited to Note 44 of the Consolidated Financial Statements, with regard to the accounting of cash losses. As per the MOU signed between CMRL (parent company) and Government of Tamil Nadu (GoTN), GoTN has agreed to finance the cash losses of CMRL. Similarly, the Parent Company has incurred cumulative cash losses of ₹ 19,760.21 lakhs up to 31.03.2025. The Parent Company has submitted claims till March 2023.

Our opinion is not modified in respect of the abovementioned matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

The following have been considered as Key Audit Matters:

Sl. No	Particulars	Comments
1	Assessment of provisions and contingent liability in respect of compliance with various laws and regulations as applicable Key Audit Matter. This sum represents claims of third parties including the compensation for land acquisition and contractors. The Parent Company has not accepted the said claims which are contested in legal proceedings and are pending for disposal by the appellate authorities. The Parent Company has ongoing arbitration and litigations with various authorities and third parties which could have a significant impact on the results, if the potential exposures were to materialize. The amounts involved are significant, and the application of accounting standards to determine the amount, if any, to be provided as a liability or disclosed as a contingent liability, is inherently subjective. The Parent Company has also deposited substantial amounts with regulatory authorities against the demands in dispute, which has been classified as deposit. The outcome of such litigation is uncertain and the position taken by management involves significant judgment and estimation to determine the likelihood and/or timing of cash outflows and the interpretation of preliminary and pending court rulings. Refer Note no 36.a.i to the Consolidated Financial Statements. Due to complexity of cases, timescales for resolution and need to negotiate with various authorities, there is significant judgement required by management in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the Consolidated Financial Statements. This area is significant to our audit, since the accounting and disclosure for (contingent) legal liabilities is complex and judgmental (due to the difficulty in predicting the outcome of the matter and estimating the potential impact if the outcome is unfavourable), and the amounts Involved are, or can be, material to the financial statements as a whole. Accordingly, claims, litigations, arbitrations and contingent liabilities was determined to be a key audit matter.	Our audit approach was a combination of test of internal controls and substantive procedures including effectiveness of these controls, assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Supporting documentation are tested for the positions taken by the management, meetings are conducted with in-house legal counsel and / or legal team and minutes of Board and sub committees, Principal Audit Procedures. Obtained the list of litigations from the management and reviewed their assessment of the likelihood of outflow of economic resources being probable, possible or remote in respect of the litigations. This involved assessing the probability of an unfavourable outcome of a given proceeding and the reliability of estimates of related amounts. Assessed and validated the adequacy and appropriateness of the disclosures made by the management in the Consolidated Financial Statements

Sl. No	Particulars	Comments
2	As disclosed in Note 36.a.ii contingent liability note to the Consolidated Financial Statements, the Parent Company is involved in direct and indirect tax litigations amounting to ₹ 0.35 lakhs (PY ₹ 3,48,635.10 lakhs) and ₹ 5,121.70 lakhs (PY ₹ 5,093.77 lakhs) respectively that are pending with various tax authorities. Whether a liability is recognized or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on number of significant assumptions and assessments.	Our procedures included, but were not limited to, the following: Review of documents /communications from the tax authorities. Comprehensive discussions with the inhouse legal counsel in assessing the management's conclusions, and understanding the precedents in similar cases;

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report and Corporate Governance Report but does not include the Consolidated Financial Statements, standalone financial statements and our audit report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Consolidated Financial Statements

The Parent Company's Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements, that give a true and fair view of the Consolidated State of Affairs, Consolidated Profit and Other Comprehensive Income, Consolidated Changes in Equity and Consolidated Cash Flows of the Group including its joint venture is in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. The respective Board of Directors of CMRL and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent Company, as aforesaid.

In preparing the Consolidated Financial Statements, the Board of Directors of the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls with reference to the Consolidated Financial Statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the Consolidated Financial Statements

or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the Consolidated Financial Statements.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements of the joint venture, whose financial statements reflect total assets of ₹ 602.59 lakhs as at 31 March 2025, total revenues of ₹ 20.57 lakhs and net loss for the year ended ₹ 237.30 lakh, as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these joint venture, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid joint venture, is based solely on the reports of the other auditors.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements.

(b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the Group, including relevant records so far as it appears from our examination of those books.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

(d) In our opinion, the aforesaid Consolidated Financial Statements for the year ended 31.03.2025 comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder.

(e) In terms of notification issued in G.S.R. 463(E) dated 05.06.2015 under clauses (a) and (b) of sub-section (1) of Section 462 and in pursuance of sub-section (2) of the said Section of the Companies Act, 2013 (18 of 2013), the provisions of sub-section (2) of section 164 of the Act, do not apply to a Government company and accordingly the question of reporting on the disqualification of appointment of Directors does not arise;

(f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Group and the operating effectiveness of such controls, refer to our Report in **"Annexure A"**.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Consolidated Financial Statements has disclosed the impact of pending litigations on the consolidated financial position of the Group in its Consolidated Financial Statements - Refer Note No 36 to the Consolidated Financial Statements.

ii. The Group did not have any long-term contracts, including derivative contracts, for which there were material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

iv. The respective managements of the Parent Company and joint venture which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such joint venture respectively, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent Company and joint venture to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company and joint venture ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

v. The respective managements of the Parent Company and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such joint venture respectively, to best of their knowledge and belief, that no funds have been received by the Parent Company or joint venture from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Parent Company or joint venture shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

vi. Based on such audit procedures, that have been considered reasonable and appropriate in the circumstances, performed by us and those performed by auditors of the joint venture incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or other auditors to believe that the representation under para iv and v contain any material misstatement.

vii. The Parent Company or its Joint Venture Company has neither declared nor paid any dividend during the year.

viii. Based on our examination which included test checks, performed by us on the Company and its joint venture incorporated in India, have used accounting software systems for maintaining their respective books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of audit, we have not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Parent and joint venture companies incorporated in India as per the statutory requirements for record retention.

(h) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ('CARO') issued by Central Government in terms of Section 143(11) of the Act, to be included in Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and based on our consideration of CARO reports issued by respective auditors of the companies included in Consolidated Financial Statements, we report that there are no qualifications or adverse remarks in these CARO reports.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to Consolidated Financial Statements of **CHENNAI METRO RAIL LIMITED** (hereinafter referred to as the "Parent Company") and its joint venture company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent Company and its joint venture company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to Consolidated Financial Statements based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Parent Company and its joint venture, which are companies incorporated in India, internal financial controls with reference to the Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('SA'), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Consolidated Financial Statements. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the Consolidated Financial Statements.

Meaning of Internal financial controls with reference to Consolidated Financial Statements:

A company's internal financial controls with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that,

1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the company;

2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent Company and its joint venture company which are companies incorporated in India, have, in all material respects, adequate internal financial controls over financial reporting with reference to the Consolidated Financial Statements were operating effectively as at 31 March 2025, based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CHENNAI METRO RAIL LIMITED

Notes to Consolidated Financial Statements for the year ended 31st March, 2025

Company Information

Chennai Metro Rail Limited (referred to as "the Company") is incorporated in India (CIN U60100TN2007SGC065596) under the Companies Act, 1956 on 3rd December 2007 and is a Government Company within the meaning of Section 2(45) of the Companies Act 2013 (Section 617 of the Companies Act, 1956). It is a Special Purpose Vehicle (SPV) and Joint Venture between Government of India (GoI) and Government of Tamil Nadu (GoTN) for the implementation of Chennai Metro Rail Project in Chennai, Tamil Nadu.

The Consolidated Financial Statements related to Chennai Metro Rail Limited and its joint venture as detailed below.

Name of the Joint Venture	Principal activity	Country of Incorporation	% of holding
			As at 31st Mar, 2025
Chennai Metro Asset Management Co Ltd	Business Development, Maintenance and Operation of commercial and property development	India	50%

NOTE NO. 1 - KEY ACCOUNTING ESTIMATES AND JUDGEMENTS & MATERIAL ACCOUNTING POLICIES

1.1. Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 & subsequent/relevant amendments issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2. Consolidation Procedure

The Consolidated Financial Statements have been prepared in accordance with principles laid down in Ind AS 110 on "Consolidated Financial Statements", Ind AS 28 on "Accounting for Investments in Associates and Joint Ventures" as notified vide Companies (Accounting Standards) Rules, 2015 (as amended).

Investment in Associates and Joint Ventures

Investments in Associates and Joint Ventures are accounted in accordance with Ind AS – 28 on "Accounting for Investments in Associates and Joint Venture", under "equity method.

Under the equity method, the investments are recognised at cost and thereafter the carrying amount of the investment in associates and joint ventures is increased or decreased to recognise the Group's share of the profit or loss and other comprehensive income of the associate and joint venture, adjusted where necessary to ensure consistency with the accounting policies of the Group. Unrealised gains and losses on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in those entities. Where unrealised losses are eliminated, the underlying asset is also tested for impairment.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity.

1.3 Key Accounting Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions influence the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Significant areas of estimation, uncertainty, and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as given below –

a) Tenure of Interest Free Subordinate Debt from Government

As per the MoU among CMRL, GoTN and GoI, subordinate debt is to be repaid after repayment of Senior Term Debt availed for the metro project. For the purpose of determining the fair value of subordinate debt from GoI and GoTN, it has been assumed that the loans would be repaid in full in the year in which the last repayment instalment date of the latest Loan tranche falls due, in the absence of information regarding any specific loan repayment schedule at present.

b) Fair Value of Interest Free Loans/Deposits

For the purpose of determination of fair value of interest free subordinate debt and other interest free long-term deposits, interest rate has been considered based on G-sec rate for comparable tenor.

c) Useful lives of Property, Plant & Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

d) Defined Benefit Plans and Compensated Absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

e) Provisions, Contingent liabilities/Assets:

Provisions are determined based on management estimate at the balance sheet date based on the value of work done and services rendered. Contingent liabilities/assets are disclosed on the basis of judgment of management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

1.4 Material Accounting Policies

A) Property, Plant & Equipment

i. Property, plant, and equipment are stated at cost, less accumulated depreciation, and impairment, if any. Costs directly attributable to the acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Borrowing costs relating to qualifying assets are also included to the extent they relate to the period until such assets are ready to be put to use.

ii. Expenditure incurred on enabling assets viz. utility diversion, environmental protection, road diversion / restoration / signage, renovation work of drainage system and rehabilitation and resettlement which is compulsorily required to be incurred and directly attributable to the construction of the project is capitalized with the respective identifiable assets.

iii. Indirect expenses like Employee expenses of common manpower are allocated to projects and operation based on the estimated time spent for the project and operation department on the estimated time spent on the individual project. Common administrative expenses are allocated in the ratio of manpower expenses.

iv. In the case of assets put to use, where final settlement of bills with contractors is yet to be effected, capitalization is done on provisional basis subject to necessary adjustments in the year of final settlement.

v. Assets & systems common to more than one section of the project are capitalized on the basis of technical estimates/assessments.

vi. Items such as spare parts, stand-by equipment and servicing equipment are recognized in accordance with Ind AS 16 when they meet the definition of Property, Plant & Equipment. Otherwise, such items are classified as inventory.

vii. Capitalization of assets for a new section to be opened for public carriage of passengers is done after ensuring its completeness in all respects after administrative formalities and compliance of the requirements stipulated by Commissioner of Metro Rail Safety which is imperative for the opening of the section.

viii. Subsequent Cost of Capitalization:- Subsequent expenditure incurred on the existing assets are recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

ix. Stores and spares, purchased along with Property, Plant and Equipment are capitalized and depreciated along with the main asset.

x. Repairs and maintenance costs are charged to the Statement of Profit and Loss when incurred.

xi. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed-off are reported at the lower of the carrying value or the fair value less cost to sell.

xii. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

xiii. De-recognition :- Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and Losses on de-recognition of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of Property, Plant and Equipment, and are recognized in the Statement of Profit and Loss.

xiv. Freehold Land from Government and Government Departments

- Freehold lands received from Government of Tamil Nadu (GoTN) by means of interest free subordinate debt are capitalized at the relevant Guideline value on actual possession.

- Lands acquired from public bodies, under an arrangement of swap with GoTN, are capitalized at the values stipulated by the appropriate authorities.
- Lands acquired by the company from various Government agencies for payment consideration are capitalized on possession of the land at the value of the consideration paid.

xv. Freehold land acquired from Private Land Owners

Amount paid for acquisition of private land obtained through Private Negotiation Committee is capitalized upon receiving original sale deed after registration. Land acquired through award is capitalized upon pronouncement of award by the competent authority and the payment of the compensation and/or possession of land. Any enhanced compensation demanded by the land owners shall only be accounted based on actual decision of the courts or the decision of the Private Negotiation Committee accepted by the management.

xvi. Gift land received from Government/Government agencies shall be treated as Government Grant as per Ind AS on the guideline value at the time of possession of land.

xvii. Land received as gift from private landowners shall be accounted on the guideline value at the time of registration of gift deed by treating it as capital reserve.

B) Capital Work-in-Progress

i. Assets under installation or construction as on the balance sheet date are shown as Capital Work in Progress. In case of lump-sum/BOQ contracts, the company accounts for liabilities towards its project related contractual obligations on receipt of claims. Pending receipt of claims, liability towards such claims receivable for the period up-to the close of the accounting year has been estimated and accounted for. Administrative and general overheads (net of income) directly/indirectly attributable to project are classified as expenses pending capitalization and grouped under capital work in progress.

ii. Liquidated damages and penalties are accounted for on settlement of final bills or on award of arbitration proceedings with arbitration tribunal or with judicial authorities. Liquidated damages levied to mitigate the extra cost of construction are adjusted against the cost of related property, plant & equipment. Other LD's are recognized in the statement of profit and loss.

C) Depreciation & Amortization

Depreciation is charged on straight line basis over the estimated useful life of property, plant and equipment as prescribed under Schedule II of the Companies Act, 2013.

D) Intangible Assets

Intangible assets including permissions are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful life on a straight-line basis, from the date that they are available for use. However, in case of the following assets, depreciation and amortization is based on the useful life as determined by the management based on technical evaluation, which is different from the useful life prescribed in Schedule II to the Companies Act, 2013.

Asset Type	Asset Group	Useful life
Track Works	Track works	30 years
Viaducts	Viaducts	30 years
Rolling Stock	Rolling Stock	30 years
Escalators & Elevators	Escalators & Elevators	30 years
Differently abled Ticket Counter	Building	15 years
Tunnel Ventilation System- SCADA	Tunnel Ventilation System	15 years
Tunnel Ventilation System- Others	Tunnel Ventilation System	20 years
Dewatering Pump and Accessories	Plant & Machinery	15 years
Mobile Phones, Tablets etc.	Office Equipment	3 Years
Rolling Stock Asset Management Software	Software	30 years
All assets	Assets costing ₹ 5,000 or less	Year of purchase

Depreciation & Amortization methods, useful lives and residual values are reviewed at the end of each financial year.

E) Government Grants

i. Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received, and the company will comply with all attached conditions.

ii. Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

iii. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a systematic basis over the expected life of the related depreciable assets and presented within other income.

iv. Government grants relating to the investments in equity are included in Non-current liabilities as deferred income and are credited to profit or loss over the prescribed period on the basis of implementation and stabilization of commercial projects

v. When the company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

vi. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

F) Foreign Currency Transactions

i. Functional Currency

The functional currency of the company is the Indian rupee. These financial statements are presented in Indian rupees (rounded off to Lakhs).

ii. Transactions & Translations

Foreign-currency denominated monetary assets and liabilities, including Bi-lateral and multilateral borrowings, are translated into the relevant functional currency at the exchange rates effective at the balance sheet date. The gains or losses resulting from such translations are included in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value/historical cost are translated at the exchange rate prevalent at the date when the fair value was determined/at the date of transaction.

Revenue, expense, and cash-flow items denominated in foreign currencies are translated into the relevant functional currency using the exchange rate in effect on the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

G) Inventories

Inventory is valued at cost or net realizable value whichever is lower. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

H) Non - Moving Stores and Spares

The diminution in the value of obsolete, unserviceable, surplus and non-moving items of stores and spares (excluding Insurance/Mandatory/Critical spares) is ascertained on review and provided for.

I) Cash & Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash, cheques in hand, bank balances and demand deposits with banks that are repayable on demand.

J) Employee Benefits

i. Short Term Obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

ii. Other Long Term Employee Benefit Obligations

The liability for encashable leave/leave travel concession that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method, determined based on actuarial valuation. The benefits are discounted using the market yields at the end of the reporting period on Government Bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

iii. Post-Employment Obligations

a. Defined Benefit Plan – Gratuity

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually using the projected unit credit method based on actuarial valuation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is

included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined benefit Obligation (Gratuity) is considered both for employees on the permanent role of the Company & employees working under contractual role assuming they will serve for the minimum eligibility period for claiming gratuity.

b. Defined Contribution Plan – Provident Fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

c. Employment Benefits to Deputationists

Employee benefits due to employees on deputation from other GoI/GoTN departments/PSU's are paid to their respective parent organization/employer based on their direction. Necessary provision for such benefits payable at the close of the Financial Year are estimated and provided for.

Contribution towards Provident Fund and the Gratuity liability as per the valuation made by an Independent Actuary are generally funded to the respective Trust/ Institutions where the funds are parked.

K) Prepaid Items

Individual Items of Prepaid Expenses over ₹ 1,00,000/- each are only recognized in the balance sheet. Others are charged off to the **P&L** a/c of the same financial year.

L) Preliminary Project Development Expenditure

Preliminary project development expenditure includes expenditure on feasibility and other studies, development expenditure, expenditure on exploration works, technical knowhow etc. The cost of the project is transferred to capital as and when implemented. In case such projects are identified for transfer of business by Govt. the expenditure incurred will be recovered from the prospective developer. If the projects are abandoned with reference to Government orders or otherwise, such expenditure are charged to the Statement of Profit and Loss in the respective years.

M) Prior-Period Items

Prior period items, effects of changes in Accounting estimates and Accounting Policy and prior period errors of material nature are corrected retrospectively by restating the comparative amounts for the prior period (s) presented in which the error occurred. Other prior period items are accounted in the year of financials.

N) Events after the reporting period

Material adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognised in the financial statements. Non adjusting events (that are indicative of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represent material change and commitment affecting the financial position are disclosed.

O) Revenue Recognition

The company derives revenue from traffic operations, business development & interest on bank deposits. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, GST and amounts collected on behalf of third parties. The company recognizes revenue when the amount of revenue can be reliably measured, and it is probable that future economic benefits will flow to the entity.

i. Fare Revenue

Income from fare collection is recognized on the basis of use of QR code(including printed), money value of the actual usage in case of Smart Cards and other direct fare collection. Tickets are recognized as revenue on the day of purchase.

ii. Income from Business Development

Rental income arising from operating leases of spaces along rails is recognized in accordance with the terms and conditions of the contract with the licensee/lessee and is accounted for on a straight-line basis over the lease terms. Such rental income is included in revenue in the statement of profit or loss.

iii. Impairment

Financial Assets (including receivables) Impairment of financial assets in accordance with Ind AS 109- 'Financial instruments', the company applies internal assessment for measurement and recognition of impairment loss on the credit risk exposure of trade receivables.

iv. Interest Income

a. Interest on short term deposits with banks is recognized as income in the statement of profit and loss, using the effective interest method.

b. Interest on mobilization & other advances to vendors on Capital Works is adjusted against the Expenses Pending Capitalization.

v. Other Incidental Income

Income from sale of tender documents is recognized in the Statement of Profit and Loss. Rental Income receivable from the contractors in connection with the construction works are reduced from the expenses pending capitalization. Interest income, insurance claims, and income from sale of scrap are also mapped under Other Income

vi. Insurance Claim

Insurance claims are recognized in the period in which there is acceptance of the claim.

P) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

Q) Taxation

The income tax expense or credit for the period consist of the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction and the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable profits will be available to utilize those temporary differences.

Deferred tax asset arising from unused tax losses or tax credits are recognized only to the extent that the entity has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

R) Provisions, Contingent Liabilities & Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made on the amount of the obligation.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent asset is disclosed when the inflow of economic resource is probable and is material.

S) Cash Flow Statement

Cash flows are reported using the indirect method prescribed in the Ind AS 7 'Statement of Cash Flows, wherein the cash & bank transactions are categorized into the cash flows from operating, investing and financing activities of the Company.

T) Financial Instruments

i. **Initial Recognition**

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition.

ii. **Subsequent Measurement**

a. Financial Assets carried at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial Assets at Fair Value through Profit or Loss

A financial asset which is not classified in the above category is subsequently fair valued through profit or loss.

c. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts are the historical value, due to the short maturity of these instruments.

iii. **De-recognition of Financial Instruments**

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iv. **Fair Value of Financial Instruments**

In determining the fair value of its financial instruments, the company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes, etc. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

U) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the Principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liability for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted price in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs)

Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – inputs other than the quoted prices included within level 1 that are observable for the assets or liability, either directly or indirectly

Level 3 – inputs that are unobservable for the asset or liability

For assets or liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

V) Leases

Company as Lessee

The company classifies a contract as lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement of lease, a right-of-use asset and a lease liability is recognized. Right-of-use assets are measured at cost less the accumulated depreciation and lease liability are measured at the present value of the lease payments that are not paid on that date. The lease payments are discounted using the interest rate implicit in the lease or the incremental borrowing rate. The interest expense is recognized by the Company in the Profit & Loss account separately from the depreciation charge for the right-of-use asset. The company depreciates the right-of-use asset from the commencement date to the end of useful life of the right-of-use asset or the end of the lease term whichever is earlier.

Lease payments associated with short term leases are recognized by the company as an expense on a straight-line basis over the lease term or on the basis of benefit pattern.

The company has adopted Ind AS 116, Leases, effective from April 1, 2019 & elects to apply it retrospectively to recognize the cumulative effect of initially applying this Standard as an adjustment to the opening balance of an appropriate equity component, at the date of initial application. CMRL has chosen not to apply this Standard to contracts that were not previously identified as containing a lease as per the transitional option given in the Standard.

Company as Lessor

A lease is classified at the inception date as a finance lease or an operating lease. Leases, in which the Company does not transfers substantially all the risks and rewards incidental to ownership of an asset are classified as an operating lease. Assets held under operating lease is capitalised in the books of accounts. Initial direct costs incurred in connection with obtaining the lease is added to the carrying amount of the asset. The lease payments from operating leases is recognised as income on a straight-line basis. The expenses associated with earning of lease income, like depreciation, is recognised as expense.

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Company shall recognise finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease. Derecognise the underlying asset and Present lease receivables at an amount equal to the net investment in lease.

W) Impairment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the asset exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

X) Earnings Per Share

i. **Basic Earnings Per Share**

Basic earnings per share is calculated by dividing

- The net profit attributable to the equity holders of the company
- By the weighted average number of equity shares outstanding during the period

ii. **Diluted Earnings Per Share**

Diluted earnings per share is calculated by dividing

The net profit attributable to the equity holders of the company

- by the weighted average number of equity shares considered for deriving basic earnings per equity share and
- also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

1.5 Changes to Significant Accounting Policies and other matters in relation thereto:

Capitalization of land through award - Point A (xv) of Note 1.4

Hitherto, lands acquired through awards have been capitalized based on the release of payment wherein the possession of the land is a preexisting event by default. However, in the FY 2024-25, in a couple of cases where the land is held with multiple ownership, partial settlement of the payment could only be done due to non-availability of a few owners. The total value of the land is ₹ 9,156.81 Lakh of which ₹ 617.64 Lakh could not be settled due to the absence of the recipient. However, the entire land parcel has been taken possession of and put into project use. Hence, capitalization becomes imminent and thereby, the capitalization policy is updated by including 'possession' as an added criterion. As stated above, ₹ 617.64 Lakh is the impact to the financials by way of increase in the land capitalization as compared to the earlier year policy.

Non-Current Assets

Note 2 - Property, Plant & Equipment for the Financial Year 2024-25

(₹ in Lakhs)

Balance PTA available, included in "Current - Other Financial Liabilities"		-	34,802.97	41,055.16	2,74,072.89	97,115.94	3,08,875.86	1,38,171.10

Note 18.1(c) The Sanction Order No. K-14011/42/2005 dated 18.02.2009 of Government of India states that, in case the SPV is not able to repay the loan, as and when it becomes due, on account of cash losses, the responsibility for the same shall be with the Government of Tamil Nadu.

Note 18.1(d) The Pass Through Assistance (PTA) provided to the company by Government of India(For Phase-I & Phase-I Extn.) and Government of Tamilnadu(Phase-II), based on the loan agreement with Japan International Cooperation Agency (JICA), Asian Infrastructure and Investment Bank (AIIB), Asian Development Bank(ADB) & New Development Bank(NDB) for development of Metro Rail infrastructure in Chennai in different phases. The PTA funds are being released by GoI/GoTN to the company through budgetary provisions in INR. Until 31st March 2025, the Bi-lateral/Multilateral agencies have reimbursed claims amounting to ₹ 18,50,899.90 lakhs and the liability is with the company for settling the amount.

Note 18.1(e) As per Ind AS 109 , any non current loan taken at concessional or nil rate of interest shall be discounted at the market rate of interest . In case of CMRL, Bilateral/Multi-lateral loan has been availed at concessional rates for a minimum tenure of 25 years. In the absence of any comparable loan in the functional currency , the company has presumed the actual rate of interest as the market rate. Hence discounting is not necessary in the given case. Further external borrowings for metro rail projects across the country are of similar terms and conditions

Note 18.1(f) Ind AS 23: As per the stipulation of the clause 6A, the difference in interest between the foreign currency loan and the functional currency loan, in which the company operates, needs to be considered as borrowing cost duly adjusted from the forex fluctuations and taken to the capitalisation with the qualifying asset.

The key factor for arriving at the Interest amount adjusted from forex fluctuation as per IND AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. The multilateral and bilateral loans are extended to Government companies/PSUs, duly backed up by sovereign guarantee or given as Pass Through Assistance (PTA) for execution of public utility services. However, there is no comparable loan product of this kind of longer tenor foreign currency loans with lower interest rates are available in Indian financial system.

In view of the above, the entire foreign currency fluctuation is accounted in the P&L a/c. Impact of this is ₹ 42,889.40 Lakhs(loss) in FY.24-25, ₹ 1,08,153.68 Lakh(Gain) in FY 23-24.

Note 18.1(g)- Phase-II Project

Government of India(GoI) has approved the implementation of three Metro Rail corridors for a length of 118.9 Km under Phase-II project at a cost of ₹ 63,246 crores, on 18th Oct 2024, with contribution in the form of equity & subordinate debt and the Memorandum of Understanding(MoU) between Government of India, Government of TamilNadu and the company was executed on 20th Dec 2024.

Note 18.2 - Subordinate Debt

- As per the MoU between GoI, GoTN & Chennai Metro Rail Limited, the company will be required to repay the subordinate debt to GoI and GoTN only after repayment of entire senior term debt (Bi-lateral/Multilateral loan) availed for the project. The Company is in the process of seeking clarification on the terms of repayment of Sub-ordinate debt. On receipt of the necessary clarification, accounting adjustment required, if any, based on the terms of repayment, will be appropriately carried out in the books of accounts of the Company.

Note:18.3: The company has received ₹ **2,83,611.00 Lakh** (P.Y. ₹ 18,611.00 Lakh) cumulatively towards the repayment of loan against Phase-I & Phase-I Extension. Since the repayment terms are yet to be finalized, loan is not recognized as per Ind AS 109.

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025

(₹ in Lakhs)

Note 19 - Other Financial Liabilities - Non Current	As at	
	31-Mar-25	31-Mar-24
Security Deposits	1,806.84	1,533.02
Less: Fair Value Adjustments	(346.19)	(400.53)
Retention Money Payable	12,109.82	5,257.21
Other Payables (Net) (Refer Note No. 19.1)	198.09	198.09
Total	**13,768.56**	**6,587.78**

Note 19.1 Other Payables represent the amount payable towards the land acquired at the guideline value under litigation, net of, the deposits made in respect of the same with the Courts. Amount deposited with Court is ₹ 853.40 Lakh(P.Y. ₹ 853.40 Lakh) as against the claim of ₹ 1,051.49 Lakh(P.Y. ₹ 1,051.49 Lakh).

(₹ in Lakhs)

Note 20 - Long Term Provisions	As at	
	31-Mar-25	31-Mar-24
Provision for employee benefits (Net) (Refer Note No. 40)	320.54	242.45
Gratuity Fund with LIC (Net) (Refer Note No. 40 (b))	84.12	168.71
Total	**404.66**	**411.15**

Note 21 - Deferred Tax Liabilities (Net)
The Company has a net deferred tax asset of ₹ 81,707.53 Lakh (P.Y. ₹ 55,916.85 Lakh)(Refer Note 20.1) and as a matter of prudence, the deferred tax asset is not recognized in books. Though temporary differences shall get zeroed out over the years, the company recognises the deferred tax asset on unabsorbed depreciation and business losses, as per the time limits given in the act, and nets that off with the temporary difference. Since the company is making losses currently, this practice shall continue until the company turns into profit, thereby recognizing the current tax & deferred tax in the books, as applicable.

(₹ in Lakhs)

Note 21.1 - Deferred Tax	As at

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025

Note 24.1 Commitment charges & Interest accrued on borrowings represent the amount payable on loan provided by the Bilateral/Multilateral agencies as per the terms of the agreement. The commitment charges & interest are directly paid by Government of India (GoI) to respective Bilateral/Multilateral agencies on the due dates. During the year, the company has made payment of ₹ 67,366.28 Lakhs(P.Y. ₹ 2,15,695.75) towards principal, commitment charges & interest to Government of India (GoI).

Note 24.2 The total Pass Through Assistance sanctioned for Phase I Extension Project is ₹ 2,14,100 Lakhs and for Phase II is ₹ 33,59,400 Lakhs. For Phase II, an amount of ₹ 5,27,344 Lakhs (P.Y ₹ 3,60,000 Lakhs) has been facilitated by GoTN/GoI as "Pass Through Assistance" against Bilateral/Multilateral agencies loan during the Current Financial Year. Details of Pass Through Assistance is given in **Note No.18.1**

Note 24.3 Liquidated damages and penalties would be determined at the time of settlement of final bill or award of arbitration proceedings with the arbitration tribunal & the judicial authorities.

Note 24.4 Retention money represents amount held as security till the completion of Defect Liability Period(DLP) of various project related contracts. Such retention moneys are released upon completion of work (or) against the submission of Bank Guarantee, as the case may be, and at the request of the contractor. Accordingly, retention money is carried at its original transaction value.

35. Capital Management

Chennai Metro Rail Limited is a Joint venture of Government of Tamil Nadu (GoTN) and Government of India (GoI) incorporated as a Special Purpose Vehicle (SPV) for the purpose of construction of Metro Rail Network in the City of Chennai. The primary objective of the Company is to provide a safe, fast, reliable, accessible, convenient, comfortable, efficient, and affordable public transport service.

The ownership of the Company and financing of the project is as per the tripartite Memorandum of Understanding(MoU) dated 15th February 2011 entered among GoI, GoTN and CMRL. As per the MoU, CMRL is jointly promoted by GoI and GoTN with equal equity holding. There are separate MoU's, on the same lines, for Phase-I Extension and Phase-II of the project signed on 02nd September 2017 & 20th December 2024 respectively.

The capital structure of the company comprises equity share capital and debts. The financing of the project is done through a mix of equity, interest free sub-ordinate debt, and senior term debt from Bilateral/Multilateral agencies (JICA/ADB/AIIB/NDB).

The Company's capital consists of equity capital and other equity attributable to shareholders of the Company. As stated above, the shares of the company are held in equal proportion by the Government of India and Government of Tamil Nadu. The Company being a Government Company, the requisite levels of equity and debt, which has to be maintained, is determined based on the approval accorded in the 14th and 15th Annual General Meeting (AGM), that is broadly determined based on the project finance requirements and other sources of long-term finance.

Note 35.1 - The carrying amount of financial assets and financial liabilities measured at amortized cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025

Note 35B - Financial Risk Management - Objectives & Policies

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of cash and cash equivalents, other balances with banks, trade receivables and other receivables/recoverable.

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors (Board) oversee the management of these financial risks through the functional directors. The key managerial personnel of the company lay down the broad structure for managing risks and the framework for risk management. The framework seeks to identify, assess, and mitigate financial risks to minimize potential adverse effects on the Company's financial performance.

The following disclosures summarize the Company's exposure to financial risks:

(1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises mainly two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk includes borrowings, trade payables, trade receivables, other receivables/ payables, etc.

(2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks, and other receivables. Since there is no concept of credit in case of traffic revenue, there is negligible or no credit risk as far as this stream of revenue is concerned.

With respect to the receivables in case of business development contracts, the Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. Wherever possible, the payment terms are structured in the company's favor and the amounts are mostly required to be paid in advance. Also, all contracts have a security deposit clause requiring an amount to be deposited with the company or a guarantee of equivalent amount to be given which further reduces the credit risk. The Company's exposures are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties. Credit risk arising from investment in balances with banks is limited and there is no collateral held against these because the counterparties are recognized financial institutions with high credit ratings viz., banks.

(3) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. The Company has an established liquidity risk management framework for managing its short term, medium term and long-term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. As per the MoU, the project cost for the metro project is funded by a mix of equity, government subordinate debt and senior term debt from Bilateral/Multilateral agencies and the financing of cash losses by GoTN.

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025

40. Employee benefits

a. Defined Contribution Plans

Provident Fund: The Company has made equal contribution towards Voluntary EPF scheme. The expense is recognized on an accrual basis.

Particulars	2024-25	2023-24
Contribution to Provident Fund	₹ 546.52 Lakhs	₹ 461.71 Lakhs

Pension: The Company's pension Scheme is linked with voluntary provident fund Scheme. All employees (excluding the deputation employees) of Company under EPF scheme are covered under EPS scheme. Under this scheme, out of 12% of employer contribution under EPF scheme 8.33% is covered under EPS Scheme. For deputation employees, ₹ 107.80 Lakhs (P. Y. – ₹ 69.18 Lakhs) is created as liability towards Pension contribution.

Employee benefits due to Deputationists are paid to their respective organizations from where they have been deputed based on the direction given by their organizations. In respect of deputation employees, contribution towards provident fund, pension and leave salary contribution are made as per the directions provided by respective departments. In case of gratuity, for eligible employees they are paid / provided by the respective organizations from where they have been deputed.

b. Defined Benefit Plan - Gratuity (Funded)

The company has a defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered trust. It is governed by the Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The Company has on roll 344 regular employees, 213 contract employees, 39 employees under retired category as of 31st Mar'25. Gratuity Plan for employees are managed by CMRL Employees Gratuity Trust, and the fund balance maintained with Life Insurance Corporation of India (LIC) as on 31st Mar'25 is ₹ 1,580.08 Lakhs and with CMRL Employees Gratuity Trust as on 31st Mar'25 is ₹ 386.12 Lakhs.

Each year, the Board of Trustees and the Company review the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Company decides its contribution based on the results of this annual review. The gratuity liability, to all the employees, are provided for on the basis of actuarial Valuation. The aforesaid defined benefit plan typically exposes the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk, as detailed below:

Investment Risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Interest Risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity Risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of defined obligation were carried out as at 31st March, 2025 by Actuarial Valuer. The present value of the defined benefit obligation and the related current service cost were measured using the projected unit credit method. The details as per the said valuation report is attached.

c. Other Long-Term Employee Benefits - Leave Travel Concession (unfunded)

Employees and their family members are eligible, once during a period of 2 calendar years, for Leave Travel Concession to travel to their hometown by the shortest / direct route. Also, they are eligible for travel to any place in India once in a block of 4 calendar years in lieu of a journey by the direct/shortest route to home town. If LTC other than home town is not availed, the employee is entitled to avail LTC for home town 3 times in a block of 4 calendar years. The mode of transport entitled to employees is based on their category. .

Concession not availed in a particular block of 4 years can be carried forward and availed in the first year of the succeeding block. An employee whose family is living away from headquarters may avail of the concession for himself alone once in every year for visiting his home town. The details as per the said valuation report is attached.

d. Other Long Term Employee Benefits - Leave Encashment, Half-pay leave(funded)

Company allows entitlement of half Pay leave to all eligible employees at the rate of 20 days for every year of service and the unutilized portion can be carried forward without any upper limit.

An employee availing half pay leave is entitled to receive salary equal to the half of basic + DA components of salary. However, other allowances are paid in full. The maximum half pay leave that can be availed at a time is 24 months. Half pay Leave can be encashed by the employees subject to Leave Rules. The details as per the said valuation report is attached.

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025

e. Other Long-Term Employee Benefits - Leave Encashment (funded)

Leave Encashment: As per HR policy of the company, each eligible employee is credited with 30 days of earned leave and 20 days of half pay leave each year. In case of earned leave, only 50% of leave balance in leave account can be encashed once in a calendar year. The liability on this account is recognized on the basis of actuarial valuation. The details as per the said valuation report is attached.

The company has created fund with ICICI -Prudential towards Leave Encashment and Half -Pay Leave. The Balance in this fund as at 31st Mar 25 is ₹ 1,212.05 Lakhs

41. In line with practices already being followed by the company, certain accounting policies have been re-worded for the purpose of better disclosure and these do not have any impact on the consolidated financial statements.

42. In assessing the recoverability of receivables, the Company has considered internal and external information up to the date of approval of consolidated financial statements. Based on the current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. Despite the fact that confirmation of balances has been sought for, only a few parties (suppliers of goods and services and operating lessees) have furnished the same which have been appropriately considered in the accounts.

In the absence of any claims to the contrary from any other party, any adjustment to the carrying amounts is not expected / estimated to be material. The company has accounted / effected payments based on assessments carried out internally. Further, any adjustment to the carrying amounts of the assets / liabilities is not expected to be material.

43. The following are analytical ratios for the year ended 31st March 2025 and 31st March 2024.

Particulars	Numerator	Denominator	31st March 2025	31st March 2024	Variance	Remarks
Current Ratio	Current Assets	Current Liabilities	1.17	0.30	290.00%	The company has received ₹ 5,55,400.00 Lakh from GoI after the MoU executed in Dec'24. Since the same shall be utilized over a period of time, it is parked in short term fixed deposit which has increased the current asset balance.
Debt- Equity Ratio	Total Debt	Shareholder's Equity	3.76	3.21	17.13%	

CHENNAI METRO RAIL LIMITED
Notes to Consolidated Financial Statements for the year ended March 31, 2025
