Vision

Moving People, Sustaining Growth.

Mission

We shall provide a safe, fast, reliable, accessible, convenient, comfortable, efficient and affordable public transport service preferred by all in a sustainable manner.

Core Values

Concern for Customers

We commit to provide safe, clean, reliable, on time, courteous service for all categories of our clients and customers.

Integrity

We commit to be transparent and fair in our transactions with all our clients.

Sustainability

We commit to base our decisions on principles of sustainability (Refuse, Reduce, Reuse, Recycle and Rethink) towards reducing greenhouse emissions.

Responsibility

We commit to honour the trust reposed in us by the public by managing CMRL resources, financial and non-financial, with the highest degree of responsibility.

Creativity & Innovation

We commit to strive together as a team to continuously develop and deploy creativity, innovation & technology and add value to our customers and other stakeholders.

3. Members participating in the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

CHAIRMAN's MESSAGE

Dear Shareholders,

On behalf of the Board of Directors, it is my privilege to welcome you all to the 17th Annual General Meeting of the Company and I am pleased to place the 17th Annual Report of Chennai Metro Rail Limited for the Financial Year 2023-24. The audited financial statements, the report of the Board of Directors and Statutory Auditors, along with the comments of the Comptroller and Auditor General of India thereon are placed before the Members.

Projects and Progress:

The entire 54 kms of the Chennai Metro Phase I network has been in operation since February 2021. The Phase II of Chennai Metro Rail Project is being implemented with a network length of 118.9 km spanning over three corridors at an estimated cost of ₹ 63,246 Cr. The Board is happy to share that Government of India has approved the Chennai Metro Rail Phase II Project as 50:50 Centre and State equity model. This will give fillip to the momentum in the execution of the project. In addition to the governments funding, the project will be funded by bilateral/multilateral banks viz., JICA, ADB, AIIB, and NDB. The loan agreements with JICA, ADB, AIIB and NDB have already been signed and effectuated in tranches.

Upcoming Projects:

The Detailed Project Report (DPR) of the Metro rail projects in Coimbatore and Madurai are under active consideration by Government of Tamil Nadu (GoTN).

Ridership and Revenue:

The total ridership during the financial year 2023-24 has improved to 9.71 crores from 7.07 crores in the financial year 2022-23. The average ridership per day has increased to 2.91 lakhs passengers during 2024-25 (till Sep. 2024) from 2.65 lakhs passengers per day during the previous year 2023-24. The ridership has witnessed an increase of 25% in year ending March 2024 when compared with the Financial Year 2022-23. The average passenger journey per day has reached 4.26 lakhs passengers during September 2024. It is noteworthy that during the Michaung Cyclone in Dec.2023, uninterrupted services were provided to the public during inclement weather conditions.Cash generation remains a key focus for the board and we are pleased to see both the fare-box revenue and non fare-box revenue have shown impressive growth of 34% and 47% respectively.

During special events like music concerts, IPL matches, metro tickets were integrated with event tickets for seamless transportation of the public. Extended train services have also been facilitated to cater for the demand and match timings during the IPL season.

Non fare-box revenue:

The Non-fare box revenue plays a very significant role in optimising the operational income. The company has conceptualised the various revenue streams under 3 major categories, viz., Branding & Advertising, Real Estate Asset development and Telecom Infra & Others. The revenue earned for the FY 2023-24 is ₹ 76.31 cr which is about 29% of the total fare box revenue.

Certifications:

The company has been awarded the ISO-9001- Quality Management System and ISO-14001 – Environment Management System for the Phase – I operations. This dual certification underscores the company's commitment to operational excellence and sustainability in managing metro rail infrastructure.

Transition projects:

The special project works undertaken by the company includes the "Central Square" which is a multi-modal integration hub featuring various passenger amenities, the Multi-Modal Facility Complex at Broadway Bus Stand. In due course, these special project works will be taken over by the Chennai Metro Asset Management Limited, a Special Purpose Vehicle floated with equal equity participation from CMRL and TIDCO for tapping the opportunities in the property development sector.

Board Changes:

I take this opportunity to place on record the valuable contribution of Shri Manoj Joshi, IAS and Shri Anurag Jain, IAS as Chairman during their tenure in the organisation and all the other directors who completed their tenure.

Acknowledgement:

I profoundly thank the various Ministries and Departments of the Government of India and Government of Tamil Nadu and the Bilateral/Multilateral funding agencies for their constant support for the project.

I place on record the tireless efforts of my colleague Board members for exercising skill and diligence in carrying out the functions of the company and appreciate the entire CMRL team for their dedication, commitment and aspiration to achieve excellence towards meeting the needs of the commuters of Chennai Metro.

Finally, I thank the residents of Chennai for their enormous support and envisage their whole-hearted cooperation and patronage in the coming times.

Srinivas Katikithala
Chairman

DIRECTORS' REPORT

Dear Shareholders,

The Directors have pleasure in presenting the 17th Annual Report of the Company together with the Audited Statement of Accounts for the financial year ended March 31, 2024 and comments of the Comptroller and Auditor General of India, under Section 143(6) of the Companies Act, 2013. The entire Phase – I consists of 54 Kilometers(Km) of Metro network is operational now covering high dense areas and serving the commuters demands.

Financial Highlights:

I. Profit and Loss account (P&L):

The company has recorded the following financial performance for the year ended 31 March 2024 in comparison with the year ended 31 March 2023.

Details	2023-24 (₹ in Crores)	2022-23 (₹ in Crores)	% Inc. / (Dec.)
Fare from Traffic Operations	286.27	214.40	34.00%
Property/Business Development Income	83.22	56.51	47.00%
Other Operational Income	26.73	49.40	(46.00%)
Operational Income – (A)	**396.21**	**320.32**	**24.00%**
Govt. Grant / SD	80.56	86.55	(7.00%)
Foreign Exchange Revaluation (FERV)	1,081.54	78.35	1280.00%
Total Revenue – (B)	**1,558.31**	**485.21**	**221.00%**
Operating expenses	333.40	260.21	28.00%
Employee benefits expense	45.01	44.73	1.00%
General & Admin Exp	50.20	43.26	16.00%
Operational Expenses – (C)	**428.61**	**348.19**	**23.00%**
Operational Profit/Loss – (D=A-C)	**(32.39)**	**(27.88)**	**16.00%**
Finance costs	154.91	178.83	(13.00%)
Depreciation & Amortization Expense	547.18	524.92	4.00%
Total Expenses - (E)	**1,130.70**	**1,051.95**	**7.00%**
Profit Before Tax- (F=B-E)	**427.61**	**(566.73)**	**175.00%**

Performance: The company registered an impressive growth of 34% and 47% over the previous year in fare-box revenue and property development respectively. Also, due to weakening of Japanese Yen against Indian Rupee, there is a exchange gain of ₹ 1,104.07 crore. However, this is subject to fluctuations year on year.

Despite a good increase in the revenue, due to the increase in outsourcing expenses and Repairs & Maintenance, there is a marginal increase in operational loss.

II. Share Capital:

The authorised share capital of the company is ₹ 20,000 crore. The issued, subscribed and paid-up capital of the company as on 31 March 2024 is ₹ 7,267.56 crore with equal contribution from Government of India (GoI) and Government of Tamil Nadu (GoTN). As on 31-03-2024, ₹ 5,400 crore of share application money received from GoTN for Phase-II is pending for allotment as the GoI contribution is awaited.

III. Subordinate Debt:

The total Subordinate Debt amounts to ₹ 3,482.36 crore for Phase-I, ₹ 804.27 crore for Phase – I Extension and ₹ 6,413.89 crore for Phase – II as of 31 March 2024. The debt contribution from GoI & GoTN are provided below:

Description	GoI	GoTN	Total
Phase-I	730.00	2,752.36	3,482.36
Phase-I Extension	205.00	599.27	804.27
Phase-II	-	6,413.89	6,413.89

IV. Pass through Assistance (PTA):

The company has sent claims and had reimbursement of ₹15,005.28 crore (₹ 8,646 cr. for Phase I, ₹ 1,730.44 cr. for Phase - I extension and ₹ 4,628.84 cr. for Phase - II) from bilateral/ multilateral agencies.

As at the end of the FY 23-24, the commitment towards cumulative principal repayment and Interest/front end fees/commitment fees of Japan International Cooperation Agency (JICA) loan are ₹ 1,409.16 crore and ₹ 1,223.14 crore respectively against which the company has made principal repayment of ₹1,262.17 crore and interest payment of ₹ 1,181.21 crore to Government of India (GoI). The company has also submitted the reimbursement of the same from GoTN in line with MoU signed between GoI, GoTN and the Company.

V. Funds Received:

Up to 31 March 2024, the company has received ₹ 18,379.92 crore, ₹ 3,961.27 crore and ₹17,413.89 crore for the Phase – I, Phase – I extension and Phase – II projects respectively. The company has also received ₹ 186.11 crore during the year towards the repayment of loan against Phase-I & Phase-I Extension.

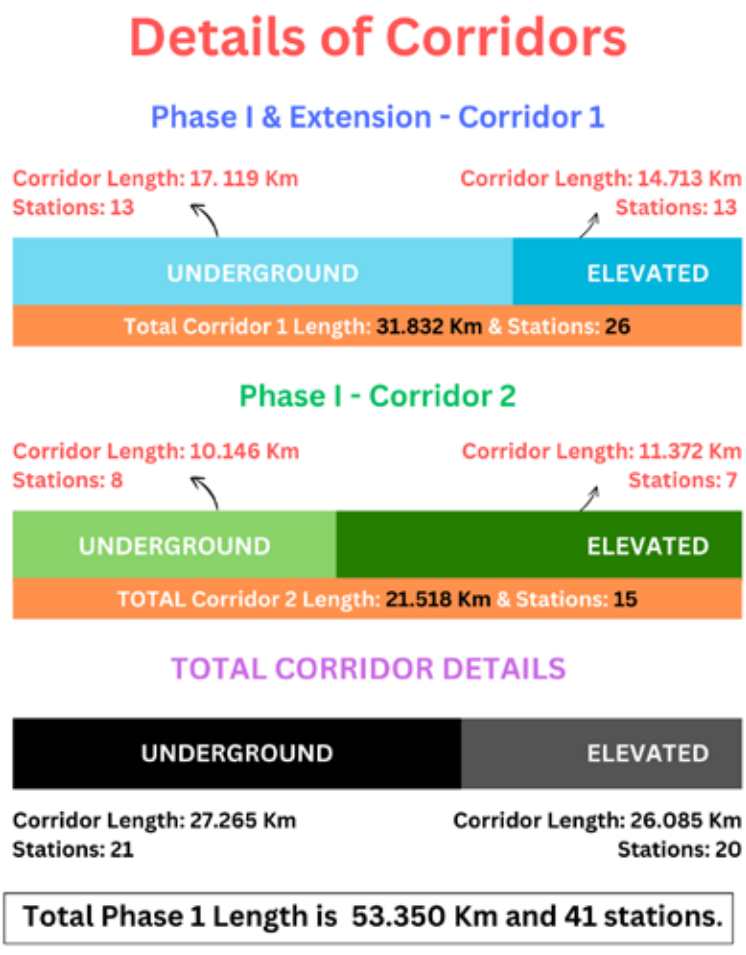

VI. Capitalisation:

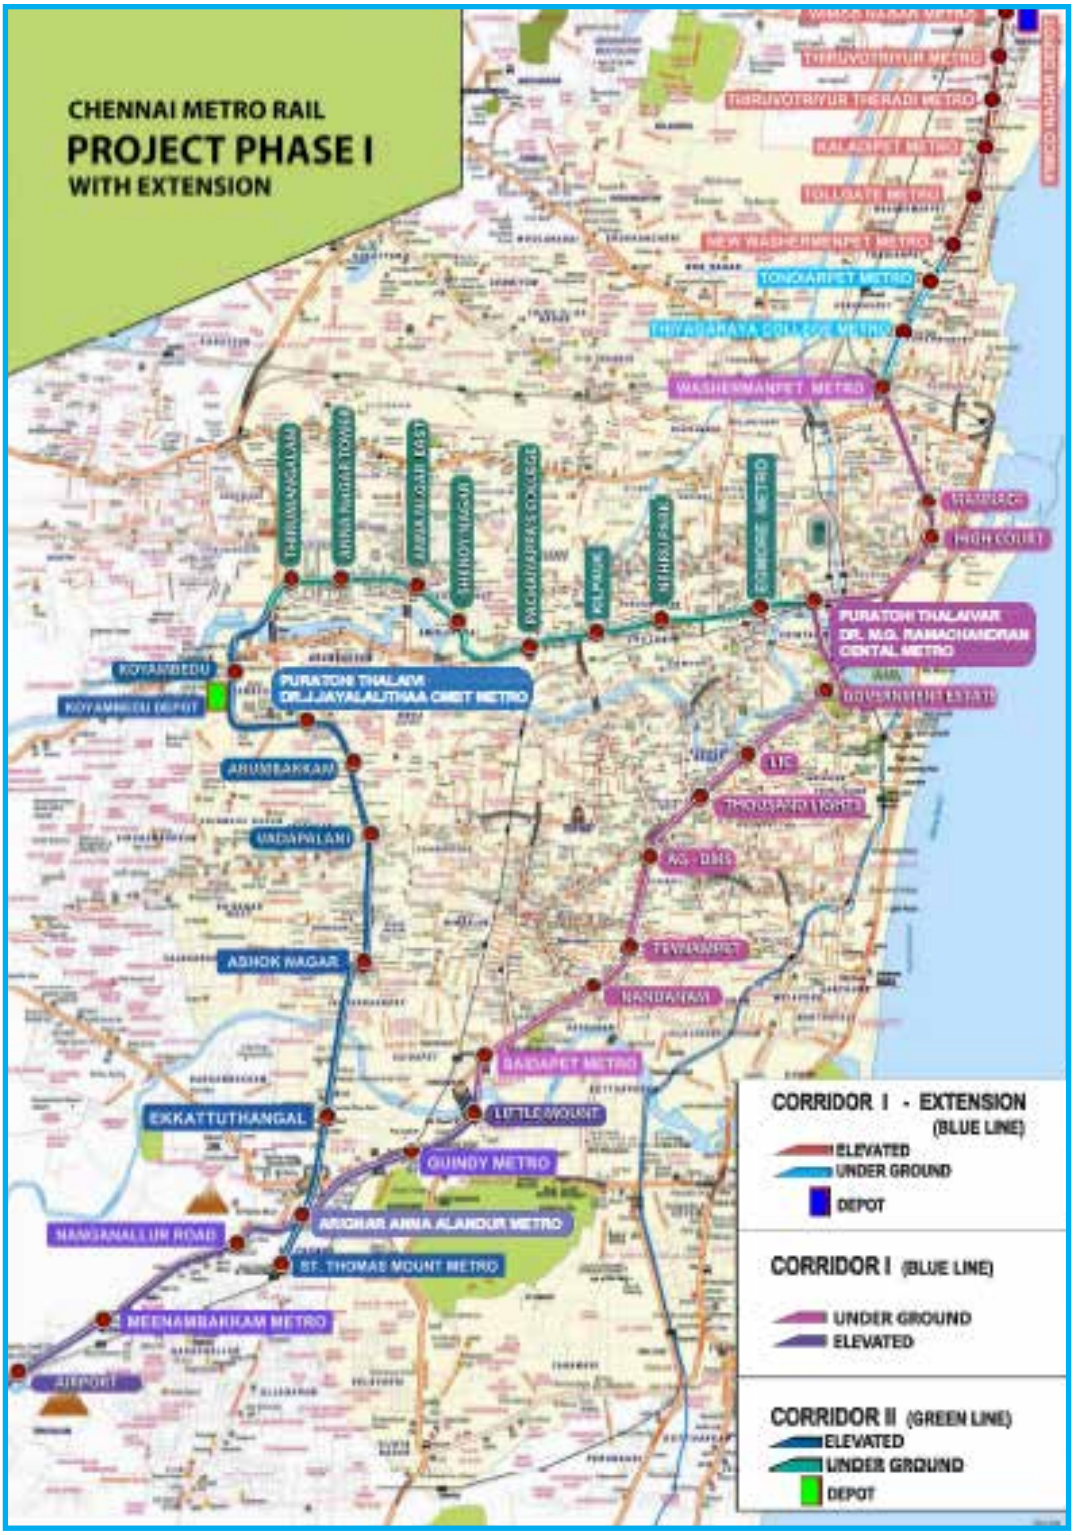

Until March'24, the company has capitalized ₹ 28,061.39 crore in Property Plant & Equipment (PPE) including ₹ 7,988.90 crore towards land and incurred ₹ 10,280.04 crore towards capital work- in-progress.

VII. Grant Received:

The Company has received a cumulative grant of ₹ 482.07 crore from GoTN both for Phase-I and Phase-I Extension projects towards state tax reimbursement.

Project Highlights of Phase – I, Phase I Extension & Phase II

The Chennai Metro Rail Project has been progressing steadily, showcasing significant advancements across various phases. Here is a detailed overview of the project's status, highlighting the achievements and ongoing efforts in different phases.

Phase I of the Chennai Metro Rail Project:

Phase I of the Chennai Metro Rail project encompasses a comprehensive network extending 45.046 kilometres. This phase is divided into two primary corridors:

Corridor I: Stretching from Washermenpet to the Airport, this corridor covers a distance of 23.085 kilometres.

Corridor II: Running from Chennai Central to St. Thomas Mount, this corridor spans 21.961 kilometres.

A distinctive feature of Phase I is that approximately 55% of its total length is underground, while the remaining segments are elevated. The infrastructure includes 32 stations, distributed across the corridors. Among these, 13 stations are elevated, offering a panoramic view of the city, while the remaining 19 stations are situated underground, ensuring seamless transit through the bustling urban landscape.

In terms of connectivity, inter-corridor interchange stations play a crucial role. Notably, Alandur serves as an elevated interchange station, facilitating smooth transitions between different routes. Similarly, Chennai Central, an underground interchange station, is strategically positioned to provide convenient connections, enhancing the overall efficiency and accessibility of the metro network.

Commissioning of Phase I: A Step-by-Step Journey

The commissioning of Phase I of the Chennai Metro Rail project was executed in a systematic, stage-wise manner, marking significant milestones in the city's transit infrastructure.

The journey began with the first segment between Alandur and Koyambedu, which was officially commissioned on 29th June 2015. This initial launch was a pivotal moment, introducing the city to a new era of elevated metro travel.

Progress continued with the inauguration of the first underground line, connecting Thirumangalam Metro Station to Nehru Park Metro Station, on 14th May 2017. This marked the beginning of a series of underground expansions, demonstrating the project's commitment to enhancing urban mobility.

A year later, on 25th May 2018, the metro network expanded further with the opening of two crucial underground stretches. The segment from Nehru Park Metro Station to Chennai Central Metro Station, and the section from Saidapet Metro Station to AG-DMS Metro Station, became operational, significantly enhancing connectivity across the city.

The final portion of Phase I took place on 10th February 2019, with the inauguration of the underground stretch from AG-DMS to Washermenpet on the blue line. This completion of the 45-kilometre network under Phase I of the Chennai Metro Rail Project was a landmark achievement, underscoring the project's success in providing a robust and efficient transit solution for the city's residents.

Phase I Extension: Expanding Chennai's Metro Network

Phase I of the Chennai Metro Rail project witnessed a significant expansion with the introduction of the Phase I Extension, aimed at enhancing metro connectivity across the city's northern corridor.

This extension spans a length of 9.05 kilometres from Washermenpet to Wimco Nagar, comprising a total of 9 stations and an elevated depot. Of these stations, 7 are elevated, while the remaining 2 are underground, strategically positioned to maximize accessibility and convenience for commuters.

PHASE – II

Phase II: Vision for Future Connectivity

Looking ahead, Phase II of the Chennai Metro Rail project promises an extensive network expansion, aiming to redefine urban mobility across the city.

Phase II is set to cover an impressive 118.9 kilometres of network, incorporating 128 stations across three distinct corridors:

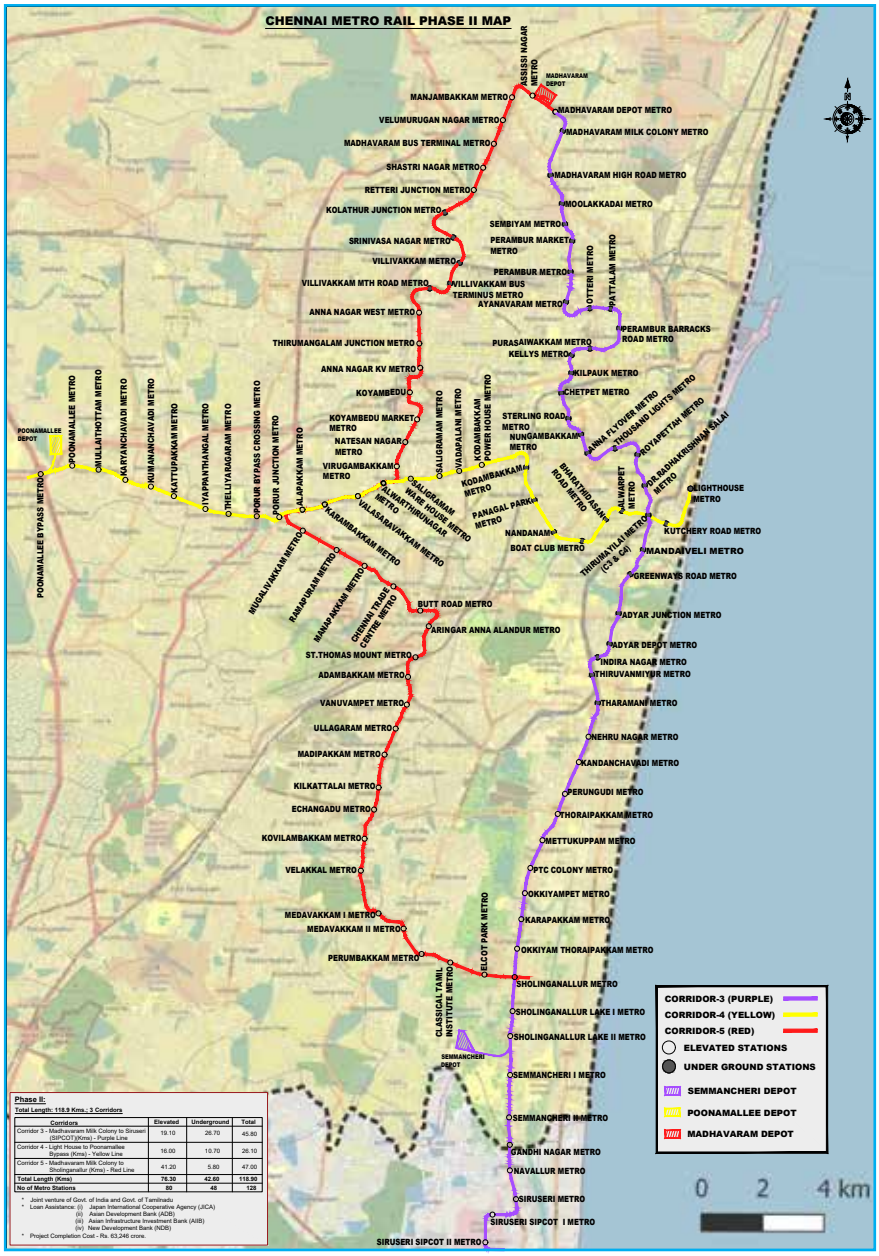

Corridor 3: From Madhavaram to SIPCOT (45. 8 km)

Corridor 4: From Lighthouse to Poonamallee Bypass (26.1 km)

Corridor 5: From Madhavaram to Sholinganallur (47 km)

This ambitious phase is estimated to cost ₹63,246 crore (including Incidental Expenses during Construction), underscoring its scale and importance in Chennai's infrastructure development. Phase II aims for completion by the end of 2027, paving the way for enhanced connectivity and seamless travel experiences for Chennai's residents and visitors alike.

PROJECT MAP – PHASE II

APPOINTMENT OF GENERAL CONSULTANTS

- Consortium of Nippon Koei India Pvt. Ltd., Aarvee Associates Architects Engineers & Consultants Pvt. Ltd. and Balaji Railroad Systems Pvt. Ltd was awarded a General Consultancy contract (GC1) for the 52.01 km JICA Corridor (Corridor-3 & Corridor-5) of Chennai Metro Phase II project.
- JV of AECOM India Pvt Ltd., Oriental Consultants Global Co Ltd (OCG) & Nippon Koei Co. Ltd (NK) was awarded a General Consultancy contract (GC2) for the balance section of 66.89 km (C4, Part of C3 & C5 Corridors) of Chennai Metro Rail Project under Phase II.

Progress of Phase II - Status up to June '24: (35.27%)

The preliminary phases, including comprehensive soil testing, have been successfully completed, while the Detailed Design Consultancy is nearing completion.

Tender Status:

Civil works, including track installations, which are segmented into 24 packages, have already been awarded.

System works are divided into 36 packages, of which, 20 have been awarded, covering critical aspects such as signaling across all corridors, telecom for Corridor 4, rolling stock for Corridor 4, and various electrical and mechanical installations. The details of the awarded contract packages are:

Corridor 3 - Madhavaram Milk Colony to SIPCOT Siruseri (30.46%):

This corridor stretches over 45.8 km from Madhavaram Milk Colony to SIPCOT Siruseri, spanning Chennai from north to south. It features 30 underground stations and 20 elevated stations.

Physical Progress (Elevated - 25.86%; Underground - 31.92%):

The development of Corridor 3 includes significant advancements in both elevated and underground sections, with notable achievements in tunneling and station construction.

Underground Progress from Madhavaram Milk Colony to Taramani:

Contracts for two tunnel sections covering 21 km from Madhavaram Milk Colony to Taramani have been awarded, with construction proceeding rapidly. This phase involves the use of 15 Tunnel Boring Machines (TBMs), which are being employed for the extensive underground tunnel network. These TBMs are repeatedly launched and retrieved from various shaft locations until completion. The TBM's are used in Corridor 3 named after Mountains and Rivers

Tunnel Boring Machines (TBMs) in Use:

Out of the 15 TBMs, 14 are currently operational, with ongoing segment erection. As of now both upline and downline together 11.15 km segment erection works are completed. Notably, TBM S 98, named "Anaimalai," achieved its first breakthrough after successfully tunneling from Madhavaram Milk Colony to Venugopal Nagar on 7th June 2023.

Progress on Underground Stations:

For the 30 underground stations, Utility Shifting, Guide wall and Diaphragm Wall (D'wall) construction are in progress, marking significant advancements in the foundational stages of these critical transit hubs.

Progress of Elevated Corridor – from Nehru Nagar to SIPCOT Siruseri Metro

Construction activities for the 19 km long elevated viaduct, encompassing 19 stations from Nehru Nagar to SIPCOT Siruseri, are progressing steadily. Two contracts have been awarded for this segment, focusing on essential structural elements.

Achievements:

As of now, significant milestones include the completion of 2438 piles, 309 pile caps, 225 piers, and the erection of 122 U-girders. Additionally, ongoing activities at the casting yard involve the casting of U-girders and Pier Caps, crucial components for the viaduct's structural integrity.

This progress highlights the dedicated efforts towards enhancing Chennai's metro infrastructure, ensuring robust connectivity across key locations in the city.

Okkiyam Thoraipakkam metro Pilar construction works are in progress

Corridor 4: Lighthouse to Poonamallee Bypass (48.82%)

This east-west alignment spans 26.1 km, connecting Chennai's beachfront from Light House station to the Depot at Poonamallee. It includes 12 underground stations and 18 elevated stations.

Physical Progress: Elevated (ELE) - 67.13%, Underground (UG) - 25.66%

Progress of Underground Corridor – from Lighthouse to Kodambakkam Powerhouse: Two contracts for tunneling over a 10 km stretch, involving the construction of 9 underground stations from Lighthouse to Kodambakkam metro, are underway. Diaphragm wall (D'wall) construction is currently in progress.

Tunnel Boring Machines (TBMs): Four TBMs are deployed for Corridor 4, all operational and launched. Together, they have completed 1.31 km of segment erection works. Corridor 4 TBM's are themed around birds.

Light house station

Light house Tunnel

Progress of Elevated Corridor – from Kodambakkam Powerhouse to Poonamallee Bypass:

Two contracts that cover a 16 km long elevated viaduct with 18 stations between Kodambakkam Powerhouse and Poonamallee Bypass. Construction activities are actively in progress.

Achievements:

Piles: 4532 completed

Pile caps: 745 completed

Piers: 701 completed

Pier caps: 478 erected

U-girders: 585 completed

I-girders: 639 completed

Activities at the casting yard include the ongoing casting of pier caps, U-girders, and I-girders, essential for the viaduct's structural assembly.

Phase II - Corridor 4 – Alapakkam Launching Girder Location

Phase II - Corridor 4 – Viaduct from Karayanchavadi to Mullaithottam

Construction of Poonamallee Depot:

The Poonamallee Depot under Phase II of the Chennai Metro Rail Project stands as a crucial hub for the maintenance and operational support of the expanding metro network. Managed by M/s ALTIS-VCL-JV, the depot project commenced on January 11, 2022, following the Letter of Award issued on October 20, 2021. Scheduled for completion within 1095 days, the depot covers an extensive area of 1,52,870.578 square meters.

The depot's infrastructure comprises 16 key components, including depot buildings strategically designed to support various operational needs. These structures include the Time & Security Office, Auto Coach Washing Plant, Administrative Block, Water Treatment Plant & Pump Room, Transmission Substation, Auxiliary Substation, Inspection Bay Shed & Warranty Store, Sewage Treatment Plant, Stabling Shed, Emergency Re-Railing Shed, Intensive Cleaning Space, Depot Store, and Cleaning Room.

Notably, the depot is equipped with specialized facilities such as 5 Repair Bay Lines, 4 Inspection Bay Lines, 14 Stabling Bay Lines, and 33 Turnouts. These features ensure comprehensive maintenance capabilities, accommodating the metro system's operational requirements efficiently.

The Poonamallee Depot represents a significant milestone in Chennai's metro infrastructure development, designed not only to enhance operational efficiency but also to support future expansions and ensure the reliability of metro services across the city.

Corridor 5 – Madhavaram Milk Colony to Sholinganallur (30.65%)

This corridor spans 47 km from Madhavaram Milk Colony, passing through key areas like Koyambedu, Porur, and Alandur, and extends to Shollinganallur. It includes 6 underground stations and 42 elevated stations.

Physical Progress: Elevated (ELE) - 37.78%, Underground (UG) - 8.40%

Progress of Elevated Corridor – from Madhavaram Milk Colony to Sholinganallur: Three contracts cover a 41 km long elevated viaduct with 40 stations between Madhavaram Milk Colony and Sholinganallur. Construction activities are in full swing.

Current Achievements:
Piles: 6325 completed

Elevated Butt Road

Pile caps: 958 completed
Piers: 817 completed
Pier caps: 538 erected
U-girders: 428 completed

Activities at the casting yard include the ongoing casting of pier caps, U-girders, and potentially I-girders, crucial for the viaduct's structural completion.

Progress of Underground Corridor - from Retteri to Villivakkam:

Diaphragm wall (D'wall) construction activities are currently underway at multiple locations along the corridor, including Kolathur junction, Kolathur Ramp, Srinivasan Nagar, Villivakkam Bus Terminus, and Villivakkam Metro stations. This phase involves the deployment of 4 Tunnel Boring Machines (TBMs), named Kurinji, Mullai, Marudham, and Neidhal respectively, to facilitate the excavation and construction process.

Underground Station Kolathur work in progress

Construction of Madhavaram Depot:

Significant progress has been achieved in the construction of Madhavaram Depot:

- Administrative Building and Depot Store: Finishing works are ongoing.
- Workshop Bay: Roof sheeting and flooring are currently in progress.
- Inspection Bay: Roofing works have been completed.
- Engineers Training Unit: Roofing works are in progress.

These developments mark substantial strides in advancing Chennai's metro infrastructure, enhancing operational capabilities and supporting the city's growing transit needs.

The Madhavaram Depot, integral to Phase II of the Chennai Metro Rail Project, is being constructed by M/s URC. Commenced on January 7, 2022, and scheduled for completion by November 1, 2024, within 1030 days, the depot spans an expansive area of 1,97,861 square meters.

This state-of-the-art facility encompasses 15 essential depot components, designed to support the operational needs of the metro network. These include the Central Depot Store, Workshop Office Block, Deep Clean Bay with a Workshop Bay featuring 7 lines, ETU & PWL Office Building, Stabling Yard Office Block, Stabling Yard accommodating 10 lines, Effluent Treatment Plant (ETP) with a capacity of 16KLD, Auto Coach Washing Plant (ACWP) Control Room and Pump Room, Railway Signaling System (RSS), Water Treatment Plant (WTP) & Pump Room, Security Facilities, Administrative Building, and Sewage Treatment Plant (STP) capable of handling 15 KLD.

Key infrastructure features include 7 Repair Bay Lines and 7 Inspection Bay Lines, essential for the comprehensive maintenance and upkeep of metro rolling stock. These facilities ensure operational efficiency and reliability, contributing significantly to Chennai's expanding metro network.

The Madhavaram Depot project underscores Chennai Metro's commitment to enhancing public transportation infrastructure, facilitating sustainable urban mobility, and meeting the growing demands of commuters across the city.

Status of Phase II Project approval

The Government of Tamil Nadu (GoTN) has accorded approval for implementation of three Metro Rail corridors for a length of 118.9 Km under Phase II of Chennai Metro Rail Project. GoTN recommended the same to Government of India for Central Government funding under 50:50 equity share and also loan assistance from Bilateral /Multilateral agencies. Public Investment Board has recommended the project to Cabinet Committee on Economic Affairs (CCEA) for approval & implementing the Chennai Metro Rail Phase II project under 50:50 equity model. Approval from GoI is obtained during October 2024.

Pattern of Funding as proposed in the PIB:

Sources	Amount (₹ in Crore)	Percentage (%)
GoI – Equity	5,407.4	11.2
GoI – Subordinate Debt	2,017.5	4.2
GoI Share sub total	**7,424.9**	**15.4**
GoTN – Equity	5,407.4	11.2
GoTN – Subordinate Debt	2,017.5	4.2
GoTN Share sub total	**7,424.9**	**15.4**
Loan Assistance from Multilateral / Bilateral agencies	33,593.5	69.2
Sub Total	**48,443.3**	**100**
Subordinate Debt of GoTN for land, R&R, State Taxes and Others	13,339.4	
IDC for loan and Front End Fee by GoTN	1,403.7	
Total	**63,246.4**	

Status of External Finance Assistance:

The external financial assistance for Chennai Metro Phase II Project is provided by Bi/Multilateral banks viz. JICA, ADB, AIIB and NDB. The status of funding follows.

i. Loan agreement signed on 21/12/2018 with Japan International Cooperation Agency (JICA). The total loan amount is 3,57,476 million Japan Yen. Tranche 1 Loan Agreement has already been signed and the loan has been effectuated on 04/04/2019. Further, the second tranche of the loan was also signed on 31/03/2022.

ii. Loan assistance from Asian Development Bank (ADB) - 780.00 US Millon Dollar - The tranche 1 of the loan agreement was signed on 29/12/2022 and effectuated on 21/03/2023.

iii. Loan assistance from Asian Infrastructure Investment Bank (AIIB) – 795.42 US Millon Dollar - Corridor 4 funding loan agreement was signed on 26/10/2021 and the loan effectuated on 23/11/2021. Balance Corridor 5 funding loan agreement was signed on 07/06/23 and the loan effectuated on 28/06/23.

iv. Loan assistance from New Development Bank (NDB) – 346.72 US Millon Dollar - Loan negotiation meeting was held on 04/11/2022 and the loan agreement signed on 14/07/2023 and the loan effectuated from 30/08/23 onwards.

SPECIAL PROJECT WORKS:

1. Central Square, Chennai Multi-Modal Integration Development:

The Central Square project aims to transform the area around Central Metro Station into a comprehensive multi-modal integration hub. It will feature underground parking, passenger facilities, MRTS stations, suburban stations, and amenities serving Madras Medical College, Rajiv Gandhi Hospital, Ripon Building, and Victoria Hall. The project focuses on segregating vehicular and pedestrian traffic, reducing traffic conflicts, and ensuring seamless connectivity across various transportation modes. This initiative includes ample parking for public transport users, private vehicle facilities, and designated pickup and drop-off points, enhancing last-mile connectivity.

The goal is to establish Central Square as a world-class landmark with pedestrian-friendly landscaped plazas, fostering ease of interchange between railways, suburban lines, MRTS, metro rail, pedestrians, and MTC. This integration aims to create a seamless passage for passengers, setting a precedent as an iconic landmark project in Chennai.

1. **Horticulture and Landscaping Work:** Completed and inaugurated by the Honourable Chief Minister of Tamil Nadu on 30-03-2022.

2. **Construction of Two Subways on Poonamallee High Road:**

   a. **Subway-1 (in front of Central Railway Station):** Completed and inaugurated by the Honourable Chief Minister of Tamil Nadu on 30-03-2022. This development is expected to significantly alleviate pedestrian traffic congestion and improve connectivity in the area.

   b. **Subway-2 (Evening Bazaar Road junction):** Completed and inaugurated via video conference at the Secretariat, near Rajiv Gandhi Government General Hospital and Chennai Medical College, across Evening Bazaar Road and Poonamallee High Road junction on 27-02-2024.

2. MMFC - Broadway Bus Stand

The MMFC (Multi-Modal Facility Complex) project at Broadway Bus Stand and Kuralagam in Chennai is a transformative initiative aimed at seamlessly integrating various modes of transportation within the city. This ambitious development seeks to enhance connectivity with the High Court Metro, creating a modern hub that caters to the needs of commuters and businesses alike.

Multi-Modal Facility Complex:

The MMFC Building includes two basement levels supporting essential infrastructure, a ground floor housing a state-of-the-art bus stand facility, and commercial spaces spread across floors 1 to 2. Meanwhile, Kuralagam features multiple levels of commercial areas, all linked through a subway connecting the basements of both complexes. This design ensures convenient access and smooth transitions between different transport modes, promoting efficiency and enhancing the overall travel experience for residents and visitors.

With a total built-up area of 1,31,137.00 square meters, the MMFC project provides ample space for commercial activities while prioritizing ease of access through internal and external foot over bridges. Scheduled for completion by the end of July 2024, this project exemplifies Chennai's commitment to advancing urban mobility and fostering a vibrant, interconnected cityscape that meets the evolving needs of its growing population.

Kuralagam:

Kuralagam, an integral part of the MMFC (Multi-Modal Facility Complex) project at Broadway Bus Stand in Chennai, is designed to complement the functionalities of MMFC while expanding its commercial and operational footprint. Similar to MMFC, Kuralagam features a robust two-level basement that supports logistical operations and parking facilities, ensuring efficient management of vehicular traffic.

The ground floor of Kuralagam is dedicated to commercial spaces, providing a vibrant hub for businesses to thrive and offering convenient access for visitors. These commercial spaces are strategically designed to cater to a variety of needs, from retail outlets to service providers, thus promoting economic activities and enhancing the overall convenience of the complex.

Above the ground floor, Kuralagam extends up to nine additional floors of expansive commercial spaces. These floors are designed to accommodate a diverse range of businesses, including offices, retail establishments, and recreational facilities. This multi-storey layout not only maximizes space utilization but also enhances the complex's capacity to serve as a comprehensive destination for commuters and visitors alike.

By integrating Kuralagam into the MMFC project, Chennai aims to create a dynamic urban hub that fosters economic growth, facilitates seamless connectivity with the High Court Metro, and enhances the overall urban experience for residents and visitors. This integration underscores Chennai's commitment to developing modern infrastructure that supports sustainable urban development and improves quality of life in the city.

Subway:

A key feature is a subway connecting the basement levels of MMFC and Kuralagam, enhancing accessibility and facilitating smooth transitions between different transport modes for efficient travel experiences.

Paratransit Entry:

The Paratransit Entry provides direct access to the bus stand concourse, catering specifically to passengers with special mobility needs, enhancing inclusivity and convenience within the facility.

Foot Over Bridges:

External and internal foot over bridges strategically integrated throughout the complex enhance connectivity from various entry points to the bus stand concourse. These bridges facilitate pedestrian movement, ensuring efficient circulation within the facility and seamless connections with surrounding areas.

Total Built-Up Area:

The MMFC - Broadway Bus Stand project spans a total built-up area of 1,31,137.00 square meters, accommodating extensive facilities and amenities to meet the diverse needs of commuters and businesses.

Status:

Scheduled for submission by the end of July 2024, the project signifies a significant milestone in Chennai's efforts to enhance urban transportation infrastructure and promote seamless connectivity across different transport modes.

The preparatory works of the project have been initiated by CMRL and the project will be transferred to Chennai Metro Asset Management Limited in due course for execution.

3. Chennai Central Tower

The Chennai Central Tower is a prominent development project poised to redefine the city's skyline with its strategic location and comprehensive facilities. Spanning a total built-up area of 1,13,780 square meters and standing tall at 120 meters, this iconic tower epitomizes modern urban architecture and functionality.

The project features three levels of basements, already constructed, providing ample parking space for both two-wheelers and four-wheelers. This infrastructure supports the tower's extensive commercial and hospitality offerings, ensuring convenient access for occupants and visitors alike.

Above ground, the tower rises with a ground floor and four additional floors dedicated to commercial spaces, including a multiplex cinema. These floors are meticulously designed to accommodate a diverse range of businesses, enhancing the tower's role as a vibrant hub for commerce and entertainment in the heart of Chennai.

From the 5th to the 24th floor, the tower offers prime office spaces, including six floors exclusively allocated for government offices. This allocation underscores the project's contribution to enhancing administrative efficiency and service delivery within the city center.

The 25th floor serves as a pivotal service floor, supporting the operational needs of the tower and ensuring seamless management of its facilities. Above, the 26th and 27th floors house luxurious hotel accommodations, providing upscale lodging options for business travelers and tourists visiting Chennai.

With a total site area of 14,280 square meters and a floor plate area of 3,201 square meters per floor, the Chennai Central Tower optimizes space utilization while adhering to a Floor Space Index (FSI) of 6.25. This efficiency in design reflects the project's commitment to sustainable urban development and efficient land use in metropolitan areas.

The total project cost is estimated at ₹ 688 crores, with ₹ 197 crores already invested in the construction of the three basements. Currently, the project is undergoing technical evaluation, highlighting Chennai's rigorous standards in ensuring quality and compliance with regulatory requirements for such transformative urban developments.

The special project works will be taken over by the Chennai Metro Asset Management Limited in due course.

STATUS OF PROPOSED NEW METRO PROJECTS

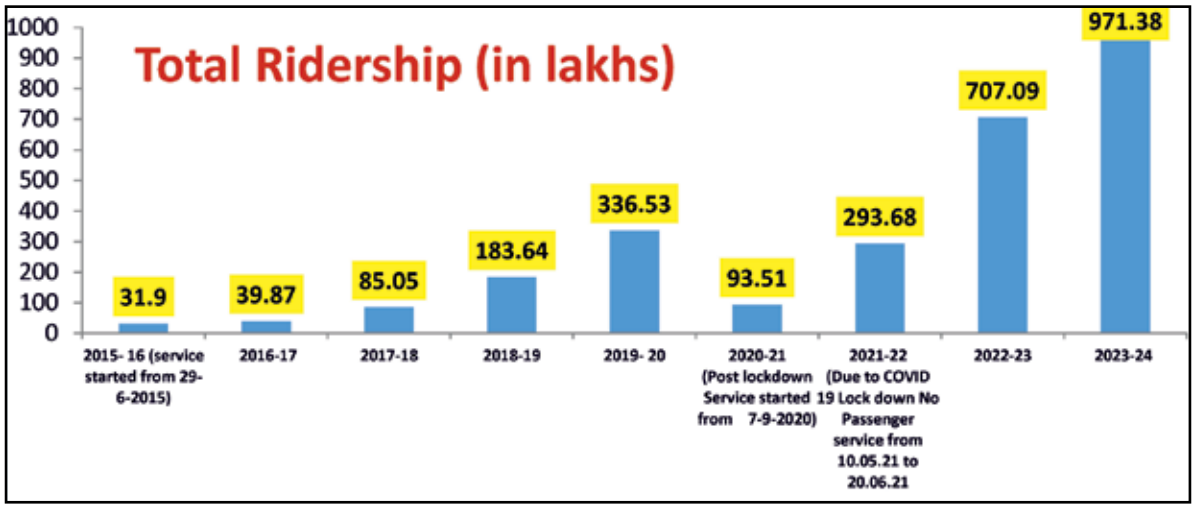

Sl.No	Description	Current Status
	DPR Submitted to GoI for approval	
1	Coimbatore Metro	Coimbatore, a bustling industrial and educational hub in Tamil Nadu, is poised to enhance its urban infrastructure with the introduction of the Coimbatore Metro. This metro system is crucial for alleviating traffic congestion, providing efficient and reliable public transportation for its growing population. By facilitating smoother commuting and reducing travel time, the metro project aims to significantly boost the city's economic activities and quality of life. Moreover, it underscores the city's commitment to sustainable urban development, promoting greener, more accessible transport options for all residents.
2	Madurai Metro	Madurai, a city renowned for its rich cultural heritage and historical significance, is set to transform its urban landscape with the upcoming Madurai Metro. This metro system is pivotal in addressing the city's transportation challenges, offering a modern solution to traffic congestion and improving connectivity across its sprawling urban expanse. By integrating advanced transit solutions, the Madurai Metro aims to enhance the daily commute for thousands of residents, fostering economic growth and urban development. Additionally, it reflects the city's progressive vision towards sustainable and inclusive public transport, ensuring accessible and eco-friendly mobility for all.

Sl.No	Description	Current Status
	DPR Submitted to GoTN	
3	Chennai Airport to Kilambakkam bus terminus	For the extension of Phase I corridor from Chennai Airport to Kilambakkam bus terminus, DPR was prepared by CMRL and submitted to the Government of Tamil Nadu (GoTN). The proposal is under active consideration.
	DPR under Study	
4	Corridor 5 will be extended from Koyambedu to Avadi - 16.07 Km	The Detailed Project Report (DPR) is currently under study, focusing on the extension of Corridor 5 from Koyambedu to Avadi, covering a distance of 16.07 km. A Detailed Feasibility Report (DFR) has already been submitted to the Government of Tamil Nadu (GoTN), marking a significant step towards project realisation. The preparation of the DPR is actively in progress, with the final report expected by December 2024. This extension aims to enhance connectivity and improve transportation efficiency for the residents of Avadi and surrounding areas.
5	Corridor 4 will be extended from Poonamalle to proposed Airport Parnadur 43 .63Km	The Detailed Project Report (DPR) for the extension of Corridor 4 is currently under preparation, focusing on extending the metro line from Poonamallee to the proposed airport at Parandur, spanning 43.63 km. A Detailed Feasibility Report (DFR) has already been submitted to the Government of Tamil Nadu (GoTN), marking a critical step in the project's development. The DPR preparation is actively in progress, with the final report expected by December 2024. This extension aims to significantly enhance connectivity, linking Poonamallee with the upcoming Parandur Airport and providing improved transportation options for commuters.
	DFR Submitted to GoTN	
6	Feasibility studies for **Tiruchirappalli**	Feasibility studies for the proposed Tiruchirappalli metro project have concluded, resulting in the submission of a Detailed Feasibility Report (DFR) to the Government of Tamil Nadu (GoTN). The report outlined significant potential benefits for enhancing urban transportation in Tiruchirappalli. However, the GoTN has chosen not to proceed with the project at this stage.
7	Feasibility studies for **Salem**	Following meticulous feasibility studies, the Salem metro project has reached a crucial milestone with the submission of a Detailed Feasibility Report (DFR) to the Government of Tamil Nadu (GoTN). The report highlighted substantial socio-economic advantages that could be derived from the metro. However, the GoTN has chosen not to proceed with the project at this stage.

Sl.No	Description	Current Status
8	Feasibility studies for **Tirunelveli**	Feasibility studies for the proposed Tirunelveli metro project have been completed, leading to the submission of a Detailed Feasibility Report (DFR) to the Government of Tamil Nadu (GoTN). The report underscored promising outcomes and potential socio-economic benefits for Tirunelveli's urban mobility. However, the GoTN has opted not to advance the project at this time.
	Feasibility studies for Phase II Extension: Total 83.2 Km	
9	Corridor 3 will be extended Sirucheri to Kelambakkam till Kilambakkm Bus terminus 23.5 Km	Corridor 3 is proposed to be extended from Sirucheri to Kelambakkam, reaching the Kilambakkam Bus Terminus, covering a distance of 23.5 km. A Detailed Feasibility Report (DFR) was submitted to the Government of Tamil Nadu (GoTN) on 12th September 2023.
	DFR under Preparation	
10	Bommasandra to Hosur	The Detailed Feasibility Report (DFR) of Bommasandra to Hosur corridor is completed in October 2024. This corridor is crucial for enhancing the connectivity between Bommasandra and Hosur, aiming to address transportation needs and facilitate smoother commuting between these two areas. The DFR assesses various aspects such as economic viability, environmental impact, and technical feasibility, laying the groundwork for future decision-making and infrastructure development in the region.
	Traffic Study	
11	MMBT to Nallur Toll plaza	A traffic study for the corridor from MMBT (Madhavaram Mofussil Bus Terminus) to Nallur Toll Plaza is completed in August 2024. This study aims to comprehensively assess traffic patterns, congestion points, and transportation needs along this route. The findings will provide crucial insights into optimizing traffic flow, enhancing road safety, and improving overall transportation efficiency in the area. The outcome of the study will guide future infrastructure planning and development efforts to meet the growing demands of commuters and businesses in the region.

Sl.No	Description	Current Status
12	Reassessment of Tambaram to Velachery (extending till Guindy / Little Mount station)	A reassessment of the traffic study for the Tambaram to Velachery corridor, with a proposed extension to Guindy or Little Mount station has been completed in September 2024.

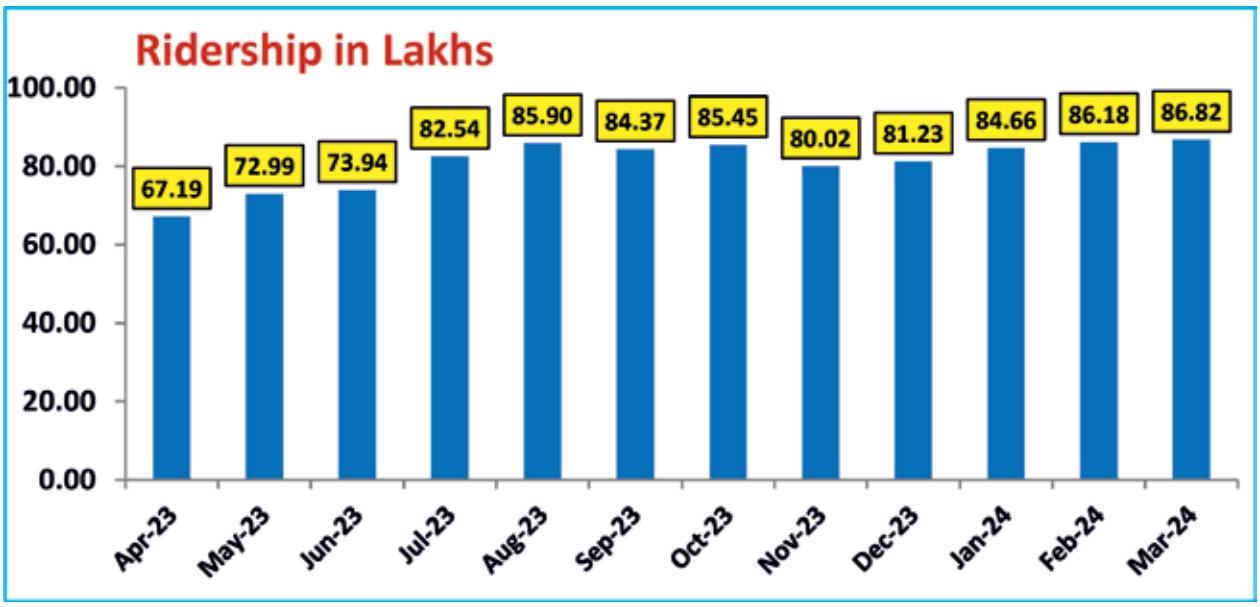

OPERATIONAL HIGHLIGHTS

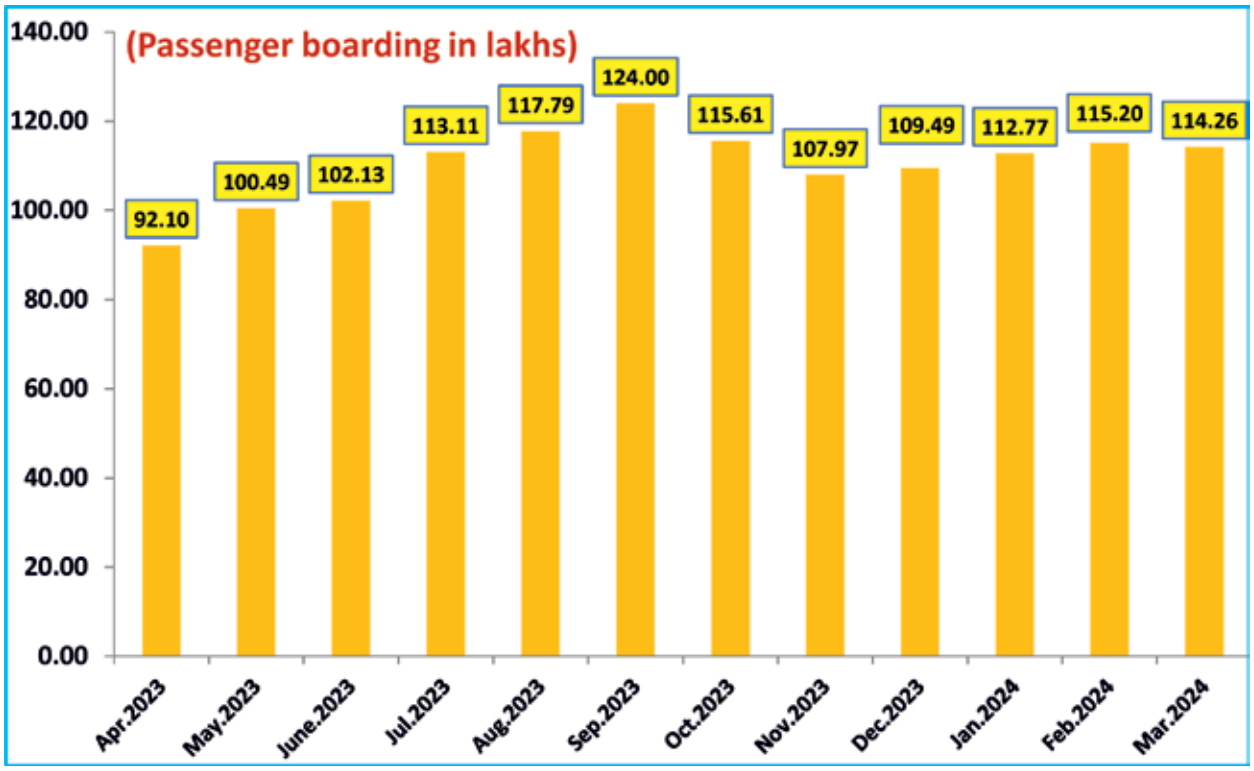

Ridership and earnings before lockdown & Post lockdown

Parameter	March 2021 (Post lockdown)	March 2022	March 2023	March 2024
Operational Network length	54 km	54 km	54.6 Km	54.6 Km
Avg. Ridership per day	90,804 Passengers	1,44,155 Passengers	2,26,319 Passengers	2,80,079 Passengers
Avg. Fare box earnings per day	₹ 26.25 Lakhs	₹ 42.67 Lakhs	₹ 63.36 Lakhs	₹ 75.04 Lakhs
Avg. Earnings per Passenger	₹ 29/-	₹ 29.60/-	₹ 28/-	₹ 26.79/-
Avg. Parking earnings per day	₹ 3.07 Lakhs	₹ 4.07 Lakhs	₹ 5.84 Lakhs	₹ 7.19 Lakhs

Month wise Ridership (2023-24)

Passenger boarding - (2023-24)

ROLLING STOCK

Key Achievements in the Financial Year 2023-2024

RS MAINTENANCE

a. Obtained ISO 9001:2015 (Quality Management System) & ISO 14001:2015 (Environment Management System) certification.

b. Outsourcing of Preventive & Corrective maintenance, PPIO, DCC, Material Management Services of Rolling Stock to M/s. MEMCO Associates India Pvt Limited. Outsourcing of Corrective maintenance of rolling stock is done.

c. Outsourcing of Depot Machines O&M and Train Shunting Services in Koyambedu depot & Wimco Nagar depots resulting in reduction of maintenance costs.

d. Outsourcing of Housekeeping, Pest Control & Horticulture Services for CMRL Koyambedu Depot Including Admin Building, CMRL O&M Staff Quarters & Wimco Nagar Depot and Housekeeping Service for CMRL Metro Cars to M/s. Updater Service Limited.

e. Train Availability for passenger services increased from 85% to 92.5% (40 trains to 49 trains). This is one of the highest figures of train availability being achieved.

f. Reduction in the Sick trains status to 1.2 trains against 2.14 Trains per day in the year 2022.

g. Reduction of down time by 57% for the 6th year Intermediate Overhauling of Trains to 15 days against 35 days.

h. Considerable cost savings achieved through development of vendor and localization of components and their repair viz. AGTU dryer coil, Wiper motor assembly, Master controller spares, DDU repair, etc. Also through the in-house repair & Overhauling of various components viz. Master controller, EDCU, RIOM, EPAC, VMC, RAD, Door glass replacement etc.

Established and commissioned an Electronics Laboratory with cutting edge technology and simulator setup of PAPIS, TCMS and Saloon doors systems at Koyambedu depot, which will cater to repair of electronic parts of all subsystems of Rolling stock. The electronics lab alone has resulted into a repair cost savings.

Meeting Area

Central Metro

General Test Bench

i. Established Maintenance set up in WIMCO Nagar depot and maintenance commenced.

j. Optimization of Train Fitness check frequency from 7 days to 10 days thereby reducing the train downtime and increasing the availability.

k. Complying with the Government directions, procurement through GeM increased from 30% to 96%.

RS Phase II Project:

a. The DPR Phase II provides for procurement of 414 cars of Driverless Train as part of Rolling Stock requirement, which is planned to be procured through THREE tenders. The first among the Three, ARE03A funded by GOTN is awarded, design completed and train production is commenced on 8th of Feb 2024 at Alstom Transport India Limited, Sricity. In line with the targets for revenue operation of the Corridors, Supplementary agreement signed off for procurement of Additional 10 trains under Contract ARE03A, with which the total number of trains to be supplied through the Contract ARE03A is 36 Train sets of 3 car formation. The other two tenders are floated, and the process of procurement is ongoing.

b. As recommended by MoHUA, and for improvement of passenger safety in Phase II trains, sensitive edge/anti drag feature is included in all of the Phase II rolling stock tenders and design is finalized. The same technology will be implemented in Phase I trains also in a phased manner to improve the passenger safety.

c. Procurement process is commenced for procurement of Rolling Stock (210 cars) and Depot Machinery & Plant at Madhavaram Depot for Phase II section including

Comprehensive Maintenance for 15 years under Tender ARE02A with Japanese origin Goods and Services to a minimum of 30.069%.

Tender floated for procurement of LED backlit LCD based Dynamic Route Map Display in 52 trains of CMRL Phase-1 section, to improve the passenger information system available in trains, especially in the Phase I extension.

OPERATIONS & MAINTENANCE

1. Michaung cyclone

With flood all over the city, the operations team tirelessly worked during the flood and ensured smooth Train operation services and station operations. While the Cyclonic Storm disrupted life in Chennai city, Chennai Metro Rail was the only operative mode of transport for the city serving around 4 Lakh passengers during the cyclone.

- The team ensured to manage and monitor all stations during the Flood situations.

2. Parking Arrangements

To improve ridership, providing parking facility plays a major role so that passengers use their own vehicle for First & last mile connectivity.

Accordingly, parking capacities have been increased for both 2 wheelers and 4 wheelers by identifying new parking space in and around Metro stations. Due to increase of more parking facility, parking earnings at Metro stations has been significantly improved by 30%. Following are the Metro stations where additional or new parking space has been identified and opened for Metro passengers:

Nanganallur-OTA Metro station: At Nanganallur Metro station, parking facility was limited due to space constraint, hence various steps have been taken to increase the parking capacity

- Unutilized DG area is renovated and used for parking which can accommodate 60 two wheelers.
- Further, Land behind SOT Metro Station was identified and leased out which can accommodate around 800 two wheelers and 100 four wheelers. The same was developed with paver block opened for Passengers for parking.

Opening of Upgraded parking at Alandur Metro:

- At Alandur Metro station, parking lot was in soil land with undulation & water logging. Hence same was upgraded with paver block with help of project team and opened to public by both Directors,CMRL.

Opening of Upgraded parking at Pachaiappa Metro:

At Pachiappa Metro station, parking lot was in soil land with undulation & water logging. Hence same was upgraded with paver block with help of project team and opened to public.

Opening of Upgraded parking at Arumbakkam Metro:

At Arumbakkam Metro station, parking lot was in soil land with undulation & water logging. Hence same was upgraded with paver block with help of project team and opened to public.

Opening of Upgraded parking at Little Mount Metro:

The existing parking area of Little Mount Metro station was renovated with paver blocks for passenger convenience, accommodating almost 200 two wheelers and 50 Four wheelers.

Upgraded Parking area at Thirumangalam Parking Lot 2:

The available vacant land, that was unused has been renovated with Paver blocks for passenger convenience, accommodating almost 450 two wheelers.

3. Effective Crowd Management at SGE Station:

- Proactive measure has been taken for effective crowd managements for special events like IPL matches at Government Estate Station.
- Total 7-Match days, Special train were operated after revenue hours and IPL tickets were Integrated with our ticketing system.
- Also, Last Match Travel Tickets was issued at stations and crowd was managed effectively and seamlessely.

4. New Swing Gate at Airport Metro:

a. At Airport Metro station, the pedestrian passengers and other passengers were required to travel long distances within Airport premises for Pick & drop to get in to Metro stations.

b. Our team continuously insisted AAI for approval of Gate installation on GST road side and same was obtained.

c. Immediately new Swing gate was installed by demolishing the compound wall within 3 days & was same opened to general public.

5. Opening of Additional Entry at Koyembedu Metro:

At Koyembedu Metro station, additional entry was opened with AG gates shifted from other station to fcailitate more passengers and same was opened to public.

6. Additional Entry at Tondiarpet Metro Station:

It was observed due to increase in footfall, many passengers had faced issues in accessing Metro station due to limited Entrances. Hence during station inspection requirements of additional entries in various metro station were identified and initiative was taken to open addition entrance for passenger benefits at Tondairpet Metro Station.

7. Roof covering at Parking Entry for Operator/Passenger at Nanganallur Metro:

At Nanganallur Metro station, Parking Entry New canopy Roof sheet provided to facilitate Passengers and operators from all weathers and same was opened to public.

8. Multi Modal Integration

- To provide better connectivity and display of train timings for Passengers travelling from Egmore Suburban to Egmore Metro and vice versa, Passenger Information Display was installed at Egmore Railway Station, displaying the arrival timings of metro trains as an initiative for multimodal integration.

- A link bridge has been constructed to connect Guindy Metro Station with Guindy Railway Station to provide direct and convenient connection between Guindy Metro Station and Guindy Railway Station, facilitating seamless transfers for passengers traveling between metro and rail services.

9. Passenger Facility:

Alandur Metro station, an interlocking station with many passengers interchanging needed a helpdesk for better assistance. A Helpdesk with a staff has been deployed to share and help passenger with Metro travel details and assist passengers.

10. Team Building :

- As an intiative for Employee welfare, internal team building was conducted to encourage and connect all Metro staffs and share their experience as a part of knowledge sharing and team involvment.

- Outbound team building events was also conducted by professionals at TTDC beach resort, Mahabalipuram, Chennai to motivate, enhance communication and create strong bond and connection within the team.

11. Other improvements in various Metro stations:

To improve passenger experience various signages for Escalators, Train door location at Elevated stations, etc. is implemented.

12. Location Based Signages at Government Estate Metro stations:

Location based signages had been installed at stations at all levels to guide passengers and improve their experience.

13. Dedicated Women Helpline Number

A dedicated women helpline number has been set up considering women safety traveling in Metro. The number is effectively being used enabling immediate assistance and support to women passengers.

14. Other improvements in progress at Metro stations:

Various activity is being taken up to improve stations & passenger experience at all stations

- New procurements of registers
- Tender preparation for training room & App development for digitilasation
- Additional Toilets are being constructed to meet passengers requirement at Koyembedu.

INCEPTION OF DIGITALIZATION:

Smart Card System:

CMRL has introduced a contactless smart card system, commonly known as "Travel Cards," which can be recharged online or at designated kiosks. Commuters can easily obtain and top-up these cards using CMRL Mobile App as well as CMRL website which has various options for payment like UPI, Net Banking etc., enabling quick and hassle-free entry into the metro stations. The smart cards offer convenience, as users can tap their cards at the gates, eliminating the need for physical tickets or cash transactions.

National Common Mobility Card:

CMRL has inaugurated the National Common Mobility Card on 14th April 2023. The card has new era digital ticketing features like transit application of small value transactions, online purchase transactions and retail outlets use cases.

CMRL Mobile App – Online Ticket Booking and Recharge:

CMRL has introduced a mobile app available in play store and IOS platform allowing commuters to purchase and validate tickets using their smartphones. The passengers can recharge their smart cards online. Through a dedicated mobile application, passengers can easily browse fare options, select their desired ticket, choose from available routes, plan their journey, recharge their smart cards and make secure payments using various digital payment methods. The mobile ticketing system eliminates the need for physical tickets, reducing queues, paper usage and enhancing the overall ticketing process.

QR Code Integration:

CMRL has introduced QR code mode of ticketing in September 2020. Passengers can purchase QR code ticket through the mobile application. These QR codes are scanned at the entry/exit gates, allowing smooth access to the platforms.

Benefits of QR Ticketing System:

- 20% Discounted fare for the QR purchased through any of the online applications
- Enabling quick and hassle-free entry into the metro stations by scanning the QR Code on Automatic Cards

- Easily can have in different applications like CMRL Mobile Application, WhatsApp, Paytm, Phone Pe, Static QR Stickers placed in Metro stations , Red Bus, Rapido, Namma Yatri or in the Tickets counters of metro station at convenience to the passengers

Enhancements made in the QR Domain:

- CMRL offers the QR integration with Major Events such as Cricket Matches, Music concerts, Marathon, Public Events etc. on the request of the event organizer makes enable the visitors to have integrated QR tickets for the travel with event tickets / invites

- Issuing QR ticketing through WhatsApp launched in May 2023. The passenger can avail the 20% discounted tickets by just typing Hi to the WhatsApp No +91 8300086000.
- Pushing the traditional paper tickets to passenger WhatsApp number at ticket counters launched in Jan 2024 to reduce the paper usage in the Metro Ticketing Systems.

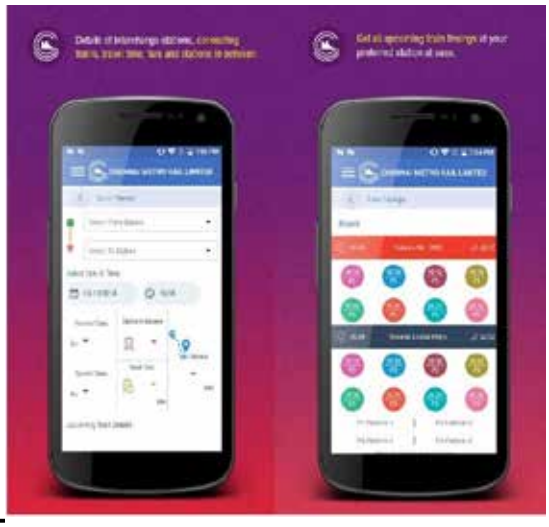

- PayTm: Online QR ticketing system through PayTm.
- PhonePe: Online QR ticketing system through PayTm.
- ONDC integration was launched in Feb 2024 enabling all social media or transit applications like RedBus, PayTm, Namma Yatri and Rapido etc to seamlessly sell CMRL QR tickets on their platforms as part of first mile and last mile connectivity.

Parking Fare Collection Digitalization:

CMRL pioneers in the integration of the digital payments through CMRL contactless Smart Cards for parking fares at facilities given by CMRL metro stations launched in December 2018. The application was further enhanced with vide options and customizations for revenue reporting and reconciliation. The full-fledged release of the enhanced app was released in October 2021. New requirements are taken up and developments go on as per management requirements and customizations for providing better facilities and benefits to CMRL passengers. Apart from that CMRL also gives dynamic discounts to metro commuters based on the number of trips they made in metro; more the trips, more the discount!

- Store Value Cards (Metro Smart Cards) for cashless payment of parking charges was launched in Dec 2018.
- Differential Parking Fare at all stations was launched on 02.05.2023 for encouraging CMRL commuters to use parking facilities at discounted rates for daily as well as monthly journeys.
- Parking Integration – Payment of Parking charges using NCMC cards was launched in Feb 2024.
- Store value QR Pass integration with Parking for parking fare payments was launched in Feb 2024.

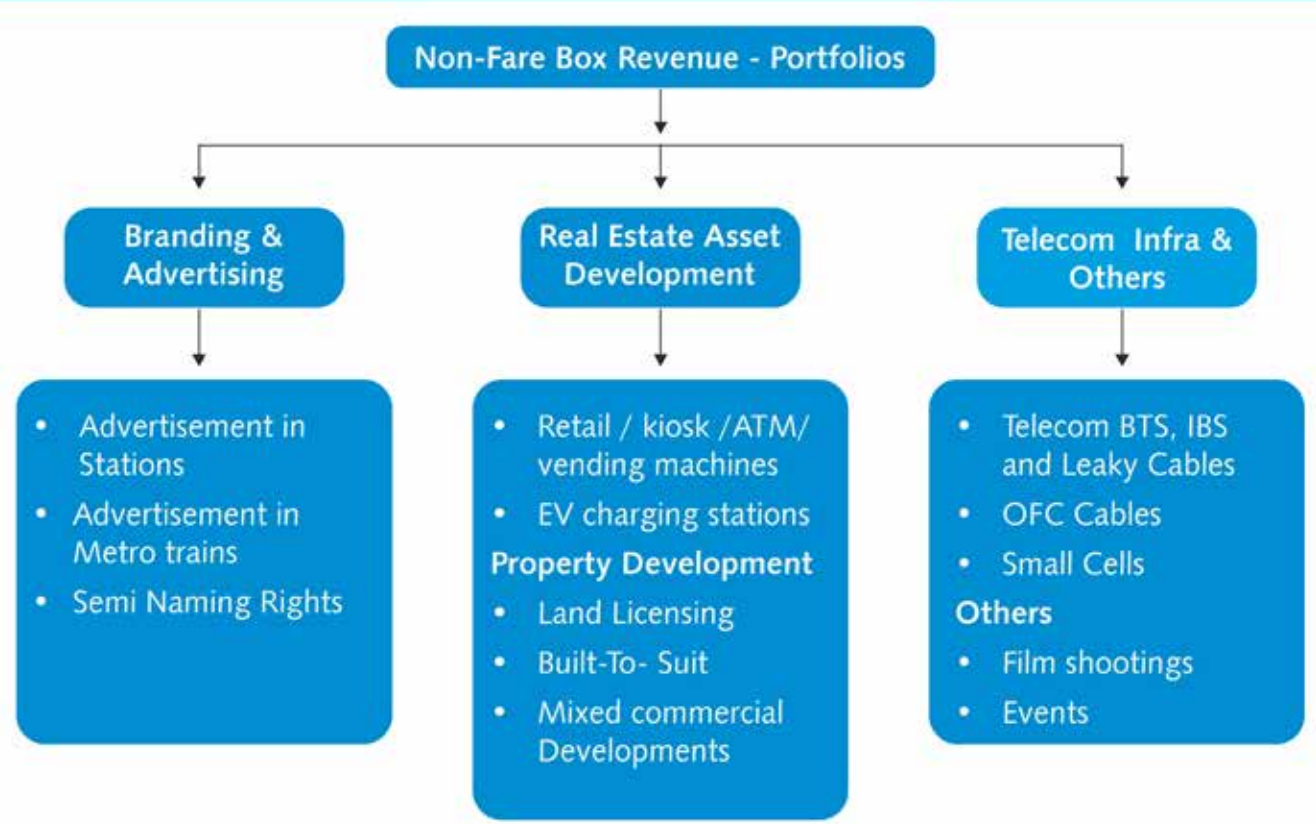

Real-time parking availability information:

The real time parking slot availability is made accessible to all the commuters through CMRL official website and mobile application. With this facility CMRL commuters can find out the capacity, type of vehicle parking available and currently availability of parking slots at all the parking areas which are managed by the CMRL.

Non-Fare Box Revenue:

Non-Fare box revenue plays a significant role in optimising the Operational expenses. As a part of alternate revenue generations, CMRL has conceptualised and initiated various revenue streams under 3 broad categories:

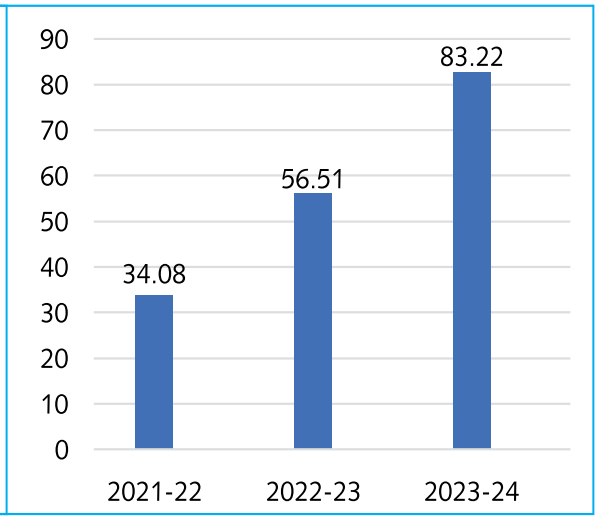

The above said streams of business are licensed through open e-tender process with forward auction except of licensing of OFC cables and film shootings which is allotted through online application process on first-come first serve basis.

Non-Fare box revenue for the financial year 2023-24

The total revenue earned from the Non-Fare Box for the financial year 2023-2024 is ₹ 76.31 Cr (excluding parking revenue INR.21.08 Cr) which is approx. 29% of total Fare box revenue i.e., 265.18 Cr.

Financial Year	Revenue in Cr
2021-2022	34.08
2022-2023	56.51
2023-2024	83.22

Further CMRL has awarded various new contracts worth ₹ 54.72 Crores during the financial year 2023-2024.

Major Initiatives :

1. Licensing of Property Development Areas during 2023-24.

CMRL has identified and have licensed larger built-up commercial space located adjacent to Saidapet, Shenoy Nagar & Arumbakkam Metro Stations and the same were awarded during the financial year 2023-24 through e-Tender

S.No.	Location	Area in Sqm	Licensee	Expected Revenue per year in Cr
1	Shenoy Nagar	19,775	M/s. Grace Services	8.29
2	Saidapet	9,459	M/s.Innovent Spaces Private Limited	6.64
3	Arumbakkam	3,124	M/s.Merswee Mall Creator(P) Limited	1.23
Total				**16.16**

2. Licensing of Advertisement on Piers and Portals:

Licensing of advertisement rights on Piers and Portals along the corridor I and II of phase:1 was called for open tender. Out of total 11 packages, 7 packages have been awarded to M/s.Mudra Ventures. The expected annual revenue is ₹12.61 Crore.

RESERVATION POLICY

Rules of reservation are being followed for recruitment of candidates for permanent posts.

MANPOWER

CMRL Manpower as on 31-03-2024	
Executive (regular & contract)	**264**
Non Executive	**303**
Total	**567**

STATUTORY DISCLOSURES:

Details regarding technology absorption and conservation of energy required under Section 134 (3) of the Companies Act, 2013 and Rule 8, of the Companies (Accounts) Rules 2014

1. Renewable Energy- Solar Power

CMRL has so far commissioned 6.4 MWp Solar Power at its Koyambedu Depot roof top and Ground level, Elevated Metro Stations Roofs, Under Ground Metro Stations, Ancillary Buildings etc. with average per day generation of 28,000 units. So far 427 lakhs units have been generated. Total carbon emission so far avoided is 32,528 Tonnes of CO2. These solar plants have been installed on **RESCO model** with no capital investment by CMRL. Energy Conservation and Technology absorption

a) Regenerative Braking in train

- CMRL trains are capable of regenerative braking up to the speed of 5kmph. During regenerative braking, the energy is regenerated and fed back to the system, which is consumed by other trains and equipment.
- 32% (average) of the energy is regenerated, which is one of the highest among other metros.

b) Energy efficient equipment and methods

- CMRL is using energy efficient equipment and fixtures in stations – LED lights, energy efficient compressors, motors, 3 speed escalators (stop, creep and run) with auto operation, usage of only star rated equipment.
- Air Cooled Chiller in HVAC, which is more energy efficient has been adopted for HVAC system.
- Vertical Fan for Tunnel Ventilation System: Vertical fan design has been adopted, which is one of the unique system in metro, resulting in huge space saving and energy saving.
- In depot, mini portable compressor are used on need basis, instead of centralized large compressor air system. This system gives considerable energy saving.

c) Provision of PSD

- Reduces the penetration of dust from the tunnel.
- Increase in comfort for Passenger.
- Reduction in noise level generated by train.
- It saves 33 %of the air conditioning load, thus reducing the carbon footprint of the underground station.

Saving / optimization of energy cost.

Electrical Energy is purchased on open market through Indian Energy Exchange (IEX) on bidding basis, whenever the cost of energy and landed cost is cheaper than TANGEDCO energy cost. This scheme will result in huge saving in the overall energy cost.

Proposed work for green energy initiatives in future

It is proposed to install solar panels and roof top system in the upcoming Phase 2 project of CMRL like what has been done in Phase1 project.

Energy efficient equipment specification are being incorporated in the tendering stage itself to achieve energy efficiency.

CMRL Phase 2 Trains will be with regenerative braking and with the minimum benchmark energy efficiency of 48 kwh per 1000 GTKM.

FOREIGN EXCHANGE EARNINGS & OUTGO

₹ in Crores

1. Total Foreign Exchange Earned	Nil	(Prev. Year-Nil)
2. Total Foreign Exchange used	119.72	(Prev. Year- 49.50)

AWARDS & ACHIEVEMENTS

1. **Best Practices in HR:** Chennai Metro Rail Limited was honoured with the Best Practices in HR award by the Tamil Nadu Federation of Indian Chambers of Commerce & Industry (FICCI) under the Public and Large Unit category. This recognition underscores CMRL's commitment to fostering a workplace environment that prioritises dedication, innovative HR strategies, and a productive ethos. By implementing best practices in human resource management, CMRL continues to set benchmarks in employee engagement and development, ensuring a conducive environment for its workforce to thrive and contribute effectively to the organisation's objectives.

2. **Best Construction Projects:** CMRL received the prestigious CIDC "15th Vishwakarma Award" for Best Construction Projects, highlighting its excellence in project execution and management. This accolade is a testament to CMRL's capability in delivering high-quality infrastructure projects that meet stringent standards of efficiency, safety, and sustainability. Through meticulous planning and execution, CMRL has consistently demonstrated its expertise in urban development, contributing significantly to Chennai's infrastructure landscape and enhancing public amenities through state-of-the-art construction practices.

3. **Construction Health, Safety & Environment:** Recognised with the CIDC "15th Vishwakarma Award" for Construction Health, Safety & Environment, CMRL has demonstrated a steadfast commitment to ensuring the well-being of its workforce and preserving the environment. This accolade reflects CMRL's proactive approach in implementing robust health and safety measures across its operations, alongside initiatives aimed at minimising environmental impact.

By integrating sustainable practices into its construction activities, CMRL continues to uphold the highest standards of safety, health, and environmental stewardship in the infrastructure sector.

4. **India's Best Metro Rail Network:** CMRL was honoured as India's Best Metro Rail Network for its transformative impact on urban transportation infrastructure in Chennai. Through its extensive network expansion and efficient service delivery, CMRL has significantly enhanced connectivity, easing commuter travel and contributing to the city's economic and social development. This recognition underscores CMRL's role as a key driver of sustainable urban mobility, setting benchmarks in reliability, accessibility, and customer satisfaction within the metro rail industry.

5. **Certificate of Merit from CIDC Green Practice Group:** CMRL received a Certificate of Merit from the CIDC Green Practice Group for its commitment to environmental conservation and sustainability in construction projects. By adopting eco-friendly practices throughout its operations, including energy-efficient designs and green building initiatives, CMRL has exemplified leadership in promoting sustainable development principles. This recognition reaffirms CMRL's dedication to reducing carbon footprint and fostering environmentally responsible infrastructure solutions that benefit the community and future generations.

6. **Best Employer Brand-2023:** Certified by the World HRD Congress, CMRL earned the Best Employer Brand-2023 accolade for its outstanding human resource practices. This certification acknowledges CMRL's efforts in creating a supportive and innovative work environment that values employee development, diversity, and well-being. By prioritising talent management and fostering a culture of inclusivity and growth, CMRL continues to attract and retain top talent while maintaining high standards of professional excellence and organisational effectiveness.

7. **Outstanding Contribution to HR-2023:** Recognised for its exceptional human resource practices by the World HRD Congress, CMRL received the Outstanding Contribution to HR-2023 award. This distinction highlights CMRL's dedication to nurturing talent and promoting a conducive workplace culture that empowers employees to achieve their full potential. Through strategic HR initiatives and continuous improvement frameworks, CMRL remains committed to enhancing employee engagement, satisfaction, and professional development opportunities across its workforce.

8. **ISO-9001- Quality Management System and ISO 14001- Environment Management System:** CMRL achieved certification for its Phase I operations under ISO-9001 for Quality Management System and ISO 14001 for Environment Management System. This dual certification underscores CMRL's commitment to operational excellence and sustainability in managing metro rail infrastructure. By adhering to internationally recognised standards, CMRL ensures rigorous quality control measures and environmental stewardship practices, further enhancing reliability, efficiency, and environmental performance.

9. **The Green Champion Award 2023:** Honoured with the prestigious Green Champion Award by IGBC, CMRL has been recognised as a leader in promoting green building practices and sustainable development in the construction industry. This accolade celebrates CMRL's proactive efforts in designing and implementing eco-friendly infrastructure solutions that minimise environmental impact and maximise energy efficiency. By integrating green initiatives into its projects, CMRL continues to set benchmarks for environmental stewardship and inspire industry-wide adoption of sustainable building practices.

10. **IGBC Platinum Rating Award:** CMRL received the coveted IGBC Platinum Rating Award for designing and constructing environmentally friendly metro stations across Phase I & Phase 1 Extension. This recognition highlights CMRL's achievement in creating infrastructure with minimal energy footprint and optimal resource utilisation. By incorporating green building principles and innovative design strategies, CMRL exemplifies its commitment to sustainable urban development, enhancing the quality of urban life while preserving natural resources for future generations.

For and on behalf of the Board

Place: New Delhi
Date: 20-12-2024

Srinivas Katikithala
Chairman

CORPORATE GOVERNANCE REPORT

Corporate Governance denotes the system of rules, practices and procedures by which a company is governed. The Company has adopted the best corporate governance practices and its adherence to integrity, governance, transparency and best business practices are extremely high. In the execution of its roles, the Company is guided by various statutory enactments applicable to it, especially, Companies Act, 2013, CVC Guidelines, Accounting and Secretarial Standards, procurement guidelines of funding agencies, regulations prescribed by different regulatory authorities. In addition, all the applicable statutes governing the functioning of the Company in respect of Safety, Health, Environment, Welfare of the employees as well as those engaged through contractors are also being complied with.

1. BOARD OF DIRECTORS

As per the Articles of Association of the Company, strength of the Board shall not be less than 3 Directors and not more than 16 Directors and they may be either Nominee Directors, or whole-time functional Directors or Part-time Directors.

Constitution of the Board

CMRL is a Government Company within the meaning of Section 2(45) of the Companies Act, 2013. Presently, 50% of the total issued share capital is held by Government of India and the other 50% by Government of Tamil Nadu. Both the Governments have the right to nominate five Directors each on the Board. The Directors so appointed either ex-officio in nature or by name.

Composition of the Board

As on March 31, 2024, the Company has 12 Directors on the Board of which 5 directors are nominated by Government of India including the Chairman, 5 Directors Nominated by Government of Tamil Nadu including the Managing Director and 2 Whole-Time Directors.

Composition of the Board as on 31-03-2024

S.No	Name of the Director	Designation
1	Shri Anurag Jain, IAS	Chairman / Nominee Director
2	Shri Jaideep	Nominee Director
3	Shri Radhakrishna Reddy	Nominee Director
4	Shri Sunil Mathur	Nominee Director
5	Shri Bhupender Singh Bodh	Nominee Director
6	Shri M A Siddique, IAS	Managing Director / Nominee Director
7	Shri T Udhayachandran, IAS	Nominee Director

S.No	Name of the Director	Designation
8	Shri Pradeep Yadav, IAS	Nominee Director
9	Shri Ramesh Chand Meena, IAS	Nominee Director
10	Smt Kakarla Usha, IAS	Nominee Director
11	Shri Rajesh Chaturvedi	Director (Systems & Operations)
12	Shri T Archunan	Director (Projects)

1.1 Responsibilities

The company's Board of Directors are responsible for and are committed to setting standards of conduct at all levels. They are also committed to update these standards, as appropriate, to ensure their continuing relevance, effectiveness and responsiveness to the needs of the stakeholders with social objectives as also to reflect corporate, legal and regulatory developments. The Board ensures that the Company has clear goals and policies for achieving these goals. The Board approved a set of guiding principles for the company in the form of Vision, Mission and Core Values. The Board oversees the Company's strategic directions, reviews corporate performance, authorizes and monitors strategic decisions, ensures regulatory compliance, safeguards interests of shareholders and Social commitments.

1.2 BOARD/ COMMITTEE MEETINGS AND PROCEDURES

a) Institutionalized decision making process:

With a view for better corporate governance, setting up systems and procedures for advance planning for matters requiring discussion and decision by the Board in an informed and efficient manner, the Company has well defined procedures for meetings of the Board of Directors and Committees thereof.

b) Scheduling and selection of Agenda items for Board / Committee Meetings:

i. The Board meets at regular intervals to discuss, review and decide on the project / other matters of the Company. The Board / Committee meetings are convened by giving appropriate notice after obtaining approval of the Chairman of the Board / Committee. Detailed agenda, management information reports and other explanatory statements are circulated in advance to ensure and facilitate meaningful participation in the meetings. However, in case of special and urgent business needs, approval is taken by passing resolutions by circulation, as permitted by law, which is confirmed in the next meeting. To address specific urgent needs, meetings at times, are also being called at shorter notice.

ii. The detailed notes on the items to be discussed at the Board / Committee meeting are prepared by Head of the Departments and submitted to concerned Functional Directors for obtaining approval by the Managing Director. Agenda notes normally classified as follows-

a. Regular agenda items

i. Grant of Leave of Absence

ii. Confirmation of the Minutes of the previous Board meeting

iii. Action taken report on the Minutes of the previous/earlier meetings

b. Agenda Items for approval of the Board

c. Agenda items for information of the Board including status on legal cases, land acquisition, compliance reports and report on accidents, if any.

iii) Duly approved Agenda notes are circulated in advance to enable Directors to take an informed decision.

iv) Where it is not desirable to attach any document or if the agenda is of a sensitive nature, the same is placed on the table at the meeting with the approval of the Managing Director. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are taken up for discussion with permission of the Chairman.

v) The meetings are usually held either at the Company's Registered Office or at the Conference Hall at Secretariat, Fort. St George, Chennai 600 009 or at the Office of the Chairman and Secretary (HUA), Ministry of Housing and Urban Affairs, New Delhi. During the financial year ended 31st March 2024, 4 Board meetings and 13 Committee Meetings were held. The meetings are also conducted through video conferencing, as permitted by the Companies Act, 2013.

vi) The Members of the Board have complete access to all information of the Company.

vii) The Board meetings are conducted in line with the applicable Secretarial Standards.

c) Briefing by the Managing Director / Director

At every meeting of the Board, the progress report of the project, key developments including status of the project and other important achievements / developments relating to the Company in various areas will be placed as one of the regular Agenda and the same be briefed and make presentation by the Managing Director / Directors to the Board Members. The Heads of the Departments are also called in to brief the Board and make presentation wherever required.

d) Recording of minutes of proceedings at the Board Meeting

Minutes of the proceedings of each Board Meeting are recorded. The minutes of the proceedings are entered in the Minutes Book. The minutes of each Board Meeting are submitted for confirmation at its next meeting after these are approved by the Chairman. The minutes of committees of the Board are also placed before the Board of Directors for information.

e) Post Meeting follow-up mechanism

The Guidelines for Board and Committee meetings facilitate an effective post meeting follow-up, review and reporting process for the decisions taken by the Board and committees thereof. Action taken report on the decision / minutes of the previous meeting (s) is placed at the immediately succeeding meeting of the Board / Committee for noting by the Board / Committee.

f) Compliance

Every Functional Director/Head of the Department while preparing agenda notes ensures adherence to all the applicable provisions of law, rules, guidelines, etc. The Compliance Certificate based on the reports received from the departments are placed before the Board in each meeting.

During the financial year 2023-24, Four (4) Board Meetings were held on 5-4-2023, 2-8-2023, 22-9-2023 & 5-1-2024

Details of designation, number of Board meetings attended, attendance at last AGM are given here under.

1.3 Information placed before the Board of Directors:

The Board of Directors delegated the powers to the Managing Director on all routine matters to manage the day-to-day affairs of the company and certain financial powers with a ceiling. In order to enable speedy decision making, the day to day operation of the company and also to delegate the responsibility to the senior management team, Schedule of Powers (SOP) are followed. Matters, which are beyond the delegated powers of the Managing Director, are being brought before the Board / respective Sub-Committee as per the existing Delegation of Powers and the same inter alia includes the following:

- Annual budget/s and cash flow statement/s
- Annual accounts, Directors' Report etc.
- Minutes of meetings of all Committees of the Board
- All proposals which involve change in technology / technology parameters other than contemplated in DPR
- Progress report on Project Implementation
- Award of large contracts
- Status of pending legal cases
- Status of Arbitration and Adjudication cases
- Compliance Certificate of Statutory provisions
- Other materially important information

2. COMMITTEES OF BOARD OF DIRECTORS:

The Board has established the following Committees

i. Audit Committee
ii. Nomination and Remuneration Committee
iii. O & M Committee
iv. Project Management Review Committee
v. Property Development Committee
vi. Corporate Social Responsibility Committee

2.1 AUDIT COMMITTEE:

The constitution, quorum, scope etc. of the Audit Committee is in line with the provisions of Companies Act, 2013. All the members of Audit Committee are qualified who have insight to interpret and understand financial statements.

A. Constitution

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members
The Chennai Metro rail Limited
Metros, Anna Salai, Nandanam
Chennai, Tamil Nadu, India 600035

We, S. Sandeep & Associates, Company Secretaries, have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by THE CHENNAI METRO RAIL LIMITED (CIN:U60100TN2007SGC065596) (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2024, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

Flat No.10, Second Floor, Sucons Padmalaya, No.5 Venkatnarayana Road, T. Nagar, Chennai - 600 017
+91 44 2435 1157 | M : 98840 71852 sandeep@sandeep-cs.in www.sandeep-cs.in

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(The clause is not applicable as the company is an Unlisted Public Company).**

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder. **(The clause is not applicable as the company is an Unlisted Public Company)**

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings. The Company does not have any Overseas Direct Investment.

(The Clause is not applicable to the Company during the Audit Period)

(v) The following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), as amended from time to time:

i. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

ii. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

iii. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements), 2009;

iv. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme Guidelines, 1999

v. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

vi. The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

vii. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; not applicable for the year under review.

viii. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; Not Applicable for the year under review.

(The Company being an Unlisted Public Company, Clause (v) and its sub clauses (a) to (h) are not applicable)

(vi) As informed to us, the following other laws are specifically applicable to the Company:

1. The Metro Railways (Operation and Maintenance) Act, 2002
2. The Metro Railway General Rules, 2013
3. The Opening of Metro Railway for Public Carriage of Passengers Rules, 2013
4. The Metro Railways (Construction of Works) Act, 1978
5. The Metro Railways (Carriage and Ticket) Rules, 2014
6. The Metro Railways (Notices of Accidents and Inquiries) Rules, 2014

7. Metro Railways (Procedure for Investigation of Misbehavior or Incapacity of the Claims Commissioner) Rules, 2017
8. The Metro Railways (Procedure of Claims) Rules, 2017
9. Chennai Metro Railway (Carriage and Ticket) Rules, 2014
10. The Chennai Metro railway (Notices of Accidents and Inquiries thereto) Rules, 2014
11. The Chennai Metro Railway (Procedure for Investigation of Misbehavior or Incapacity of the Claims Commissioner) Rules, 2014
12. The Chennai Metro Railway (Procedure of Claims) Rules, 2014
13. The Water (Prevention and Control of Pollution) Act, 1974 and the Regulations and Bye-laws framed there under
14. The Air (Prevention and Control of Pollution) Act, 1981 and the Regulations and Bye- laws framed there under
15. The Environment (Protection) Act, 1986 and the Regulations and Bye-laws framed there under
16. Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008
17. Batteries (Management and Handling) Rules, 2001
18. The Biodiversity Act, 2002
19. Plastic Waste Management Rules, 2016
20. The Construction and Demolition Waste Management Rules, 2016

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards relating to Board (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India and as per our observation the Company has generally observed these Secretarial Standards.

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, etc. as mentioned above subject to the following observation:

a) The company has conducted four meetings of the Board of Directors during the financial year 2023- 2024. However, as per Article 148 of Articles of Association, the company is required to hold its Board Meeting in every quarter. But, the company has not convened the Board Meeting during the quarter ended December 2023.

In respect of other laws specifically applicable to the Company, We have relied on information/ records produced by the Company during the course of our audit and the reporting is limited to the extent.

We report that:

a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. Being a Joint Venture of Govt. of India and Govt. of Tamil Nadu, the Company is exempted from the requirement of appointment of independent directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

All the decisions of the Board were unanimous and the same was captured and recorded as part of the minutes.

We further report that to the extent of our verification, there are adequate systems and processes in the Company Commensurate with the Size and Operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

1. We further report that during the audit period there were no instances of:

(i) Public / Right / Preferential issue of shares / debentures / sweat equity

(ii) Redemption / buy-back of securities

(iii) Merger / amalgamation / reconstruction etc. and

(iv) Foreign technical collaborations

This report is to be read with our letter of even date, which is annexed as 'Annexure A' and forms an integral part of this report.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF CHENNAI METRO RAIL LIMITED FOR THE YEAR ENDED 31 MARCH 2024.

The preparation of financial statements of Chennai Metro Rail Limited for the year ended 31 March 2024 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under Section 139 (5) of the Act is responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 10.09.2024.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Chennai Metro Rail Limited for the year ended 31 March 2024 under Section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under Section 143(6)(b) of the Act.

For and on the behalf of the
Comptroller & Auditor General of India

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CHENNAI METRO RAIL LIMITED

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of CHENNAI METRO RAIL LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date and notes to the financial statements including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March, 2024, its profit (including other comprehensive income), its cash flow and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013, and the Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Emphasis of Matter

1. Attention is invited to Note 27.1 of the Ind AS financial statements. As per Ind AS 21, "The Effects of changes in Foreign exchange Rates", the entity shall give effect to the changes in foreign exchange rates. Monetary assets and liabilities subject to foreign exchange fluctuations, are to be valued on the reporting date by translating using the closing rate. The

impact of Foreign Exchange fluctuation gain in respect of borrowings as on 31st March 2024 is ₹ 1,08,153.68 Lakhs.

2. Attention is invited to Note 17.1.(f) of the Ind AS financial statement wherein the management has declared that as per the stipulation of the clause 6A of Ind AS 23, the differential interest amount between the foreign currency loans taken at concessional rate and the local functional currency loan, has to be taken for capitalisation duly adjusted from the forex fluctuation. The key factor for arriving at the Interest amount for adjustment from forex fluctuation as per Ind AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. However, non-availability of any comparable loan product to that of the foreign currency loans that CMRL has availed from bilateral/multilateral loans, the entire foreign currency fluctuation have been accounted retrospectively during the financial year 2022-23, under Profit & Loss account and the reserves. The impact of the same is Gain of ₹ 1,08,153.68 lakhs in 23-24, Gain of ₹ 7,834.60 lakhs for the financial year 22-23.

3. Attention is invited to Note 17.1(g) of the Ind AS financial statement, with regard to awaiting approval for Phase- II Project from Cabinet Committee on economic affairs.

4. Attention is invited to Note 43 of the Ind AS financial statements, with regard to the accounting of cash losses. As per the MOU signed between CMRL and Government of Tamil Nadu (GoTN), GoTN has agreed to finance the cash losses of CMRL. Similarly, the Company has incurred cumulative cash losses of ₹ 26,222.80 lakhs up to 31.03.2024. The company has submitted claims till March 2023.

Our opinion is not modified in respect of the abovementioned matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

The following have been considered as Key Audit Matters:

Sl No.	Particulars	Comments
1	Assessment of provisions and contingent liability in respect of compliance with various laws and regulations as applicable Key Audit Matter This sum represents claims of third parties including the compensation for land acquisition and contractors. The Company has not accepted the said claims which are contested in legal proceedings and are pending for disposal by the appellate authorities. The Company has ongoing arbitration and litigations with various authorities and third parties which could have a significant impact on the results, if the potential exposures were to materialize. The amounts involved are significant, and the application of accounting standards to determine the amount, if any, to be provided as a liability or disclosed as a contingent liability, is inherently subjective. The Company has also deposited substantial amounts with regulatory authorities against the demands in dispute, which has been classified as deposit. The outcome of such litigation is uncertain and the position taken by management involves significant judgment and estimation to determine the likelihood and/or timing of cash outflows and the interpretation of preliminary and pending court rulings. Refer Note no 35.a.i to the Ind AS Financial Statements. Due to complexity of cases, timescales for resolution and need to negotiate with various authorities, there is significant judgment required by management in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the Ind AS financial statements. This area is significant to our audit, since the accounting and disclosure for (contingent) legal liabilities is complex and judgmental (due to the difficulty in predicting the outcome of the matter and estimating the potential impact if the outcome is unfavorable), and the amounts Involved are, or can be, material to the Financial Statements as a whole. Accordingly, claims, litigations, arbitrations and contingent liabilities was determined to be a key audit matter Further reference is made to note no 35, Contingent liabilities	Our audit approach was a combination of test of internal controls and substantive procedures including effectiveness of these controls Assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Supporting documentation are tested for the positions taken by the management, meetings are conducted with in-house legal counsel and / or legal team and minutes of Board and sub-committees, Principal Audit Procedures. Obtained the list of litigations from the management and reviewed their assessment of the likelihood of outflow of economic resources being probable, possible or remote in respect of the litigations. This involved assessing the probability of an unfavorable outcome of a given proceeding and the reliability of estimates of related amounts. Assessed and validated the adequacy and appropriateness of the disclosures made by the management in the Ind AS Financial statements

Sl No.	Particulars	Comments
2	As disclosed in Note 35.a.ii contingent liability note to the Ind AS financial statements, the Company is involved in direct and indirect tax litigations amounting to ₹ 3,48,635.1 lakhs (₹3,85,373.84 lakhs) and ₹ 5,093.77 lakhs (₹ 9,263.35 lakhs) respectively that are pending with various tax authorities. Whether a liability is recognized or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on a number of significant assumptions and assessments. These as disclosed in Note 35.a.ii [contingent liability note]	Our procedures included, but were not limited to, the following: Review of documents / communications from the tax authorities. Assessed management's conclusions through discussions held with the in-house legal counsel and understanding precedents in similar cases;

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprise the information included in the Board's Report including Annexures to the Board's Report and Corporate Governance Report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013, ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design,

implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit

evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

Attention is invited to Note 17.3. The company has received ₹ 18,611 Lakhs (PY- Nil) during the year towards the repayment of loan against Phase-I and Phase-I extension. Since the repayment terms are yet to be finalized, loan is not recognized as per IND AS 20.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143(11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraph 3 and 4 of the Order.

2. As required by Section 143 (3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, Cash Flow Statement and Statement of changes in Equity dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements for the year ended 31.03.2024 comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder.

   (e) In terms of notification issued in G.S.R. 463(E) dated 05.06.2015 under clauses (a) and (b) of sub-section (1) of Section 462 and in pursuance of sub-section (2) of the said

Section of the Companies Act, 2013 (18 of 2013), the provisions of sub-section (2) of section 164 of the Act, do not apply to a Government company and accordingly the question of reporting on the disqualification of appointment of Directors does not arise;

(f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B".**

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note No 35 to the Ind AS financial statements;

(ii) The company did not have any long term contracts, including derivative contracts, for which there were material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account for the financial year ended 31-03-2024 which has a feature of recording audit trail facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

3. In compliance to the directions under section 143(5) and according to the information and explanations given to us, refer to our separate Report in **"Annexure C".**

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT ON THE COMPANY (AUDITOR'S REPORT) ORDER, 2020, UNDER CLAUSE (i) OF SUB SECTION 11 OF SECTION 143 OF THE COMPANIES ACT, 2013 (the Act)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment were physically verified during the year by the management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given by the management, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee) are held in the name of the Company except to an extent of 10,43,586 square meters amounting to ₹ 3,38,717.66 lakhs. Details of the properties not held in the name of the company are annexed in Notes to Financial Statements.

(d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year ended March 31, 2024.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The coverage and procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business. The discrepancies noticed on verification between physical stocks and book records have been appropriately dealt with in the accounts.

(b) The Company has not been sanctioned working capital limits in excess of 5 Crores in aggregate from banks or financial institutions on the basis of security of current assets during the year under audit.

(iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, there is no requirement to report on clause 3(iii)(a) of the Order.

(b) During the year the investments made by the Company is not prejudicial to the Company's interest. The Company has not provided guarantees or security and has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties and hence not commented upon.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, there is no requirement to report on clause 3(iii)(c) to 3(iii)(f) of the Order and hence not commented upon.

(iv) According to the information and explanations given to us, the company has not given any loans, guarantees or security or made any investments during the year attracting the provisions of Sec. 185 or Sec. 186 of the Companies Act, 2013 and accordingly, reporting in clause (iv) of paragraph 3 of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the company has not accepted any deposits and accordingly, reporting under clause (v) of paragraph 3 of the Order is not applicable to the Company.

(vi) According to the information and explanations provided to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act.

(vii) (a) According to information and explanations given to us and on the basis of our examination of the books of account and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Income-Tax, Duty of Customs, Cess, Goods and Service Tax and any other statutory dues with the appropriate authorities. According to information and explanations given to us, Sales tax, Service Tax, Employee State Insurance, Duty of Excise and Value added Tax do not apply to the company for the year.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2024 for a period of more than six months from the date they become payable.

(c) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, labour cess value added tax and Goods and Service Tax outstanding on account of any dispute except as given below:

Particulars	Nature of Dues	Amount Disputed (₹ In Lakhs)	Period to which the dispute relates	Forum where the dispute is pending	Pre-Deposit in ₹ In Lakhs (if any)
Income Tax Act, 1961	Interest on Tax Deducted at Source	0.07	Apr 07 - Mar 08	ACIT, Chennai	Nil
		0.19	Apr 09 - Mar 10		
		0.07	Apr 10 - Mar 11		
		0.02	Apr 11 - Mar 12		
	Income Tax	3,48,634.75	Apr 19 - Mar 20	Deputy Commissioner of Income Tax, Chennai	Nil
Finance Act, 1994	Service Tax	657	Apr 14 to Mar 17	CESTAT, Chennai Bench	15.25
CGST ACT, 2017	GST	5.00	Dec 17 to Dec 18	Commissioner of GST and Central Excise, Chennai	
		1,363.77	Apr 15 to June 17	Madras High Court	136.37
	Interest	43.68	Apr-18 to Mar-20	Commissioner of GST and Central Excise, Chennai	
Tamilnadu Construction Workers Welfare Board	Labour Cess	3,068.00	Apr 11 to Feb 21	Reply submitted to Labour Cess department	

(viii) No transactions which are not recorded in the accounts in the previous years have been disclosed or surrendered before the tax authorities as income by the company during the year. Accordingly, there is no requirement to report on clause 3(viii) of the Order.

(ix) (a) The company has availed loans from Government of India [under pass through assistance of loan] from Japan International Corporation Agency (JICA), Asian Infrastructure Investment Bank (AIIB),Asian Development Bank (ADB), New Development Bank (NDB) and sub-ordinate debt from Government of India and Government of Tamil Nadu. As explained to us, the interest accrued and due on such loan and current maturities of long term debt to the extent of ₹ 14,806.64 lakhs and ₹ 49,707.24 lakhs respectively, remaining unpaid, has been met by Government of India on the respective due dates.

(b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) The Term loans are being used by the company for the objects for which they have been obtained.

(d) The Company did not raise any short term funds during the year and hence the question of application of such funds for long term purposes does not arise.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. Accordingly, there is no requirement to report on clause (ix)(e) of the Order.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, there is no requirement to report on clause (ix)(f) of the Order.

(x) (a) According to the information and explanations given by the management, the Company has not raised any money during the year by way of initial public offer/further public offer (including debt instruments) hence, reporting under clause 3(x)(a) is not applicable to the Company and hence not commented upon.

(b) The Company has not made any preferential allotment or private placement of shares / fully or partially or optionally convertible debentures during the year under audit and Accordingly, there is no requirement to report on clause 3(x)(b) of the Order.

(xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by cost auditor/secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) No whistle blower complaints have been received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) In our opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) (a) to (c) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with Section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in Section 192 of Companies Act, 2013.

(xvi) (a) According to the information and explanations given to us, the provisions of Section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, there is no requirement to report on clause (xvi)(b) of the Order.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, there is no requirement to report on clause 3(xvi) of the Order.

(d) The Group does not have more than one CIC as part of the Group, Accordingly, there is no requirement to report on clause 3(xvi)(d) of the Order.

(xvii) The company has incurred cash losses ₹ 3,272.58 lakhs in the current year. Moreover, CMRL has incurred cumulative cash losses up to 31.03.2024 ₹ 26,222.80 lakh and submitted claims until 2023 for ₹ 22,950.23 Lakh. The cash losses will be reimbursed by the Government of Tamil Nadu as per terms of MOU.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly, there is no requirement to report on Clause 3(xviii) of the Order.

(xix) On the basis of the analysis of financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) There are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub-section 5 of Section 135 of the Act. Accordingly, there is no requirement to report on Clause 3(xx) of the Order.

(xxi) The company neither has any group company nor does it prepare consolidated financial statements. Accordingly, there is no requirement to report on Clause 3(xxi) of the Order.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **CHENNAI METRO RAIL LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility for Internal Financial Controls

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal financial controls with reference to financial statements:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these Ind AS Financial Statements and such internal financial controls over financial reporting with reference to these Ind AS Financial Statements , were operating effectively as at March 31,2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "C" TO THE INDEPENDENT AUDITOR' REPORT

(Referred to in paragraph 3 under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

In compliance to the directions under section 143(5) and according to the information and explanations given to us, we report as here under:

Sl. No.	Areas Examined	Replies
(i)	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	The Company has implemented Odoo Accounting Software (open source) for recording of its financial transactions. The software processes all the accounting transactions except: a. Payroll and HR - Processed through a standalone software called SARAL b. Project capitalization / IPC - Contract Payment / Land Register / Inventory - Processed separately manually/ Excel Spreadsheet Workings. c. Property, Plant and Equipment and Depreciation thereon - Processed through Fixed Asset Management Software (FAMS) and Excel Spreadsheet Workings. The transactions processed outside the IT systems are verified by the authorized personnel and accounted for in the IT systems with maker-checker controls for ensuring data accuracy and data integrity. Further, our test checks did not indicate any lacunae resulting in adverse financial implications on the transactions processed outside the IT systems.
(ii)	Whether there is any restructuring of an existing loan or cases of waiver/write off of debts/loans/ interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (In case, lender is a Government company, then this direction is also applicable for statutory auditor of lender company).	During the year, there were no restructuring of loans or cases of waiver/write off of debts/loans/interest etc. made by a lender to the company.
(iii)	Whether funds (grants/subsidy etc.) received/ receivable for specific schemes from Central/State Government or its agencies were properly accounted for/utilized as per its term and conditions? List the cases of deviation.	Funds received/receivable for specific schemes from Central/ State Government or its agencies during the year have been properly accounted for and utilized as per their terms and conditions.

CHENNAI METRO RAIL LIMITED

Notes to the Financial Statements for the year ended 31st March, 2024

Company Information

Chennai Metro Rail Limited (referred to as "the Company") is incorporated in India (CIN U60100TN2007SGC065596) under the Companies Act, 1956 on 3rd December 2007 and is a Government Company within the meaning of Section 2(45) of the Companies Act 2013 (Section 617 of the Companies Act, 1956). It is a Special Purpose Vehicle (SPV) and Joint Venture between Government of India (GoI) and Government of Tamil Nadu (GoTN) for the implementation of Chennai Metro Rail Project in Chennai, Tamil Nadu.

NOTE NO. 1 - KEY ACCOUNTING ESTIMATES AND JUDGEMENTS & MATERIAL ACCOUNTING POLICIES

1.1 Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 & subsequent/relevant amendments issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.2. Key Accounting Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions influence the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Significant areas of estimation, uncertainty, and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as given below –

a) Tenure of Interest Free Subordinate Debt from Government

As per the MoU among CMRL, GoTN and GoI, subordinate debt is to be repaid after repayment of Senior Term Debt availed for the metro project. For the purpose of determining the fair value of subordinate debt from GoI and GoTN, it has been assumed that the loans would be repaid in full in the year in which the last repayment instalment date of the latest Loan tranche falls due, in the absence of information regarding any specific loan repayment schedule at present.

b) Fair Value of Interest Free Loans/Deposits

For the purpose of determination of fair value of interest free subordinate debt and other interest free long-term deposits, interest rate has been considered based on G-sec rate for comparable tenor.

c) Useful lives of Property, Plant & Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

d) Defined Benefit Plans and Compensated Absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

e) Provisions, Contingent liabilities/Assets:

Provisions are determined based on management estimate at the balance sheet date based on the value of work done and services rendered. Contingent liabilities/assets are disclosed on the basis of judgment of management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

1.3 Material Accounting Policies

A) Property, Plant & Equipment

i. Property, plant, and equipment are stated at cost, less accumulated depreciation, and impairment, if any. Costs directly attributable to the acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Borrowing costs relating to qualifying assets are also included to the extent they relate to the period until such assets are ready to be put to use.

ii. Expenditure incurred on enabling assets viz. utility diversion, environmental protection, road diversion / restoration / signage, renovation work of drainage system and rehabilitation and resettlement which is compulsorily required to be incurred and directly attributable to the construction of the project is capitalized with the respective identifiable assets.

iii. Indirect expenses like Employee expenses of common manpower are allocated to projects and operation based on the estimated time spent for the project and operation department on the estimated time spent on the individual project. Common administrative expenses are allocated in the ratio of manpower expenses.

iv. In the case of assets put to use, where final settlement of bills with contractors is yet to be effected, capitalization is done on provisional basis subject to necessary adjustments in the year of final settlement.

v. Assets & systems common to more than one section of the project are capitalized on the basis of technical estimates/assessments.

vi. Items such as spare parts, stand-by equipment and servicing equipment are recognized in accordance with Ind AS 16 when they meet the definition of Property, Plant & Equipment. Otherwise, such items are classified as inventory.

vii. Capitalization of assets for a new section to be opened for public carriage of passengers is done after ensuring its completeness in all respects after administrative formalities and compliance of the requirements stipulated by Commissioner of Metro Rail Safety which is imperative for the opening of the section.

viii. Subsequent Cost of Capitalization:- Subsequent expenditure incurred on the existing assets are recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

ix. Stores and spares, purchased along with Property, Plant and Equipment are capitalized and depreciated along with the main asset.

x. Repairs and maintenance costs are charged to the Statement of Profit and Loss when incurred.

xi. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed-off are reported at the lower of the carrying value or the fair value less cost to sell.

xii. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

xiii. De-recognition :- Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and Losses on de-recognition of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of Property, Plant and Equipment, and are recognized in the Statement of Profit and Loss.

xiv. **Freehold Land from Government and Government Departments**

- Freehold lands received from Government of Tamil Nadu (GoTN) by means of interest free subordinate debt are capitalized at the relevant Guideline value on actual possession.
- Lands acquired from public bodies, under an arrangement of swap with GoTN, are capitalized at the values stipulated by the appropriate authorities.
- Lands acquired by the company from various Government agencies for payment consideration are capitalized on possession of the land at the value of the consideration paid.

xv. **Freehold land acquired from Private Land Owners**

Amount paid for acquisition of private land is capitalized upon receiving original sale deed after registration or upon issuance of award by the competent authority, as the case may be. Any enhanced compensation demanded by the land owners shall only be accounted based on actual decision of the courts or the decision of the Private Negotiation Committee accepted by the management.

xvi. Gift land received from Government/Government agencies shall be treated as Government Grant as per Ind AS on the guideline value at the time of possession of land.

xvii. Land received as gift from private landowners shall be accounted on the guideline value at the time of registration of gift deed by treating it as capital reserve.

B) Capital Work-in-Progress

i. Assets under installation or construction as on the balance sheet date are shown as Capital Work in Progress. In case of lump-sum/BOQ contracts, the company accounts for liabilities towards its project related contractual obligations on receipt of claims. Pending receipt of claims, liability towards such claims receivable for the period up-to the close of the accounting year has been estimated and accounted for. Administrative and general overheads (net of income) directly/indirectly attributable to project are classified as expenses pending capitalization and grouped under capital work in progress.

ii. Liquidated damages and penalties are accounted for on settlement of final bills or on award of arbitration proceedings with arbitration tribunal or with judicial authorities. Liquidated damages levied to mitigate the extra cost of construction are adjusted against the cost of related property, plant & equipment. Other LD's are recognized in the statement of profit and loss.

C) Depreciation & Amortization

Depreciation is charged on straight line basis over the estimated useful life of property, plant and equipment as prescribed under Schedule II of the Companies Act, 2013. However, in case of the following assets, depreciation is based on the useful life as determined by the management based on technical evaluation, which is different from the useful life prescribed in Schedule II to the Companies Act, 2013.

Asset Type	Asset Group	Useful life
Track Works	Track works	30 years
Rolling Stock	Rolling Stock	30 years
Escalators & Elevators	Escalators & Elevators	30 years
Rolling Stock Asset Management Software	Software	30 years
Tunnel Ventilation System	Tunnel Ventilation System	20 Years
Dewatering Pump and Accessories	Plant & Machinery	15 years
Oscillation Monitoring System	Plant & Machinery	5 Years
Mobile Phones, Tablets etc.	Office Equipment	3 Years
All assets	Assets costing ₹ 5,000 or less	Year of purchase

Depreciation methods, useful lives and residual values are reviewed at the end of each financial year.

D) Intangible Assets

Intangible assets including permissions are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful life on a straight-line basis, from the date that they are available for use.

Amortization methods and useful lives are reviewed at the end of each financial year.

E) Government Grants

i. Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received, and the company will comply with all attached conditions.

ii. Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

iii. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a systematic basis over the expected life of the related depreciable assets and presented within other income.

iv. When the company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

v. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

F) Foreign Currency Transactions

i. Functional Currency

The functional currency of the company is the Indian rupee. These financial statements are presented in Indian rupees (rounded off to Lakhs).

ii. Transactions & Translations

Foreign-currency denominated monetary assets and liabilities, including Bi-lateral and multilateral borrowings, are translated into the relevant functional currency at the exchange rates effective at the balance sheet date. The gains or losses resulting from such translations are included in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value/historical cost are translated at the exchange rate prevalent at the date when the fair value was determined/at the date of transaction.

Revenue, expense, and cash-flow items denominated in foreign currencies are translated into the relevant functional currency using the exchange rate in effect on the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

G) Inventories

Inventory is valued at cost or net realizable value whichever is lower. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

H) Non - Moving Stores and Spares

The diminution in the value of obsolete, unserviceable, surplus and non-moving items of stores and spares (excluding Insurance/Mandatory/Critical spares) is ascertained on review and provided for.

I) Cash & Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash, cheques in hand, bank balances and demand deposits with banks that are repayable on demand.

J) Employee Benefits

i. Short Term Obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

ii. Other Long Term Employee Benefit Obligations

The liability for encashable leave/leave travel concession that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method, determined based

on actuarial valuation. The benefits are discounted using the market yields at the end of the reporting period on Government Bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

iii. Post-Employment Obligations

a. Defined Benefit Plan – Gratuity

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually using the projected unit credit method based on actuarial valuation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

They are included in retained earnings in the statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined benefit Obligation (Gratuity) is considered both for employees on the permanent role of the Company & employees working under contractual role assuming they will serve for the minimum eligibility period for claiming gratuity.

b. Defined Contribution Plan – Provident Fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

c. Employment Benefits to Deputationists

Employee benefits due to employees on deputation from other GoI/GoTN departments/PSU's are paid to their respective parent organization/employer based on their direction. Necessary provision for such benefits payable at the close of the Financial Year are estimated and provided for.

Contribution towards Provident Fund and the Gratuity liability as per the valuation made by an Independent Actuary are generally funded to the respective Trust/ Institutions where the funds are parked.

K) Prepaid Items

Individual Items of Prepaid Expenses over ₹ 1,00,000/- each are only recognized in the balance sheet. Others are charged off to the P&L a/c of the same financial year.

L) Preliminary Project Development Expenditure

Preliminary project development expenditure includes expenditure on feasibility and other studies, development expenditure, expenditure on exploration works, technical knowhow etc. The cost of the project is transferred to capital as and when implemented. In case such projects are identified for transfer of business by Govt. the expenditure incurred will be recovered from the prospective developer. If the projects are abandoned with reference to Government orders or otherwise, such expenditure are charged to the Statement of Profit and Loss in the respective years.

M) Prior-Period Items

Prior period items, effects of changes in Accounting estimates and Accounting Policy and prior period errors of material nature are corrected retrospectively by restating the comparative amounts for the prior period (s) presented in which the error occurred. Other prior period items are accounted in the year of financials.

N) Events after the reporting period

Material adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognised in the financial statements. Non adjusting events (that are indicative of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represent material change and commitment affecting the financial position are disclosed.

O) Revenue Recognition

The company derives revenue from traffic operations, business development & interest on bank deposits. Revenue is measured at the fair value of the consideration received or

receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, GST and amounts collected on behalf of third parties. The company recognizes revenue when the amount of revenue can be reliably measured, and it is probable that future economic benefits will flow to the entity.

i. Fare Revenue

Income from fare collection is recognized on the basis of use of tokens, money value of the actual usage in case of Smart Cards and other direct fare collection. Single tickets are recognized as revenue on the day of purchase.

ii. Income from Business Development

Rental income arising from operating leases of spaces along rails is recognized in accordance with the terms and conditions of the contract with the licensee/lessee and is accounted for on a straight-line basis over the lease terms. Such rental income is included in revenue in the statement of profit or loss.

iii. Impairment

Financial Assets (including receivables) Impairment of financial assets in accordance with Ind AS 109- 'Financial instruments', the company applies internal assessment for measurement and recognition of impairment loss on the credit risk exposure of trade receivables.

iv. Interest Income

a. Interest on short term deposits with banks is recognized as income in the statement of profit and loss, using the effective interest method.

b. Interest on mobilization & other advances to vendors on Capital Works is adjusted against the Expenses Pending Capitalization.

v. Other Incidental Income

Income from sale of tender documents is recognized in the Statement of Profit and Loss. Rental Income receivable from the contractors in connection with the construction works are reduced from the expenses pending capitalization. Interest income, insurance claims, and income from sale of scrap are also mapped under Other Income

vi. Insurance Claim

Insurance claims are recognized in the period in which there is acceptance of the claim.

P) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

Q) Taxation

The income tax expense or credit for the period consist of the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction and the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable profits will be available to utilize those temporary differences.

Deferred tax asset arising from unused tax losses or tax credits are recognized only to the extent that the entity has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

R) Provisions, Contingent Liabilities & Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made on the amount of the obligation.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent asset is disclosed when the inflow of economic resource is probable and is material.

S) Cash Flow Statement

Cash flows are reported using the indirect method prescribed in the Ind AS 7 'Statement of Cash Flows', wherein the cash & bank transactions are categorized into the cash flows from operating, investing and financing activities of the Company.

T) Financial Instruments

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition.

ii. Subsequent Measurement

a. Financial Assets carried at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial Assets at Fair Value through Profit or Loss

A financial asset which is not classified in the above category is subsequently fair valued through profit or loss.

c. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts are the historical value, due to the short maturity of these instruments.

iii. De-recognition of Financial Instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iv. Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes, etc. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

U) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the Principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liability for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted price in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs)

Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – inputs other than the quoted prices included within level 1 that are observable for the assets or liability, either directly or indirectly

Level 3 – inputs that are unobservable for the asset or liability

For assets or liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

V) Leases

Company as Lessee

The company classifies a contract as lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the

commencement of lease, a right-of-use asset and a lease liability is recognized. Right-of-use assets are measured at cost less the accumulated depreciation and lease liability are measured at the present value of the lease payments that are not paid on that date. The lease payments are discounted using the interest rate implicit in the lease or the incremental borrowing rate. The interest expense is recognized by the Company in the Profit & Loss account separately from the depreciation charge for the right-of-use asset. The company depreciates the right-of-use asset from the commencement date to the end of useful life of the right-of-use asset or the end of the lease term whichever is earlier.

Lease payments associated with short term leases are recognized by the company as an expense on a straight-line basis over the lease term or on the basis of benefit pattern.

The company has adopted Ind AS 116, Leases, effective from April 1, 2019 & elects to apply it retrospectively to recognize the cumulative effect of initially applying this Standard as an adjustment to the opening balance of an appropriate equity component, at the date of initial application. CMRL has chosen not to apply this Standard to contracts that were not previously identified as containing a lease as per the transitional option given in the Standard.

Company as Lessor

A lease is classified at the inception date as a finance lease or an operating lease. Leases, in which the Company does not transfers substantially all the risks and rewards incidental to ownership of an asset are classified as an operating lease. Assets held under operating lease is capitalised in the books of accounts. Initial direct costs incurred in connection with obtaining the lease is added to the carrying amount of the asset. The lease payments from operating leases is recognised as income on a straight-line basis. The expenses associated with earning of lease income, like depreciation, is recognised as expense.

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Company shall recognise finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease. Derecognise the underlying asset and Present lease receivables at an amount equal to the net investment in lease.

W) Impairment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the asset exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

X) Earnings Per Share

i. Basic Earnings Per Share

Basic earnings per share is calculated by dividing

- The net profit attributable to the equity holders of the company
- By the weighted average number of equity shares outstanding during the period

ii. Diluted Earnings Per Share

Diluted earnings per share is calculated by dividing

The net profit attributable to the equity holders of the company

- by the weighted average number of equity shares considered for deriving basic earnings per equity share and
- also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

Non-Current Assets

Note 17.1(c) The Sanction Order No. K-14011/42/2005 dated 18.02.2009 of Government of India states that, in case the SPV is not able to repay the loan, as and when it becomes due, on account of cash losses, the responsibility for the same shall be with the Government of Tamil Nadu.

Note 17.1(d) The Pass Through Assistance (PTA) provided to the company by Government of India(For Phase-I & Phase-I Extn.) and Government of Tamilnadu(Phase-II), based on the loan agreement with Japan International Cooperation Agency (JICA), Asian Infrastructure and Investment Bank (AIIB), Asian Development Bank(ADB) & New Development Bank(NDB) for development of Metro Rail infrastructure in Chennai in different phases. The PTA funds are being released by GoI/GoTN to the company through budgetary provisions in INR. Until 31st March 2024, the Bi-lateral/Multilateral agencies have reimbursed claims amounting to ₹15,00,528.90 lakhs and the liability is with the company for settling the amount.

Note 17.1(e) As per Ind AS 109 , any non current loan taken at concessional or nil rate of interest shall be discounted at the market rate of interest . In case of CMRL, Bilateral/Multi-lateral loan has been availed at concessional rates for a minimum tenure of 25 years. In the absence of any comparable loan in the functional currency , the company has presumed the actual rate of interest as the market rate. Hence discounting is not necessary in the given case. Further external borrowings for metro rail projects across the country are of similar terms and conditions.

Note 17.1(f) Ind AS 23: As per the stipulation of the clause 6A, the difference in interest between the foreign currency loan and the functional currency loan, in which the company operates, needs to be considered as borrowing cost duly adjusted from the forex fluctuations and taken to the capitalisation with the qualifying asset.

The key factor for arriving at the Interest amount adjusted from forex fluctuation as per IND AS 23 is the availability of comparable loan in the functional currency i.e., Indian Rupee, with the interest rates. The multilateral and bilateral loans are extended to Government companies/PSUs, duly backed up by sovereign guarantee or given as Pass Through Assistance (PTA) for execution of public utility services. However, there is no comparable loan product of this kind of longer tenor foreign currency loans with lower interest rates are available in Indian financial system.

In view of the above, the entire foreign currency fluctuation is accounted in the P&L a/c. Impact of this is ₹ 1,08,153.68 Lakhs(Gain) in FY.23-24, ₹ 7,834.60 Lakh(Gain) in FY 22-23.

Note 17.1(g)- Phase-II Project

Government of Tamil Nadu (GoTN) has accorded approval for implementation of three Metro Rail corridors for a length of 118.9 Km under Phase II of the Chennai Metro Rail Project at a cost of ₹ 63,246 crores. GoTN has recommended the same to Government of India for Central Government funding and loan assistance from Bilateral /Multilateral agencies.

Government of India (GoI) has approved the Phase-II project, on 18th Oct 2024, with contribution in the form of equity & subordinate debt.

- As per the MoU between GoI, GoTN and CMRL, the Subordinate Debt from GoTN is to be suitably enhanced since the Land cost for Phase-I project has gone up.
- As per the clause 14.13 of the MoU between GoI, GoTN & Chennai Metro Rail Limited dated 15-02-2011, the company will be required to repay the subordinate debt to GoI and GoTN proportionately only after repayment of entire senior term debt (JICA loan) availed for the project.The Company is in the process of seeking clarification on the terms of repayment of Sub-ordinate debt. On receipt of the necessary clarification, accounting adjustment required, if any, based on the terms of repayment, will be appropriately carried out in the books of accounts of the Company.

Note:17.3: The company has received ₹ 18,611.00 Lakh(P.Y. ₹ Nil) by way of adjustment from GoI on GoTN, during the year towards the repayment of loan against Phase-I & Phase-I Extension. Since the repayment terms are yet to be finalized, loan is not recognised as per Ind AS 20.

CHENNAI METRO RAIL LIMITED
Notes to the Financial Statements for the year ended March 31, 2024

34. Capital Management

Chennai Metro Rail Limited is a Joint venture of Government of Tamil Nadu (GoTN) and Government of India (GoI) incorporated as a Special Purpose Vehicle (SPV) for the purpose of construction of Metro Rail Network in the City of Chennai. The primary objective of the Company is to provide a safe, fast, reliable, accessible, convenient, comfortable, efficient, and affordable public transport service.

The ownership of the Company and financing of the project is as per a tripartite Memorandum of Understanding dated 15th February 2011(the MoU) entered among GoI, GoTN and CMRL. As per the MoU, CMRL will be jointly promoted by GoI and GoTN with equal equity holding. There is a separate MoU, on the same lines, for Phase-I Extension of the project signed on 02nd September 2017. Phase-II project of the company is under implementation for which CCEA approval is awaited.

The capital structure of the company comprises equity share capital and debts. The financing of the project is done through a mix of equity, interest free sub-ordinate debt, and senior term debt from Bilateral/Multilateral agencies (JICA/ADB/AIIB/NDB).

The Company's capital consists of equity capital and other equity attributable to shareholders of the Company. As stated above, the shares of the company are held in equal proportion by the Government of India and Government of Tamil Nadu. The Company being a Government Company, the requisite levels of equity and debt, which has to be maintained, is determined based on the approval accorded in the Annual General Meeting (AGM), that is broadly determined based on the project finance requirements and other sources of long-term finance.

Note 34.1 - The carrying amount of financial assets and financial liabilities measured at amortized cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Note 34B - Financial Risk Management - Objectives & Policies

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of cash and cash equivalents, other balances with banks, trade receivables and other receivables/recoverable.

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors (Board) oversee the management of these financial risks through the functional directors. The key managerial personnel of the company lay down the broad structure for managing risks and the framework for risk management. The framework seeks to identify, assess, and mitigate financial risks to minimize potential adverse effects on the Company's financial performance.

The following disclosures summarize the Company's exposure to financial risks:

(1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises mainly two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk includes borrowings, trade payables, trade receivables, other receivables/ payables, etc.

(2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks, and other receivables. Since there is no concept of credit in case of traffic revenue, there is negligible or no credit risk as far as this stream of revenue is concerned.

With respect to the receivables in case of business development contracts, the Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. Wherever possible, the payment terms are structured in the company's favor and the amounts are mostly required to be paid in advance. Also, all contracts have a security deposit clause requiring an amount to be deposited with the company or a guarantee of equivalent amount to be given which further reduces the credit risk. The Company's exposures are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties. Credit risk arising from investment in balances with banks is limited and there is no collateral held against these because the counterparties are recognized financial institutions with high credit ratings viz., banks.

(3) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. The Company has an established liquidity risk management framework for managing its short term, medium term and long-term funding and liquidity management

requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. As per the MoU, the project cost for the metro project is funded by a mix of equity, government subordinate debt and senior term debt from Bilateral/Multilateral agencies and the financing of cash losses by GoTN.

35. Contingent liabilities:

a. Claims against the Company not acknowledged as debts:

- Smt P Andal, Company Secretary – ₹ 22.08 Lakhs (P. Y. - ₹ 20.44 lakhs)

39. Employee benefits

a. Defined Contribution Plans

Provident Fund: The Company has made equal contribution towards Voluntary EPF scheme. The expense is recognized on an accrual basis.

Pension: The Company's pension Scheme is linked with voluntary provident fund Scheme. All employees of Company under EPF scheme are also covered under EPS scheme. Under this scheme, no contribution is collected from employees and out of 12% of employer contribution under PF scheme 8.33% is covered under EP Scheme and ₹ 69.18 Lakhs (P. Y. – ₹118.49 Lakhs) is created as liability towards Pension contribution payable to deputation employees.

Particulars	2023-24	2022-23
Contribution to Provident Fund	₹ 461.71 Lakhs	₹ 386.12 Lakhs

Employee benefits due to Deputationists are paid to their respective organizations / Employer from where they have been deputed based on the direction given by their organizations. In respect of deputation employees, contribution towards provident fund, pension and leave salary contribution are made as per the directions provided by respective departments. In case of gratuity, for eligible employees they are paid / provided by the respective organizations from where they have been deputed.

b. Defined Benefit Plan - Gratuity (Funded)

The company has a defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered trust. It is governed by the Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The Company has on roll 344 regular employees,197 contract employees, 42 employees under retired category of 31st Mar'24. Gratuity Plan for regular employees are managed by Life Insurance Corporation of India. The Company makes contributions to CMRL Gratuity Trust exclusively to cover the employees on contract, who aren't covered by the above plan managed by LIC. The balance in CMRL Gratuity Trust as at 31st Mar'24 is ₹ 215.19 Lakhs.

Each year, the Board of Trustees and the Company review the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Company decides its contribution based on the results of this annual review. The gratuity liability, to the employees on regular scale and on contract/retired category, are provided for on the basis of actuarial Valuation. The aforesaid defined benefit plan typically exposes the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk, as detailed below:

Investment Risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
Interest Risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity Risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of defined obligation were carried out as at 31st March, 2024 by Actuarial Valuer. The present value of the defined benefit obligation and the related current service cost were measured using the projected unit credit method. The details as per the said valuation report is attached.

c. Other Long-Term Employee Benefits - Leave Travel Concession (unfunded)

Employees and their family members are eligible, once during a period of 2 calendar years, for Leave Travel Concession to travel to their hometown by the shortest / direct route. Also, they are eligible for travel to any place in India once in a block of 4 calendar years. The mode of transport entitled to employees is based on their category. If LTC other than home town is not

availed, the employee is entitled to avail LTC for home town 3 times in a block of 4 calendar years.

Concession not availed in a particular block of 4 years can be carried forward and availed in the first year of the succeeding block. An employee whose family is living away from head-quarters may avail of the concession for himself alone once in every year for visiting his home town. The details as per the said valuation report is attached.

d. Other Long Term Employee Benefits - Leave Encashment, Half-pay leave(funded)

Company allows entitlement of half Pay leave to all eligible employees at the rate of 20 days for every year of service and the unutilized portion can be carried forward without any upper limit.

An employee availing half pay leave is entitled to receive salary equal to the half of basic + DA components of salary. However, other allowances are paid in full. The maximum half pay leave that can be availed at a time is 24 months. Half pay Leave can be encashed by the employees subject to Leave Rules. The details as per the said valuation report is attached.

e. Other Long-Term Employee Benefits - Leave Encashment (funded)

Leave Encashment: As per HR policy of the company, each eligible employee is credited with 30 days of earned leave and 20 days of half pay leave each year. In case of earned leave, only 50% of leave balance in leave account can be encashed once in a calendar year. The liability on this account is recognized on the basis of actuarial valuation. The details as per the said valuation report is attached.

During the year, the company has created fund with ICICI -Prudential towards Leave Encashment and Half -Pay Leave. The Balance in this fund as at 31st Mar 24 is ₹ 1,212.44 Lakhs

40. In line with practices already being followed by the company, certain accounting policies have been re-worded for the purpose of better disclosure and these do not have any impact on the financial statements.

41. In assessing the recoverability of receivables, the Company has considered internal and external information up to the date of approval of financial statements. Based on the current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. Despite the fact that confirmation of balances has been sought for, only a few parties (suppliers of goods and services and operating lessees) have furnished the same which have been appropriately considered in the accounts.

In the absence of any claims to the contrary from any other party, any adjustment to the carrying amounts is not expected / estimated to be material. The company has accounted / effected payments based on assessments carried out internally. Further, any adjustment to the carrying amounts of the assets / liabilities is not expected to be material.

42. The following are analytical ratios for the year ended 31st March 2024 and 31st March 2023.

Particulars	Numerator	Denominator	31st March 2024	31st March 2023	Variance	Remarks
